### IRRESPONSIBLE RESOURCE SQUANDERING

[Gatekeeper Press](#) "“To provide America’s taxpayers top quality service by helping them understand and meet their tax responsibilities and by applying tax law with integrity and fairness to all.” - IRS Mission Statement The IRS Turned Inside-Out! The actions of the IRS affect nearly every person in America. Charged with collecting federal income taxes and enforcing federal tax laws, the IRS holds great power, and American citizens would like to believe that the Service wields this power efficiently and fairly at all times. But as Philip M. Leone exposes in Marketing the IRS, the Service suffers from institutionalized ineptitude and outdated, labyrinthine systems. Further, Leone notes that not only are these issues often swept under the rug by the Service, but worse— attempts by employees to update IRS system and practices, to make the service more fair and efficient, are routinely and harshly discouraged."

[Bloomsbury Publishing](#) The bewitching tenth-anniversary edition of the classic children's novel Coraline by Neil Gaiman, featuring spellbinding illustrations from Chris Riddell and an exclusive new introduction by the author 'I was enthralled' - Philip Pullman There is something strange about Coraline's new home. It's not the mist, or the cat that always seems to be watching her, nor the signs of danger that Miss Spink and Miss Forcible, her new neighbours, read in the tea leaves. It's the other house - the one behind the old door in the drawing room. Another mother and father with black-button eyes and papery skin are waiting for Coraline to join them there. And they want her to stay with them. For ever. She knows that if she ventures through that door, she may never come back. This deliciously creepy, gripping novel is packed with glorious illustrations by Chris Riddell, and is guaranteed to delight and entrance readers of all ages.

## POST-YUGOSLAV CINEMA

---

### TOWARDS A COSMOPOLITAN IMAGINING

---

Springer Drawing primarily on selected filmic texts from former-Yugoslavia, the book examines key social and political events that triggered the Yugoslav wars in the 1990s. Yugoslav politics and society are set within the broader artistic and cinematic strategies that helped stabilise post-Yugoslav territories strategies that were part of the national desire of looking forward to a time of 'perpetual peace' and its subsequent cosmopolitan norms. It argues that filmic texts demonstrate the degree to which nationalism was at the heart of the violent disintegration of Yugoslavia. Yet, the concern of the argument is not simply to offer a filmic critique but to develop an alternative to nationalism; namely, a theoretical framework through which cosmopolitan humanism is at the forefront of addressing former Yugoslavia's political wounds.
