This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EYs financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. Complex technical accounting issues are explained clearly and IFRS is set in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. The 2019 edition of International GAAP® has been fully revised and updated in order to: • Continue to investigate the many implementation issues arising as entities adopt IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers). • Explore the complex implementation issues arising as entities adopt, in 2019, IFRS 16 (Leases). • Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the recent discussions of the IASB's Transition Resource Group on implementation issues raised, proposed narrow-scope amendments to IFRS 17 intended by the IASB, and also explores other matters arising as users prepare for the adoption of this standard. • Include an amended chapter on the revised Conceptual Framework, which was published in March 2018. The changes to the Conceptual Framework may affect the application of IFRS in situations where no standard applies to a particular transaction or event. • Address amended standards and new interpretations issued since the preparation of the 2018 edition. • Explain the many other initiatives that are currently being discussed by the IASB and by the IFRS Interpretations Committee and the potential consequential changes to accounting requirements. • Provide insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book's authors in dealing with current issues. **Republic of Moldova Article IV Consultation and Second Reviews under the Extended Fund Facility and Extended Credit Facility Arrangements-Press Release; Staff Report; and Statement by the Executive Director for the Republic of Moldova** International Monetary Fund This 2017 Article IV Consultation highlights that growth in Moldova is expected to be about 3 percent in 2018. Inflation is forecast to return to target in 2018, following a pickup in 2017. The banking sector has been stable, the fiscal performance has improved and Moldova's external position has strengthened. The outlook, however, is still subject to substantial risks. The program is broadly on track, but continued reform efforts are needed to accelerate growth and improve living standards. Important progress has been made toward cleansing the financial sector, though with delay, including by strengthening supervisory and regulatory frameworks and increasing management and ownership transparency. **Beauteous Parrots Calendar 16 Month Calendar with Beautiful Parrots (Sept 2017 - Dec 2018)** Our Beauteous Parrots Calendar 2018 offers a year full of stunning pictures of high quality, the best gift for any animal lover. Georgia's gross domestic product (GDP) growth remains on track to reach 4.6 percent despite the ban on direct flights from Russia. Strong revenue growth has more than offset higher-than-envisaged capital spending, and the 2019 fiscal deficit is likely to be lower than projected at the Fourth Review. The 2020 budget implies a neutral fiscal stance; spending on education and social benefits is expected to rise, while overall current primary spending would remain unchanged. Medium-term fiscal plans are anchored at keeping net debt below 45 percent of GDP. The central bank should maintain a tightening bias until inflation expectations are firmly anchored. The planned emergency liquidity assistance and bank resolution framework will strengthen financial stability. Decisive implementation of structural reforms is critical to support higher and more inclusive growth. Advancing education reform, adopting the insolvency framework, developing the local capital market, and judiciary reform will further improve the business environment and support private investment. **5th Grade Math Workbook - Multiplication and Division - Ages 10-11: Daily Math Workbook Exercises, Multiplication Worksheets and Division Worksheets F** Wolters Kluwer Law & Business **Complete Guide to Human Resources and the Law, 2022 Edition** Wolters Kluwer Law & Business **Complete Guide to Human Resources and the Law, 2021 Edition** Wolters Kluwer The Complete Guide to Human Resources and the Law will help you navigate complex and potentially costly Human Resources issues. The formation of a new government in 2016, led by the National League for Democracy, was a crucially important milestone in the country's transition to a more inclusive form of governance. And yet, for many people everyday struggles remain unchanged, and have often worsened in recent years. Key economic, social and political reforms are stalled, conflict persists and longstanding issues of citizenship and belonging remain. The wide-ranging, myriad and multiple challenges of Living with Myanmar is the subject of this volume. Following the Myanmar Update series tradition, each of the authors offers a different perspective on the sociopolitical and economic mutations occurring in the country and the challenges that still remain. The book is divided into six sections and covers critical issues ranging from gender equality and identity politics, to agrarian reform and the representative role of parliament. Collectively, these voices raise key questions concerning the institutional legacies of military rule and their ongoing role in subverting the country's reform process. However, they also offer insights into the creative and productive ways that Myanmar's activists, civil society, parliamentarians, bureaucrats and everyday people attempt to engage with and reform those legacies. **Georgia Fourth Review Under the Extended Fund Facility Arrangement and Request for Modifications of Quantitative Performance Criteria-Press Release; Staff Report; and a Statement by the Executive Director for Georgia** International Monetary Fund Recent economic developments. Economic performance remained robust in 2018: growth reached 4.7 percent, supported by external demand; inflation stayed below the three percent target, the fiscal deficit remained in line with program commitments, and the current account improved. Tighter lending standards helped decelerate credit growth towards more sustainable levels. The banking sector remains well capitalized, liquid, and profitable. Dollarization remains elevated. In early 2019, growth conditions were favorable, with average inflation slightly above the target reflecting increased excises. **Amazing Apes Calendar 16 Month Calendar with Apes (Sept 2017 - Dec 2018)** Our Amazing Apes Calendar 2018 offers a year full of stunning pictures of high quality, the best gift for any animal lover. These "objects for learning" are considered in their physicality as productions, work or signs that are used for learning. They become "objects to learn about" when the object itself is the learning objective. This book offers a cross-disciplinary perspective, linking the different disciplinary fields studied and the many reference sources used by the authors. This two-volume work offers an overview of current research on the subject, with this second volume focusing on objects in representations of space and time, then on learners' activities in the making or use of objects, before concluding with different cultural and philosophical perspectives on objects **2017-2018 Planner Daily Planner Calendar Schedule Organizer -September 2017 to December 2018 - 8"x 10"** Createspace Independent Publishing Platform Start planning today with this beautiful 2017-2018 academic planner with weekly and monthly views!
