His control over the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner's mastery of expression, both subtle and overt, Expressive Anatomy for Comics and Narrative will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft. **The Body Nirvana More Than Just a Weight-loss Book Harper Collins** Winner of The International Book Awards, 2019 The body listens, remembers and speaks to us.
