BABY STEPS MILLIONAIRES

HOW ORDINARY PEOPLE BUILT EXTRAORDINARY WEALTH--AND HOW YOU CAN TOO

Ramsey Press You Can Baby Step Your Way to Becoming a Millionaire Most people know Dave Ramsey as the guy who did stupid with a lot of zeros on the end. He made his first million in his twenties—the wrong way—and then went bankrupt. That's when he set out to learn God's ways of managing money and developed the Ramsey Baby Steps. Following these steps, Dave became a millionaire again—this time the right way. After three decades of guiding millions of others through the plan, the evidence is undeniable: if you follow the Baby Steps, you will become a millionaire and get to live and give like no one else. In **Baby Steps Millionaires**, you will . . . *Take a deeper look at Baby Step 4 to learn how Dave invests and builds wealth *Learn how to bust through the barriers preventing them from becoming a millionaire *Hear true stories from ordinary people who dug themselves out of debt and built wealth *Discover how anyone can become a millionaire, especially you **Baby Steps Millionaires** isn't a book that tells the secrets of the rich. It doesn't teach complicated financial concepts reserved only for the elite. As a matter of fact, this information is straightforward, practical, and maybe even a little boring. But the life you'll lead if you follow the Baby Steps is anything but boring! You don't need a large inheritance or the winning lottery number to become a millionaire. Anyone can do it—even today. For those who are ready, it's game on!

THE TOTAL MONEY MAKEOVER

A PROVEN PLAN FOR FINANCIAL FITNESS

Thomas Nelson Inc A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

STONE'S REVENGE

Lulu.com There is a copycat killer in Davenport and William is the number one suspect. William is the son of a serial killer; Therefore William's nemesis, prosecuting attorney Ramsey McPherson feels the apple does not fall too far from the tree. Ramsey makes it his number one mission to put William behind bars. William vows revenge against Ramsey with every intention to hurt what Ramsey holds dear in his life and that is the prosecuting attorney's daughter Abigail, who thinks someone is trying to frame William. Abigail and William fall in love and they keep their love affair a secret from Ramsey. Yet with a murder so gruesome happening on a night when Abigail and William are together, Abigail is forced to choose between not telling where William was or revealing to her father that she is truly in love with William. Only question remains: Who's the real killer?

U.S. NAVY CIVIL ENGINEER CORPS BULLETIN

DELIBERATION AND REASON

Troubador Publishing Ltd This book is about how we decide what to do. We feel that we make free decisions, but we know that our brains are objects in the physical world, bound by the laws of physics. The book offers a novel way out of this age-old dilemma. We are not really free, but that does not matter because we can still see ourselves as if we were free. Merely seeing ourselves like that is good enough. It can support our self-conception as creatures who are free as well as rational. And it makes room for the feeling that we have of being free and in control of our lives.

THE MUSIC HAS GONE OUT OF THE MOVEMENT

CIVIL RIGHTS AND THE JOHNSON ADMINISTRATION, 1965-1968

UNC Press Books After the passage of sweeping civil rights and voting rights legislation in 1964 and 1965, the civil rights movement stood poised to build on considerable momentum. In a famous speech at Howard University in 1965, President Lyndon B. Johnson declared that victory in the next battle for civil rights would be measured in "equal results" rather than equal rights and opportunities. It seemed that for a brief moment the White House and champions of racial equality shared the same objectives and priorities. Finding common ground proved elusive, however, in a climate of growing social and political unrest marked by urban riots, the Vietnam War, and resurgent conservatism. Examining grassroots movements and organizations and their complicated relationships with the federal government and state authorities between 1965 and 1968, David C. Carter takes readers through the inner workings of local civil rights coalitions as they tried to maintain strength within their organizations while facing both overt and subtle opposition from state and federal officials. He also highlights internal debates and divisions within the White House and the executive branch, demonstrating that the federal government's relationship to the movement and its major goals was never as clear-cut as the president's progressive rhetoric suggested. Carter reveals the complex and often tense relationships between the Johnson administration and activist groups advocating further social change, and he extends the traditional timeline of the civil rights movement beyond the passage of the Voting Rights Act.

INTERNATIONAL LAW IN THE U.S. SUPREME COURT

Cambridge University Press From its earliest decisions in the 1790s, the US Supreme Court has used international law to help resolve major legal controversies. This book presents a comprehensive account of the Supreme Court's use of international law from its inception to the present day. Addressing treaties, the direct application of customary international law and the use of international law as an interpretive tool, this book examines all the cases or lines of cases in which international law has played a material role, showing how the Court's treatment of international law both changed and remained consistent over the period. Although there was substantial continuity in the Supreme Court's international law doctrine through the end of the nineteenth century, the past century has been a time of

tremendous doctrinal change. Few aspects of the Court's international law doctrine remain the same in the twenty-first century as they were two hundred years ago.

PUT YOUR MONEY WHERE YOUR LIFE IS

HOW TO INVEST LOCALLY USING SELF-DIRECTED IRAS AND SOLO 401(K)S

Berrett-Koehler Publishers “As so many Americans feel powerless to confront a financial system designed to serve the few, Shuman offers us real choices: tools that align our lives with our values. That's power. I love this highly readable, timely, surprising book.” —Frances Moore Lappé, author of *Daring Democracy* and *Diet for a Small Planet* Americans agree on very little these days, but red state conservatives and blue state progressives can agree on one critical point: Wall Street can no longer be trusted. Yet most of us continue to invest our money in the stocks and bonds of Fortune 500 companies, transferring our capital far from where we live and work. Local investing expert Michael Shuman offers another alternative. He shows how we can use two well-established—but rarely used—investment tools to keep our money close and get a return as good as or better than what we'd get investing in distant, indifferent corporations. Shuman explains the nuts and bolts of self-directed IRAs and solo 401(k)s and how they can be combined with other recently legalized local investing tools. He details how to set these accounts up, identify and evaluate a whole range of local investment opportunities, and make sure account holders stay on the right side of the law. While the book is written for people without a lot of investment experience—Shuman explains concepts like “liquidity” and “diversification” in simple terms—even if you're as experienced as Warren Buffett, this book will make you rethink everything you know about investing. With Shuman's expert advice, you can strengthen your investment portfolio and your community, neighborhoods, and schools at the same time!

MIXED MARTIAL ARTS AND THE LAW

DISPUTES, SUITS AND LEGAL ISSUES

McFarland Barbaric. Savage. Violent. Words often used by critics to describe the sport of mixed martial arts. To this can be added lucrative, popular and flourishing. MMA has seen astronomical growth since the 2000s, spurred on by its biggest promotion, the Ultimate Fighting Championships (UFC). Along the way, legal issues have plagued the sport. This book provides an overview of the most important cases and controversies arising both inside and outside of the cage—antitrust suits by fighters against promoters, fighters suing other fighters, drug testing, contractual issues, and the need for federal regulation.

WHAT'S IN THE BIBLE FOR WOMEN

LIFE'S QUESTIONS, GOD'S ANSWERS

Baker Books Engaging Topical Guide for Women Whatever the topic, this unique and engaging Bible reference series can help direct readers to the answer. Through a blend of Scripture and analysis, biblical character studies, personal application, and more, these volumes help readers discern what God's Word has to say about topics relevant to them. Geared to people of all levels of Bible understanding, these books are accessible and easy to navigate as well as ideal for both comprehensive, in-depth study and a shorter survey approach.

ENTRELEADERSHIP

RETHINKING INTUITION

THE PSYCHOLOGY OF INTUITION AND ITS ROLE IN PHILOSOPHICAL INQUIRY

Rowman & Littlefield Ancients and moderns alike have constructed arguments and assessed theories on the basis of common sense and intuitive judgments. Yet, despite the important role intuitions play in philosophy, there has been little reflection on fundamental questions concerning the sort of data intuitions provide, how they are supposed to lead us to the truth, and why we should treat them as important. In addition, recent psychological research seems to pose serious challenges to traditional intuition-driven philosophical inquiry. *Rethinking Intuition* brings together a distinguished group of philosophers and psychologists to discuss these important issues. Students and scholars in both fields will find this book to be of great value.

MANY WORLDS?

EVERETT, QUANTUM THEORY, & REALITY

Oxford University Press What would it mean to apply quantum theory, without restriction and without involving any notion of measurement and state reduction, to the whole universe? What would realism about the quantum state then imply? This book brings together an illustrious team of philosophers and physicists to debate these questions. The contributors broadly agree on the need, or aspiration, for a realist theory that unites micro- and macro-worlds. But they disagree on what this implies. Some argue that if unitary quantum evolution has unrestricted application, and if the quantum state is taken to be something physically real, then this universe emerges from the quantum state as one of countless others, constantly branching in time, all of which are real. The result, they argue, is many worlds quantum theory, also known as the Everett interpretation of quantum mechanics. No other realist interpretation of unitary

quantum theory has ever been found. Others argue in reply that this picture of many worlds is in no sense inherent to quantum theory, or fails to make physical sense, or is scientifically inadequate. The stuff of these worlds, what they are made of, is never adequately explained, nor are the worlds precisely defined; ordinary ideas about time and identity over time are compromised; no satisfactory role or substitute for probability can be found in many worlds theories; they can't explain experimental data; anyway, there are attractive realist alternatives to many worlds. Twenty original essays, accompanied by commentaries and discussions, examine these claims and counterclaims in depth. They consider questions of ontology - the existence of worlds; probability - whether and how probability can be related to the branching structure of the quantum state; alternatives to many worlds - whether there are one-world realist interpretations of quantum theory that leave quantum dynamics unchanged; and open questions even given many worlds, including the multiverse concept as it has arisen elsewhere in modern cosmology. A comprehensive introduction lays out the main arguments of the book, which provides a state-of-the-art guide to many worlds quantum theory and its problems.

LOVE YOUR LIFE NOT THEIRS

7 MONEY HABITS FOR LIVING THE LIFE YOU WANT

Ramsey Press In Love Your Life, Not Theirs, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In Love Your Life, Not Theirs, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In Love Your Life, Not Theirs, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of The View "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for Woman's Day "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of Where the Light Gets In "In today's world of social media, the temptation to play the comparison game is stronger than ever. Love Your Life, Not Theirs is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, NBC TODAY and Host of HerMoney with Jean Chatzky Podcast

FINANCIAL PEACE REVISITED

NEW CHAPTERS ON MARRIAGE, SINGLES, KIDS AND FAMILIES

Penguin With the help of a #1 New York Times bestselling author and finance expert, set your finances right with these updated tactics and practices Dave Ramsey knows what it's like to have it all. By age twenty-six, he had established a four-million-dollar real estate portfolio, only to lose it by age thirty. He has since rebuilt his financial life and, through his workshops and his New York Times business bestsellers Financial Peace and More than Enough, he has helped hundreds of thousands of people to understand the forces behind their financial distress and how to set things right--financially, emotionally, and spiritually. In this new edition of Financial Peace, Ramsey has updated his tactics and philosophy to show even more readers: • how to get out of debt and stay out • the KISS rule of investing—"Keep It Simple, Stupid" • how to use the principle of contentment to guide financial decision making • how the flow of money can revolutionize relationships With practical and easy to follow methods and personal anecdotes, Financial Peace is the road map to personal control, financial security, a new, vital family dynamic, and lifetime peace.

THE NEXT RURAL ECONOMIES

CONSTRUCTING RURAL PLACE IN GLOBAL ECONOMIES

CABI This book discusses the future of rural development and the recognition of the growing importance of 'place-based economies' where the unique attributes and assets of individual places determine their attractiveness for particular types of activities and investments. New understandings of competitiveness and conceptualizations of a new

economy underline the importance of making strategic investments in community infrastructure. Doing things, at the local and regional scales, matters and not doing things has consequences. Topics include seasonal economies, amenity migration, IT industries, green energy and transportation developments.

JESUS ON EVERY PAGE

10 SIMPLE WAYS TO SEEK AND FIND CHRIST IN THE OLD TESTAMENT

Thomas Nelson Discover Jesus Throughout the Old Testament! The son trudges uphill, bearing wood for his own sacrifice; his father has decided to give him up to death. What biblical event does this bring to mind? Is it Abraham and Isaac in Genesis 22, or Christ's passion in the Gospels of Matthew, Mark, Luke, and John? The kinship between these two stories is deeper than mere coincidence. Christ is present in the story of Abraham and Isaac. In fact, he is present on every page of the Old Testament. Christians seem to have forgotten that the Old Testament has everything to do with Jesus Christ. In *Jesus on Every Page*, David Murray guides the reader down his own Road to Emmaus, describing how the Scriptures were opened to him, revealing Jesus from Genesis 1 to Revelation 22. Dr. Murray's ten simple ways to seek and find Christ in the Old Testament unveil the face of Christ in the creation, the law, the psalms, the prophets, and the proverbs. Recognizing Jesus in the full breadth of Scripture is important for every Christian. Whether you are preaching Jesus through Old Testament readings or just beginning to discover the reality of Christ in the Old Testament, *Jesus on Every Page* provides an accessible guide to the increasingly popular subject of Jesus in the Old Testament books. Have your own Road to Emmaus experience and know the Old Testament for what it truly is: full of Jesus.

THE PROXIMITY PRINCIPLE

THE PROVEN STRATEGY THAT WILL LEAD TO THE CAREER YOU LOVE

Ramsey Press Right now, 70% of Americans aren't passionate about their work and are desperately longing for meaning and purpose. They're sick of "average" and know there's something better out there, but they just don't know how to reach it. One basic principle—The Proximity Principle—can change everything you thought you knew about pursuing a career you love. In his latest book, *The Proximity Principle*, national radio host and career expert Ken Coleman provides a simple plan of how positioning yourself near the right people and places can help you land the job you love. Forget the traditional career advice you've heard! Networking, handing out business cards, and updating your online profile do nothing to set you apart from other candidates. Ken will show you how to be intentional and genuine about the connections you make with a fresh, unexpected take on resumes and the job interview process. You'll discover the five people you should look for and the four best places to grow, learn, practice, and perform so you can step into the role you were created to fill. After reading *The Proximity Principle*, you'll know how to connect with the right people and put yourself in the right places, so opportunities will come—and you'll be prepared to take them.

BIBLIOGRAPHY OF MONUMENTS IN THE CARE OF THE SECRETARY OF STATE FOR SCOTLAND

CATHOLIC BISHOPS IN AMERICAN POLITICS

Princeton University Press Over the past twenty years the American Catholic bishops have played a leading role in the antiabortion movement, published lengthy and highly detailed pastoral letters on nuclear weapons and on the American economy, and involved themselves, collectively and individually, in several national election campaigns. What is the source of the sometimes controversial political role of these religious leaders? Timothy Byrnes proposes a new answer in this lucid description of the National Conference of Catholic Bishops and its activities. He demonstrates that the key to the political role of the bishops and other modern American religious leaders has been political change, rather than religious revival. Originally published in 1991. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

FOUNDATIONS IN PERSONAL FINANCE

Teaches you how to save money, invest, and build wealth; write and follow a budget; live debt free and attend college without student loans ; set and achieve personal and career goals ; become a wise consumer ; evaluate employee benefits ; describe different kinds of insurance and know what's best for you ; communicate with others about money ; identify types of taxes and how they affect your income ; give to others of your money, time and talents ; make informed and responsible financial decisions.

SMART MONEY SMART KIDS

RAISING THE NEXT GENERATION TO WIN WITH MONEY

Ramsey Press In *Smart Money Smart Kids*, Financial expert and best-selling author Dave Ramsey and his daughter Rachel Cruze equip parents to teach their children how to win with money. Starting with the basics like working, spending, saving, and giving, and moving into more challenging issues like avoiding debt for life, paying cash for college, and battling discontentment, Dave and Rachel present a no-nonsense, common-sense approach for changing

your family tree.

CHRISTIANITY AND THE AFRICAN IMAGINATION

ESSAYS IN HONOUR OF ADRIAN HASTINGS

BRILL The book charts Christianity's advance in Africa, exploring how African agents (priests, prophets, martyrs, missionaries) made the religion their own. It shows Christianity empowering Africans, through faith, to deal with concerns for health and wealth, and overcoming evil. It demonstrates how Christianity captured the African imagination.

AMERICAN ARCHITECTS DIRECTORY

48 DAYS TO THE WORK YOU LOVE

B&H Publishing Group Guides people working in jobs they hate on how to make successful career decisions by creating a compass from their natural skills and abilities, personality traits, values, dreams, and passions, directing them to a more fulfilling vocation.

DISSERTATION ABSTRACTS INTERNATIONAL

THE SCIENCES AND ENGINEERING. B

THE MAKING OF AMERICAN LIBERAL THEOLOGY

CRISIS, IRONY, AND POSTMODERNITY 1950-2005

Presbyterian Publishing Corp In this first of three volumes, Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider, longer-running tradition than has been thought. The tradition took shape in the nineteenth century, motivated by a desire to map a modernist "third way" between orthodoxy and rationalistic deism/atheism. It is defined by its openness to modern intellectual inquiry; its commitment to the authority of individual reason and experience; its conception of Christianity as an ethical way of life; and its commitment to make Christianity credible and socially relevant to modern people. Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time, including William E. Channing, Ralph Waldo Emerson, Horace Bushnell, Henry Ward Beecher, Elizabeth Cady Stanton, and Charles Briggs. Dorrien notes that, although liberal theology moved into elite academic institutions, its conceptual foundations were laid in the pulpit rather than the classroom.

EVERYDAY MILLIONAIRES

HOW ORDINARY PEOPLE BUILT EXTRAORDINARY WEALTH--AND HOW YOU CAN TOO

Hogan shows that God's way of managing money really works. Millionaire status doesn't require inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction

START

PUNCH FEAR IN THE FACE, ESCAPE AVERAGE, AND DO WORK THAT MATTERS

Ramsey Press Wall Street Journal best-selling author Jon Acuff reveals the steps to getting unstuck and back onto the path of being awesome. Over the last 100 years, the road to success for most everyone has been divided into five stages that mirror the decades of working life: Your 20s are a period of Learning. This is the decade of trying a thousand things, exploring a multitude of interests, and discovering what really motivates you. Your 30s are a period of Editing. This is the decade of sorting out interests, where you discover what you really care about and who you really are. Your 40s are a period of Mastering. This is the decade of narrowing focus, honing skill sets, and becoming an expert in your field. Your 50s are a period of Harvesting. This is the decade of reaping the benefits of good decisions and enjoying the highest income-earning period in a career. Your 60s are a period of Guiding. This is the decade of mentoring, training, and encouraging others on their own road to success. Every successful person has followed these steps regardless of their occupation. But three things have changed the path to success and erased the decades associated with them: Finish lines are dead - Boomers are realizing that a lot of the things they were promised aren't going to materialize, and they have started second and third careers. Anyone can play - Technology has given access to an unprecedented number of people who are building online empires and changing their lives in ways that would have been impossible years ago. Hope is boss - The days of "success first, significance later," have ended. A new generation doesn't want to change the world eventually; they want to change it now through the wells they kickstart in Africa and the TOMS they wear on their feet. The value system has been flipped upside down. The result is that you've got an entire generation pushing down to start over, another generation pushing up to start for the first time, and in the middle of this collision, the tools to actually change the world. Experience years now trump chronological age. And while none of the five stages can be skipped, they can be shortened and accelerated. There are

only two paths in life: average and awesome. The average path is easy because all you have to do is nothing. The awesome path is more challenging, because things like fear only bother you when you do work that matters. The good news is Start gives readers practical, honest, actionable insights to be more awesome, more often. It's time to punch fear in the face, escape average, and do work that matters. It's time to Start.

MONEY MAMMOTH

HARNESS THE POWER OF FINANCIAL PSYCHOLOGY TO EVOLVE YOUR MONEY MINDSET, AVOID EXTINCTION, AND CRUSH YOUR FINANCIAL GOALS

John Wiley & Sons A look at the psychological barriers to financial success and how to create a better financial future When it comes to our relationship with money, we are in the Stone Age. Despite the relentless barrage of information and warnings from financial experts, the average American is in terrible financial shape. It turns out that human beings are just not wired to do the right things around money—such as saving and not overspending. That's why financial success is so difficult to attain. When it comes to our financial instincts, we are no more evolved than our ancestors who hunted the Woolly Mammoth 400,000 years ago. Recent findings from the field of financial psychology could help the many Americans who know what they need to do but just can't seem to make it happen. If you fall into this category, consider Money Mammoth: Evolve Your Money Mindset and Avoid Financial Extinction. This book looks at financial well-being from a psychological and evolutionary perspective. It reveals the obstacles that prevent people from taking their first critical steps towards financial wellness. It examines how our instincts and beliefs about money influence our financial behaviors. It explores money beliefs, how they develop, and how they drive our money behaviors As the world's leading experts in financial psychology, authors Dr. Brad Klontz, Dr. Ed Horwitz, and Dr. Ted Klontz can help you: Discover how the experience of your ancestors are impacting your finances Understand how your friends, family members, and tribe may be holding you back Overcome mental roadblocks to wealth and success Harness the power of your emotional brain to transform your relationship with money Build confidence in your ability to take control of your financial future In Money Mammoth, the authors reveal the secrets to harnessing the power of your psychology to reach your financial goals.

ORIGINS OF THE MARITIME STRATEGY

AMERICAN NAVAL STRATEGY IN THE FIRST POSTWAR DECADE

MAJOR DECISIONS

COLLEGE, CAREER, AND THE CASE FOR THE HUMANITIES

University of Pennsylvania Press A practical how-to guide for students and a powerful reminder of the value of a humanities education In recent decades, the humanities have struggled to justify themselves in the American university. The costs of attending a four-year college have exploded, resulting in intense pressure on students to major in STEM (science, technology, engineering, and mathematics), business, and other pre-professional or "practical" majors that supposedly transmit more marketable skills than can be acquired from the humanities. But, as Laurie Grobman and E. Michele Ramsey argue, this vision of humanities majors idly pondering the meaning of life for four years is inaccurate. Major Decisions demonstrates how choosing a major in the humanities is a worthwhile investment in a global economy that is shifting in the direction of college graduates who think broadly, critically, and ethically. Indeed, the core skills and knowledge imparted by an education in the humanities—including facility with written and verbal communication, collaboration, problem-solving, technological literacy, ethics, leadership, and an understanding of the human impacts of globalization—are immensely useful to employers across a variety of sectors. Major Decisions serves as a deeply informative guide to students and parents—and provides a powerful reminder to employers and university administrators of the true value of an education in the humanities.

NUCLEAR WEAPONS AND THE CONFLICT OF CONSCIENCE

New York : Scribner

THE SHROUD OF TORRINGTON

iUniverse David Paul enjoys his job as a program instructor for developmentally challenged adults. He gets along great with his coworkers, and he thrives on the challenge each day brings. But it's the special relationship with an elderly resident named Huey that David treasures most. After a new group home manager, Brad Ramsey, takes charge of Huey's residence, David begins to suspect the charismatic Brad is not all that he seems. Before long, David suspects that Brad is ritualistically torturing Huey. But how will he prove it? Frustrated with his inability to protect his vulnerable friend, David is further shocked when Huey mysteriously disappears. Both the police and David are baffled over the strange image left behind on Huey's bed linens. It bears a marked resemblance to the famous Shroud of Turin. Why was this modern duplicate to the Shroud of Turin created? As David digs deeper into the mystery, his journey takes him through danger and unrequited love, ultimately culminating in a battle between good and evil.
