#### EMERGING EDUCATION FUTURES

---

---

#### EXPERIENCES AND VISIONS FROM THE FIELD

---

*Education Futures LLC* We task fewer industries to think about the future than we ask from education. In societies where constant change is the norm, schools today must prepare students to be successful in environments and contexts that may differ greatly from what we experience today. But, are we really thinking about the future? With contributions from four continents, this book reveals a 'snapshot' of some of our best thinking for building new education futures. Diverse experiences, visions, and ideas are shared to help spark new thinking among educators and policymakers, provoke conversation, and facilitate new ideas for meeting human development needs in a rapidly transforming world. ### WHY RATING STUDENTS UNDERMINES LEARNING (AND WHAT TO DO INSTEAD)

---

*Teaching and Learning in High* **The moment is right for critical reflection on what has been assumed to be a core part of schooling. In Ungrading, fifteen educators write about their diverse experiences going gradeless. Some contributors are new to the practice and some have been engaging in it for decades. Some are in humanities and social sciences, some in STEM fields. Some are in higher education, but some are the K-12 pioneers who led the way. Based on rigorous and replicated research, this is the first book to show why and how faculty who wish to focus on learning, rather than sorting or judging, might proceed. It includes honest reflection on what makes ungrading challenging, and testimonials about what makes it transformative. CONTRIBUTORS: Aaron Blackwelder Susan D. **CERTIFICATION PREP ADOBE ANIMATE CREATIVE CLOUD**

---

*Goodheart-Wilcox Publisher* Certification Prep Adobe Flash Creative Cloud helps you prepare to take the Adobe Certified Associate (ACA) Adobe Flash CC certification exam. G-W's Certification Preparation Series consists of individual guides that provide practice in the basic skills needed to be successful using the corresponding software. No previous software experience is required. Although the guides focus on learning skills, not test taking, users that complete the practice will be prepared to take the official software certification exam and demonstrate workplace readiness. Step-by-step instructions demonstrate actual software commands and features, building from basic to advanced. Content is divided into small units for better learning and usage. There is no need to download files or purchase additional materials as all lesson content is created using the software. \* Provides an affordable way to prepare for industry certification versus other methods. \* Focuses on hands-on experience to develop skills.
