If you've poked your nose through the penny stock trading world, then you have most likely seen the name Timothy Sykes pop up nearly everywhere. If you don't know who he is, he is a penny stock trader known for his \$1.65 million earnings made through day trading, all done during his college years. The funny part is that he wasn't even majoring in business or finance, and yet he still managed to make a fortune within a few years despite all the negative views many have about penny stock trading. The reason why many people have failed in the past (and continue to advocate against it) is because they view it as a get-rich-quick scheme. With this fixed mindset, they end up losing everything they invested as a result of their impatience and unwillingness to educate themselves on the how-to's. Do this, and you will join them in spite. However, if you give the time and attention penny stock trading deserves, not only will you be able to gain a new type of freedom associated with trading, but you could also turn it into a full-time job, if that's what you want out of it. While it is certainly possible to get rich while trading in the big leagues, it can often be difficult for those who are starting off from a relatively cash-strapped place to ever generate the momentum required to ensure a massive payday when dealing with stocks. Enter the penny stock, a variation of traditional stock that will never sell for more than \$5 per share meaning that anyone can get started making significant trades for as little as a few hundred dollars. If you like the sound of that, then Penny Stocks: A Quick and Easy Guide for Beginners to Start Investing is the book you have been waiting for. The name penny stocks is the general classification given to a wide variety of stocks that can actually trade at anything less than \$5.00 per share. In addition to sticking to smaller amounts per share, these types of stocks are going to be able to first be listed after a much less strict overall overview process than they would with the larger exchanges which means that they are subject to a much greater degree of overall volatility than more tested stocks. This can work both for and against you, leading to major wins or major losses. This book will help you to ensure that you have more of the former than the latter thanks to an in-depth discussion of everything you ever wanted to know about penny stocks, creating a personalized trading plan, choosing a trading style and analyzing potential penny stocks with plenty of tips and tricks and mistakes to avoid thrown in for good measure. When it comes to breaking free of your 9-to-5 you need more than just dreams of the good life, you need a way to turn those dreams into a reality. For many people penny stocks are that catalyst, and they can be for you if you make a decision to start moving in the right direction. So, what are you waiting for? Buy this book today! Inside you will find * A detailed explanation of market capitalization and why it doesn't tell the whole story with penny stocks * The various hurdles that make dealing with penny stocks less than a sure thing and how to overcome them * The right questions to ask about every penny stock to ensure you see the best results * The seven things everyone should do in order to ensure their trading plan is up to snuff * The three most popular penny stock trading styles and how to get started with each as quickly and painlessly as possible * How to put fundamental analysis to work for penny stocks to increase your overall successful trading percentage overnight * Everything you need to know about technical analysis and how to start using it ASAP to make the types of trades you have always dreamed of * And more... **Penny Stock Trading for Beginners How to Buy Penny Stocks and How to Trade Penny Stocks for Big Profits** Are you looking to invest some money and earn a considerable return?
