CHRISTIANIZING DEATH

THE CREATION OF A RITUAL PROCESS IN EARLY MEDIEVAL EUROPE

Cornell University Press

CHAPTERS OF EARLY ENGLISH CHURCH HISTORY

Oxford, The Clarendon P

A SOCIOLOGICAL HISTORY OF CHRISTIAN WORSHIP

Cambridge University Press In this book the 2000 year history of Christian worship is viewed from a sociological perspective. Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts. Beginning with the Biblical material the author provides a broad survey of changes over 2000 years of the Christian church, together with a series of case studies that highlight particular elements of the worship, or specific theoretical applications. Stringer does not simply examine the mainstream traditions of Christian worship in Europe and Byzantium, but also gives space to lesser-known traditions in Armenia, India, Ethiopia and elsewhere. Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship, this book provides a greater understanding of the place of worship in its social and cultural context.

MUSIC AND LITURGY IN MEDIEVAL BRITAIN AND IRELAND

Cambridge University Press From music written in praise of Irish, Scottish, Welsh, and English saints to the selection of Gospel readings by the Dominicans, this book introduces readers to the richness of medieval liturgical culture from across Britain and Ireland. Each of its three main sections opens with a chapter that offers a contextual frame for its key themes. With contributions from leading experts in pre-Reformation music and its sources, the book's focus on Insular liturgy - rather than that of only one part of Britain or Ireland - allows readers to learn about the devotional, political and creative networks at play in shaping liturgical practices: personal, secular, monastic, lay, and professional. The opening part includes broader discussions of Uses, including that of Salisbury, and case studies explore Insular witnesses to devotional activities in honour of both local cults and widely known figures, including St Columba, St Margaret, St Katherine, and the Magi.

DEATH LITURGY AND RITUAL

VOLUME II: A COMMENTARY ON LITURGICAL TEXTS

Taylor & Francis Death Liturgy and Ritual is a two-volume study of Christian funerary theology and practice, presenting an invaluable account of funeral rites and the central issues involved for compilers and users. Paul Sheppy writes from direct experience of conducting funerals and of drafting liturgical resources for others. In Volume II: A Commentary on Liturgical Texts, reviews a wide range of current Christian funeral rites and examines how they reflect both the Church's concern for the death and resurrection of Christ and the contemporary secular demand for funerals which celebrate the life of the deceased. The companion volume, Volume I: A Pastoral and Liturgical Theology, proposes that the Church ought to construct its theological agenda in dialogue with other fields of study. Sheppy argues for a Christian statement about death that finds its basis in the Paschal Mystery, since human death must be explained by reference to Jesus' death, descent to the dead, and resurrection. Using the three phases of van Gennep's theory of rites of passage, the author shows how the Easter triduum may be seen as normative for Christian liturgies of death.

THE BOBBIO MISSAL

LITURGY AND RELIGIOUS CULTURE IN MEROVINGIAN GAUL

Cambridge University Press The Bobbio Missal is highly regarded by liturgists; but, additionally, medieval historians welcome the information to be derived from the codex providing valuable data about the role and education of priests in Francia at that time, and indeed on their cultural and ideological background. The essays presented here allow the manuscript to be viewed as a whole: its contents, its language, and the cultural context in which it was written.

HEAVEN'S PURGE

PURGATORY IN LATE ANTIQUITY

Oxford University Press The doctrine of purgatory - the state after death in which Christians undergo punishment by God for unforgiven sins - raises many questions. What is purgatory like? Who experiences it? Does purgatory purify souls, or punish them, or both? How painful is it? Heaven's Purge explores the first posing of these questions in Christianity's early history, from the first century to the eighth: an era in which the notion that sinful Christians might improve their lot after death was contentious, or even heretical. Isabel Moreira discusses a wide range of influences at play in purgatory's early formation, including ideas about punishment and correction in the Roman world, slavery, the value of medical purges at the shrines of saints, and the authority of visions of the afterlife for informing Christians of the hereafter. She also challenges the deeply ingrained supposition that belief in purgatory was a symptom of barbarized Christianity, and assesses the extent to which Irish and Germanic views of society, and the sources associated with them - penitentials and legal tariffs - played a role in purgatory's formation. Special attention is given to the writings of the last patristic author of antiquity, the Northumbrian monk Bede. Heaven's Purge is the first study to focus on purgatory's history in late antiquity, challenging the conclusions of recent scholarship through an examination of the texts, communities and cultural ideas that informed purgatory's early history.

THE EUCHARIST IN PRE-NORMAN IRELAND

A significant body of scholarship addresses pre-Norman Irish life and history, including the archaeology, art, and architecture from the time of St. Patrick (d. 493) to the arrival of the Normans in the twelfth century. While the place of the church and its organization in pre-Norman Ireland have been extensively studied, relatively little has been published on the eucharistic liturgy as celebrated in the pre-Norman church or on the attitudes of its worshippers to the Eucharist. But, as Neil Xavier O'Donoghue notes, many of Ireland's national treasures--including the Ardagh Chalice, the Book of Kells, and Cormac's Chapel--date from this time and are directly connected with the celebration of the Eucharist. Additionally, many of the textual and archaeological sources for the study of pre-Norman Ireland--saints' lives, penitentials, monastic rules, manuscripts, eucharistic vessels, church buildings, and ecclesiastical complexes--directly relate to the Eucharist. There has been no attempt to provide a useful synthesis since F. E. Warren's 1881 Liturgy and Ritual of the Celtic Church. O'Donoghue's The Eucharist in Pre-Norman Ireland provides a necessary, updated synthesis, one that incorporates advances made in liturgical studies and liturgical theology since the early twentieth century. In addition to reassessing and supplementing the texts discussed by Warren, O'Donoghue considers the social dimension of the Eucharist, its treatment in art and architecture, and its treatment as reflected by the spirituality of the time, placing this new analysis within a better understood Western European cultural and liturgical context. Most importantly, O'Donoghue shows that pre-Norman Ireland was very much a part of the Western (Gallican) liturgical tradition; he argues that what we know of the Eucharist in Ireland must be integrated into what we know of it in Britain and Gaul in order to understand the central role of the Eucharist in the Christianization of the West.

"O'Donoghue's the Eucharist in Pre-Norman Ireland fills an important gap in liturgical history and theology within the little known and studied Celtic liturgical tradition, a gap not addressed for at least one hundred years. This is a superb work of great value to scholars and students within the various disciplines of liturgical studies, medieval studies, and Irish studies. --Maxwell E. Johnson, University of Notre Dame "In this groundbreaking study, Neil Xavier O'Donoghue sheds light on a little known area of liturgical history. This work is a valuable contribution to the study of the early Medieval liturgy and should be of great help to scholars and students alike." —John F. Baldovin, S.J., Boston College

THE SACRED WRITINGS OF THE EARLY LITURGIES (ANNOTATED EDITION)

Jazybee Verlag "The Sacred Writings Of ..." provides you with the essential works among the Early Christian writings. The volumes cover the beginning of Christianity until before the promulgation of the Nicene Creed at the First Council of Nicaea. Every single volume is accurately annotated, including * an extensive annotation regarding the history of liturgies This book contains the following chapters: The Divine Liturgy of James The Divine Liturgy of the Holy Apostle and Evangelist Mark The Liturgy of the Blessed Apostles.
