---

### **KEY=EDITION - GIADA LIVIA**

---

### **ETHICS AND LAW FOR SCHOOL PSYCHOLOGISTS**

---

*John Wiley & Sons* "Ethics and Law for School Psychologists is the single best source of authoritative information on the ethical and legal issues school psychologists face every day"--

---

### **SOCIAL AND PERSONAL ETHICS**

---

*Wadsworth Publishing Company* SOCIAL AND PERSONAL ETHICS provides students with a sound introduction to ethical theory and contemporary moral issues through engaging readings on today's most hotly debated topics. Among other topics, coverage includes environmental ethics and animal rights, the limits of personal liberty, war and the struggle against terrorism, marriage and sexual morality, the death penalty, gun control, and abortion and euthanasia. The volume begins with two introductory essays written for beginning students by the editor, William H. Shaw, on the nature of morality and competing normative theories. These are followed by five other essays on ethical theory by classical and contemporary authors. The book's next 12 sections explore a wide-range of real-world ethical issues. In all, the book is composed of 53 articles (11 of which are new to this edition). To ensure that the text is as accessible as it is relevant, Shaw has edited every article with an eye toward readability, provided introductions and study questions before the essays, as well as review and discussion questions after them, and highlighted key passages to help students focus on important points and concepts.

---

### **ETHICS FOR THE INFORMATION AGE**

---

*Addison-Wesley* Widely praised for its balanced treatment of computer ethics, Ethics for the Information Age offers a modern presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.

---

### **MANAGING BUSINESS ETHICS**

---

---

### **STRAIGHT TALK ABOUT HOW TO DO IT RIGHT**

---

*John Wiley & Sons* TRY (FREE for 14 days), OR RENT this title: [www.wileystudentchoice.com](http://www.wileystudentchoice.com) Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

---

### **ETHICS AND THE CONDUCT OF BUSINESS**

---

*Ethical Issues in Developing Business Policies* Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies

about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

## **CLINICAL ETHICS, 8TH EDITION**

---

### **A PRACTICAL APPROACH TO ETHICAL DECISIONS IN CLINICAL MEDICINE, 8E**

---

*McGraw Hill Professional* The most trusted and reader-friendly guide on how to make the right decisions when facing ethical issues in clinical practice Clinical Ethics teaches healthcare providers how to effectively identify, evaluate, and resolve ethical issues in clinical medicine. Using the author's acclaimed "four box" approach and numerous illustrative case examples, the book enables practitioners to gain a better understanding of the complexities involved in ethical cases and demonstrates how to find a solution for each case study. Clinical Ethics goes beyond theory to offer a solid decision-making strategy applicable to real-world practice. Readers will learn an easy-to-apply system based on simple questions about medical indications, patient preferences, quality of life, and contextual features that clearly explain clinical ethics and help them formulate a sound diagnosis and treatment strategy. The case examples have been especially selected to demonstrate how principles apply to everyday practice. The eighth edition has been extensively revised to reflect the latest challenges, such as the those involving medical data, legal issues, the unrepresented patient, and problems of continuity and discharge

---

## **JUSTICE, CRIME, AND ETHICS**

---

*Routledge* Justice, Crime, and Ethics, a leading textbook in criminal justice programs, examines ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. This eighth edition continues to deliver a broad scope of topics through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy, and philosophical issues. The book's robust coverage encompasses contentious issues such as capital punishment, prison corruption, the use of deception in police interrogation, and many more. New content includes new material on juvenile justice, corporate crime, and prosecutorial misconduct. Students of criminal justice, as well as instructors and professionals in the field, will continue to rely on this thorough, dependable resource on ethical decision-making in the criminal justice system. Essays are enhanced with case studies and exercises designed to stimulate critical and creative thinking regarding ethical issues in crime and justice Discussion questions and lists of key concepts focus students and help them to understand ethics in the context of the criminal justice system New chapters cover ethical issues related to juvenile justice and corporate misconduct, and chapters on police and prosecutor ethics have been extensively updated A full suite of online ancillaries for instructors and students adds value to lectures and enriches the learning experience

---

## **BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS**

---

*Cengage Learning* Packed with real-life examples of business decisions gone awry, the 8th Edition of BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS provides a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

---

## **NICOMACHEAN ETHICS**

---

*Courier Corporation* Enduringly profound treatise, whose lasting effect on Western philosophy continues to resonate. Aristotle identifies the goal of life as happiness and discusses its attainment through the contemplation of philosophic truth.

---

## **ETHICS FOR A-LEVEL**

---

*Open Book Publishers* What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

---

## **MEDICAL LAW AND ETHICS**

---

*Oxford University Press* This text provides an accessible guide to medical law, designed specifically for students. It will give readers not only an understanding of the law, but by using sociological and critical perspectives students will be able to appreciate the operation of the law in practice, and the ambiguities and tensions within it.

---

## **EIGHT THEORIES OF ETHICS**

---

*Routledge* Is it possible to study ethics objectively, or are moral judgements inevitably subjective? Are ancient theories of ethics of any contemporary relevance? Which ethical theory offers the most convincing explanation of how best to live one's life? *Eight Theories of Ethics* is a comprehensive introduction to the theories of ethics encountered by first-time students. Gordon Graham introduces the fundamental concepts that underpin ethics, such as relativism and objectivity, and then devotes his attention to each of the eight major theories of ethics: \* egoism \* hedonism \* naturalism and virtue theory \* existentialism \* Kantianism \* utilitarianism \* contractualism \* religion. Throughout the book, Gordon Graham draws on examples from great moral philosophers such as Aristotle, Kant and Mill, and also from contemporary debates over human nature, the environment and citizenship. *Eight Theories of Ethics* is written in an engaging and student-friendly style, with detailed suggestions for further reading at the end of each chapter - including original sources and contemporary discussions. It is ideal for anyone coming to this area of philosophy for the first time, and for those studying ethics in related disciplines such as politics, law, nursing and medicine.

---

## **BUSINESS ETHICS: ETHICAL DECISION MAKING & CASES**

---

*South-Western Pub* Providing a vibrant new four-color design, market-leading BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES, Eighth Edition, delivers an accessible, applied text that thoroughly covers the complex environment in which managers confront ethical decision making. Using a proven managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. Thoroughly revised, the exciting new eighth edition incorporates comprehensive and rigorous updates that reflect the recent economic crisis and the ever-increasing academic and governmental attention being given to this area. It also includes nine all-new case studies, while all other cases have been completely updated. Packed with real-world examples, cases, exercises, simulations, and practice tests, BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES, Eighth Edition, gives students an abundance of opportunities to master text material through hands-on application. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

---

## **CLINICAL ETHICS**

---

---

### **A PRACTICAL APPROACH TO ETHICAL DECISIONS IN CLINICAL MEDICINE**

---

*McGraw-Hill Companies* *Clinical Ethics* introduces the four-topics method of approaching ethical problems (i.e., medical indications, patient preferences, quality of life, and contextual features). Each of the four chapters represents one of the topics. In each chapter, the authors discuss cases and provide comments and recommendations. The four-topics method is an organizational process by which clinicians can begin to understand the complexities involved in ethical cases and can proceed to find a solution for each case.

---

## NICOMACHEAN ETHICS

---

*Phoemixx Classics Ebooks* Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

---

## LAW, ETHICS, & BIOETHICS FOR THE HEALTH PROFESSIONS

---

*F.A. Davis* Now in its Seventh Edition and in vivid full-color, this groundbreaking book continues to champion the "Have a Care" approach, while also providing readers with a strong ethical and legal foundation that enables them to better serve their clients. The book addresses all major issues facing healthcare professionals today, including legal concerns, important ethical issues, and the emerging area of bioethics.

---

## CORE ETHICS FOR HEALTH PROFESSIONALS

---

---

### PRINCIPLES, ISSUES, AND COMPLIANCE

---

*Springer* A timely overview of ethics, emphasizing applications to biomedical researchers, health providers, and administrators There are no simple rules to guide ethical conduct in daily practice, health professionals must have a basic understanding of several topics including ethical theories; ethical scandals; laws, regulations, and institutional policies; and public perceptions. This book can be used for self-study, for classroom instruction, and as a refresher and update by practicing health professionals. The chapters have learning objectives, focused content, a summary of important points, a quiz, and a list of key references. Although the book is arranged in a logical order, each chapter may be studied independently.

---

## OCCUPATIONAL HEALTH PRACTICE

---

*Butterworth-Heinemann* Occupational Health Practice is a comprehensive account of the practice of protecting and improving the health of people at work, with some emphasis on the special needs of workers in developing countries. Topics covered by this book include the functions of an occupational health service; special examinations in occupational medicine; uses and methods of epidemiology; and ergonomics. The mental health of people at work, prevention of occupational disease, and ethics in occupational health practice are also discussed. This book is comprised of 22 chapters and begins by outlining national developments in occupational medicine, along with the different forms of service provided by private enterprise and the state. The factors that influence a nation or an industrial organization to pay attention to the health of people at work are also considered. The discussion then turns to the importance of health to one's work, the functions of an occupational health service, and prevention of accidents and occupational disease. Methods used in the study of groups of workers are described in sections on epidemiology, field surveys, and the collection and handling of sickness absence data. The text also looks at ergonomics, occupational hygiene, and ethics and education in occupational health. This monograph will be useful to physicians, hygienists, nurses, and safety officers working in the field of occupational health; to those whose interests encompass occupational health, but cannot attend a course; and to medical and non-medical specialists in related fields.

---

## LAW AND ETHICS IN THE BUSINESS ENVIRONMENT

---

*Cengage Learning* Blending theory with real-life applications, the 8th Edition of LAW AND ETHICS IN THE BUSINESS ENVIRONMENT presents up-to-the-minute issues in business ethics, along with the latest in case law for an exciting and thought-provoking text. Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Its insightful cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, mock trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

---

**ETHICAL STUDIES**

---

*Nelson Thornes* A detailed treatment of ethics, preparing students for the methods of study expected in higher education. Covering the major western theories and their religious connections, as well as a series of pertinent contemporary ethical issues. This second edition has been substantially updated to provide comprehensive coverage of the Religious Ethics requirements of all major awarding bodies.

---

**LEADERSHIP AND BUSINESS ETHICS**

---

*Springer Nature* This book offers new and challenging approaches to business ethics that successfully link theory and practice thereby overcoming lacunae and inadequacies in much of the literature concerning ethics and governance, a theme that recurs with remarkable frequency in the history of business ethics as an academic discipline. This work provides imaginative and innovative proposals for the indispensable coupling of virtue, integrity, and character with global business, finance, and banking. The volume seeks to overcome the marginal status of business ethics in universities, business, and enterprise by demonstrating that virtue ethics is an important step in the direction of an adequate response to the leadership issue. This new edition of a popular work points to new ways of achieving an ever more urgent coalescence of ethics and business. It proposes practical advice and viable suggestions to business people on what is right and wrong in business. The volume makes a vital contribution in the area of education that should serve the ongoing development of top leaders. In the important domain of women in leadership, the volume provides new solutions that break boundaries on the global stage. The work challenges unethical marketing of human images with important implications for citizenship and society. The volume contains creative suggestions for the use of spirituality and human development for the enhancement of business and society. The significantly extended second edition includes an exciting line up of leading academics and practitioners in the audacious hope that something may change for the better in the realms of business and banking.

---

**LEGAL ETHICS**

---

*Oxford University Press* Who would or should defend a potential murderer in court? How do professions regulate themselves? Is 'no win-no fee' an ethical system? Where is the line in a 'suitable' client-advocate relationship? Jonathan Herring provides a clear and engaging overview of legal ethics, highlighting that the issues surrounding professional conduct are not always black and white and raising interesting questions about how lawyers act and what their role entails. Key topics, such as confidentiality, negligence, and fees are covered, with references throughout to the professional codes of conduct. Features throughout the textbook to aid student learning include the highlighting of key cases, principles, and definitions; the inclusion of a variety of viewpoints through coverage of cases, popular media, and scholarly articles; and use inclusion of 'digging deeper' and 'alternative viewpoint' boxes which encourage critical reflection and better understanding of key theories and topics. The well developed online resource centre includes Podcasts linked to the 'what would you do' chapter features, video debates, relevant updates and web links.

---

**BUSINESS ETHICS: KANT, VIRTUE, AND THE NEXUS OF DUTY**

---

---

**FOUNDATIONS AND CASE STUDIES**

---

*Springer Nature*

---

**SOCIAL ETHICS**

---

---

**MORALITY AND SOCIAL POLICY WITH FREE POWERWEB**

---

*McGraw-Hill Humanities, Social Sciences & World Languages* Perfect for introductory ethics courses, this popular anthology encourages a critical examination of contemporary moral problems by presenting differing viewpoints on issues like the death penalty; euthanasia; hate speech and censorship; world hunger and global justice; and the environment. The readings, of which over 40% are new to this Sixth Edition, include relevant legal opinions, as well as selections from the work of some of the most respected contemporary writers and thinkers.

---

**ETHICS IN COMPUTING, SCIENCE, AND ENGINEERING**

---

---

**A STUDENT'S GUIDE TO DOING THINGS RIGHT**

---

*Springer* This comprehensive textbook introduces students to the wide-ranging responsibilities of computing, science and engineering professionals by laying strong transdisciplinary foundations and by highlighting ethical issues that may arise during their careers. The work is well illustrated, and makes extensive use of both activities, and ethical dilemmas which are designed to stimulate reader

engagement. A number of memorable case studies are also included and frequently draw on the demanding aerospace industry. The book adopts a strongly human centric approach, with matters such as privacy erosion and censorship being viewed not only in their current context but also in terms of their ongoing evolution. What are our individual ethical responsibilities for ensuring that we do not develop for future generations a technological leviathan with the potential to create a dystopian world? A broad range of technologies and techniques are introduced and are examined within an ethical framework. These include biometrics, surveillance systems (including facial recognition), radio frequency identification devices, drone technologies, the Internet of Things, and robotic systems. The application and potential societal ramifications of such systems are examined in some detail and this is intended to support the reader in gaining a clear insight into our current direction of travel. Importantly, the author asks whether we can afford to allow ongoing developments to be primarily driven by market forces, or whether a more cautious approach is needed. Further chapters examine the benefits that are associated with ethical leadership, environmental issues relating to the technology product lifecycle (from inception to e-waste), ethical considerations in research (including medical experimentation involving both humans and animals), and the need to develop educational programs which will better prepare students for the needs of a much more fluid employment landscape. The final chapter introduces a structured approach to ethical issue resolution, providing a valuable, long-term source of reference. In addition it emphasises the ethical responsibilities of the professional, and considers issues that can arise when we endeavour to effect ethically sound change within organisations. Examples are provided which highlight the possible ramifications of exercising ethical valour. The author has thus created an extensively referenced textbook that catalyses student interest, is internationally relevant, and which is multicultural in both its scope and outlook.

---

## **ETHICS**

---

### **THEORY AND CONTEMPORARY ISSUES**

---

*Cengage Learning* Closely examine the major areas of ethical theory as well as a broad range of contemporary moral debates using MacKinnon's acclaimed ETHICS: THEORY AND CONTEMPORARY ISSUES, International Edition. Illuminating overviews and a selection of readings from both traditional and contemporary sources make even complex philosophical concepts reader friendly. Comprehensive, clear-sighted introductions to general and specific areas of ethical debate cover major ethical theories, including feminist ethics, contract theory, and ethical relativism, before delving into issues ranging from euthanasia and sexual morality to war and globalization. A broader range of voices and philosophical traditions in this edition includes continental and non-Western philosophers, with new readings from prominent ethicists. Increased coverage of contemporary dilemmas highlights issues of widespread interest, including torture and terrorism, "partial birth" abortion, cloning, same-sex marriage, and global distributive justice. An innovative online resource center offers, among other things, animated simulations. These simulations allows you to personally engage with dilemmas and thought experiments commonly presented in introduction to ethics classes and provide instructors with a way to seamlessly integrate online assignments into the class.

---

### **ETHICS AND THE CONDUCT OF BUSINESS**

---

### **THE ETHICS OF RESEARCH WITH HUMAN SUBJECTS**

---

### **PROTECTING PEOPLE, ADVANCING SCIENCE, PROMOTING TRUST**

---

*Springer* This book provides a framework for approaching ethical and policy dilemmas in research with human subjects from the perspective of trust. It explains how trust is important not only between investigators and subjects but also between and among other stakeholders involved in the research enterprise, including research staff, sponsors, institutions, communities, oversight committees, government agencies, and the general public. The book argues that trust should be viewed as a distinct ethical principle for research with human subjects that complements other principles, such as autonomy, beneficence, non-maleficence, and justice. The book applies the principle of trust to numerous issues, including informed consent, confidentiality, risk minimization, risks and benefits, protection of vulnerable subjects, experimental design, research integrity, and research oversight. This work also includes discussions of the history of research involving human subjects, moral theories and principles, contemporary cases, and proposed regulatory reforms. The book is useful for undergraduate and graduate students studying ethical policy issues related to research with human subjects, as well as for scientists and scholars who are interested in thinking about this topic from the perspective of trust.

---

### **ETHICS AND PROFESSIONAL RESPONSIBILITY FOR PARALEGALS**

---

*Aspen Publishing* With complete coverage of the ethical principles that inform the role of the paralegal, Ethics and Professional Responsibility for Paralegals, Eighth Edition is ideal for use as either a primary course book, or a supplementary text. An authoritative presentation combined with clear and readable pedagogy enriches all levels of inquiry into the ethics of legal practice. Key Benefits: Comprehensive coverage of the professional responsibilities of paralegals, illuminated with chapter overviews, key terms, and a student-friendly organization. Discussion questions with hypotheticals and review questions in each chapter. Landmark cases, many involving paralegals, that demonstrate how the principles and rules of ethics are applied. Updated ethics opinions, with a focus on technology and

social media, supported by new hypotheticals. Expanded coverage of how technology is affecting various aspects of ethics and practice, including confidentiality and privilege, competence, conflicts of interest and advertising. Many new cases including: *State Bar v. Lang* (unauthorized practice of law), *Committee v. JPMorgan Chase* (competence), *Lola v. Skadden* (professionalism), *Pension Committee v. Banc of America Securities* (advocacy), and *McDermott v. Superior Court* (confidentiality).

---

## THE POWER OF ETHICS

---

### HOW TO MAKE GOOD CHOICES IN A COMPLICATED WORLD

---

*Simon & Schuster* The essential guide for ethical decision-making in the 21st century. It's not your imagination: we're living in a time of moral decline. Publicly, we're bombarded with reports of government leaders acting against the welfare of their constituents; companies prioritizing profits over health, safety, and our best interests; and technology posing risks to society with few or no repercussions for those responsible. Personally, we may be conflicted about how much privacy to afford our children on the internet; how to make informed choices about our purchases and the companies we buy from; or how to handle misconduct we witness at home and at work. How do we find a way forward? Today's ethical challenges are increasingly gray, often without a clear right or wrong solution, causing us to teeter on the edge of effective decision-making. With concentrated power structures, rapid advances in technology, and insufficient regulation to protect citizens and consumers, ethics are harder to understand than ever. But in *The Power of Ethics*, Susan Liataud shows how ethics can be used to create a sea change of positive decisions that can ripple outward to our families, communities, workplaces, and the wider world—offering unprecedented opportunity for good. Drawing on two decades as an ethics advisor guiding corporations and leaders, academic institutions, nonprofit organizations, and students in her Stanford University ethics courses, Susan Liataud provides clarity to blurry ethical questions, walking you through a straightforward, four-step process for ethical decision-making you can use every day. Liataud also explains the six forces driving virtually every ethical choice we face. Exploring some of today's most challenging ethics dilemmas and showing you how to develop a clear point of view, speak out with authority, make effective decisions, and contribute to a more ethical world for yourself and others, *The Power of Ethics* is the must-have ethics guide for the 21st century.

---

## NURSING LAW AND ETHICS

---

*John Wiley & Sons* *Nursing Law and Ethics* explores a variety of key legal and ethical issues in nursing practice using a thought-provoking and holistic approach. It addresses both what the law requires and what is right, and explores whether these two are always the same. The book provides an overview of the legal, ethical and professional dimensions of nursing, followed by exploration of key issues in greater depth. This edition features updated legislation and new material on patient safety. Key topics are accompanied by both a legal and an ethical perspective, covering both law and ethics Case examples throughout place concepts in a real-life context Written by experts in the field and includes contributions from leading nurses, lawyers and ethicists Accessible, relevant, and comprehensive, this title is ideal for pre- and post-registration nurses.

---

## BUSINESS ETHICS

---

### MANAGING CORPORATE CITIZENSHIP AND SUSTAINABILITY IN THE AGE OF GLOBALIZATION

---

*Oxford University Press, USA* How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. *Business Ethics* is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with 'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with the practitioners from the book and new multiple-choice questions enhance the online resources for students, while workshop and flipped classroom activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. The book is supported by an extensive range of online resources: For students: Practitioner Spotlight videos and web links Additional Case Study web links Additional Ethics in Action web links Addition Ethics on Screen web links Think Theory responses Film list Ethics career guide Further reading Multiple-choice questions For lecturers: VLE content PowerPoint slides Test bank Case bank Sample course outline Teaching notes for Case Studies Teaching notes for Ethical Dilemmas Teaching notes for Ethics in Action features Teaching notes for Ethics on Screen features Ideas for structured

workshops

---

## **ETHICS OF SPYING**

---

### **A READER FOR THE INTELLIGENCE PROFESSIONAL**

---

*Scarecrow Press* This is the first book to offer the best essays, articles, and speeches on ethics and intelligence that demonstrate the complex moral dilemmas in intelligence collection, analysis, and operations. Some are recently declassified and never before published, and all are written by authors whose backgrounds are as varied as their insights, including Robert M. Gates, former Director of the Central Intelligence Agency; John P. Langan, the Joseph Cardinal Bernardin Professor of Catholic Social Thought at the Kennedy Institute of Ethics, Georgetown University; and Loch K. Johnson, Regents Professor of Political Science at the University of Georgia and recipient of the Owens Award for contributions to the understanding of U.S. intelligence activities. Creating the foundation for the study of ethics and intelligence by filling in the gap between warfare and philosophy, this is a valuable collection of literature for building an ethical code that is not dependent on any specific agency, department, or country.

---

## **ETHICS OF ARMED CONFLICT**

---

### **A COSMOPOLITAN JUST WAR THEORY**

---

*Edinburgh University Press* Just war theory exists to stop armies and countries from using armed force without good cause. But how can we judge whether a war is just? In this original book, John W. Lango takes some distinctive approaches to the ethics of armed conflict. DT A revisionist approach that involves generalising traditional just war principles, so that they are applicable by all sorts of responsible agents to all forms of armed conflict DT A cosmopolitan approach that features the Security Council DT A preventive approach that emphasises alternatives to armed force, including negotiation, nonviolent action and peacekeeping missions DT A human rights approach that encompasses not only armed humanitarian intervention but also armed invasion, armed revolution and all other forms of armed conflict Lango shows how these can be applied to all forms of armed conflict, however large or small: from interstate wars to UN peacekeeping missions, and from civil wars counter-insurgency and counter-terrorism operations.

---

## **PRACTICAL ETHICS**

---

*Cambridge University Press* For thirty years, Peter Singer's Practical Ethics has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

---

## **MEDICAL ETHICS**

---

### **ACCOUNTS OF GROUND-BREAKING CASES**

---

*McGraw-Hill*

### **PROFESSIONAL ETHICS IN MIDWIFERY PRACTICE**

---

*Jones & Bartlett Publishers* Professional Ethics for Midwives: Conscious Practice is an applied ethics book designed for both students and practicing midwives to build ethical thinking in the context of daily practice. This unique text uses an accessible writing style and includes chapters on diversity and justice, informed consent, multiple relationships, confidentiality and privacy, scope of practice, and others. Realistic case examples throughout the text encourage critical thinking in applied ethics. The authors present a unique model for midwives' ethical thinking and appendices include widely used codes of ethics in the field.

---

**ONE WORLD**

---

**THE ETHICS OF GLOBALIZATION**

---

*Yale University Press* Written by a religious historian, this is an introduction to early Christian thought. Focusing on major figures such as St Augustine and Gregory of Nyssa, as well as a host of less well-known thinkers, Robert Wilken chronicles the emergence of a specifically Christian intellectual tradition. In chapters on topics including early Christian worship, Christian poetry and the spiritual life, the Trinity, Christ, the Bible, and icons, Wilken shows that the energy and vitality of early Christianity arose from within the life of the Church. While early Christian thinkers drew on the philosophical and rhetorical traditions of the ancient world, it was the versatile vocabulary of the Bible that loosened their tongues and minds and allowed them to construct the world anew, intellectually and spiritually. These thinkers were not seeking to invent a world of ideas, Wilken shows, but rather to win the hearts of men and women and to change their lives. Early Christian thinkers set in place a foundation that has endured. Their writings are an irreplaceable inheritance, and Wilken shows that they can still be heard as living voices within contemporary culture.

**FOR BUSINESS ETHICS**

---

*Routledge* For Business Ethics is a daring adventure into the world of business ethics. It offers a clear and accessible introduction to business ethics and also expands business ethics beyond its current narrow confines. It is ground-breaking in the sense that it invites a distinctively critical approach to business ethics, an approach that the authors argue is part and parcel of ethics. With a thought-provoking glossary and recommendations for further readings, For Business Ethics is an essential purchase for students and practitioners alike. It is at once an introduction to business ethics and a challenge to anyone who wishes to take part in or change contemporary organized society.
