KEY=ELLIS - FREEMAN DONAVAN

Imperial Bedrooms

Pan Macmillan Clay is a successful screenwriter, middle-aged and disaffected; he's in LA to cast his new movie. However, this trip is anything other than professional, and he's soon drifting through a louche and long-familiar circle - a world largely populated by the band of infamous teenagers first introduced in Bret Easton Ellis's first novel Less Than Zero. After a meeting with a gorgeous but talentless actress determined to win a role in his movie, Clay finds himself connected with Kelly Montrose, a producer whose gruesomely violent death is suddenly very much the talk of the town. Imperial Bedrooms follows Clay as his debauched reverie is interrupted by a violent plot for revenge and his seemingly endless proclivity for betrayal and exploitation looks set to land him somewhere darker and more ominous than ever before.

My Bookstore

Writers Celebrate Their Favorite Places to Browse, Read, and Shop

Hachette UK In this enthusiastic, heartfelt, and sometimes humorous ode to bookshops and booksellers, 84 known authors pay tribute to the brick-and-mortar stores they love and often call their second homes. In My Bookstore our greatest authors write about the pleasure, guidance, and support that their favorite bookstores and booksellers have given them over the years. The relationship between a writer and his or her local store and staff can last for years or even decades. Often it's the author's local store that supported him during the early days of his career, that continues to introduce and hand-sell her work to new readers, and that serves as the anchor for the community in which he lives and works. My Bookstore collects the essays, stories, odes and words of gratitude and praise for stores across the country in 81 pieces written by our most beloved authors. It's a joyful, industry-wide celebration of our bricks-and-mortar stores and a clarion call to readers everywhere at a time when the value and importance of these stores should be shouted from the rooftops. Perfectly charming line drawings by Leif Parsons illustrate each storefront and other distinguishing features of the shops.

Less Than Zero

Pan Macmillan With an introduction by novelist Ottessa Moshfegh Eighteen-year-old college student Clay is back in his hometown of Los Angeles for Christmas break. Clay is three things: rich, bored and looking to get high. As he reacquaints himself with a familiarly limitless world of privilege, along with his best friend and his ex, his shocking, stunning and disturbing adventure is filled with non-stop drinking in glamorous nightclubs, drug-fuelled parties, and endless sexual encounters. Published in 1985, when Bret Easton Ellis was just twenty-one, Less Than Zero is a fierce coming-of-age story which quickly defined a genre. A cult classic beloved for its dogged portrayal of hedonistic youth and the morally depraved, this extraordinary and instantly famous novel is a landmark in modern fiction: an inventive, precocious and invigorating story of getting what you want when you want it.

A Shock

Shortlisted for the James Tait Black Prize for Fiction

Pan Macmillan 'Remarkable' - Colm Tóibín, author of Brooklyn Shortlisted for The Goldsmiths Prize and the James Tait Black Prize for Fiction Book of the Year Selection in the Guardian, New York Times, Spectator, Hot Press and The White Review In A Shock, a clutch of more or less loosely connected characters appear, disappear and reappear. They are all of them on the fringes of London life, often clinging on - to sanity, solvency or a story - by their fingertips. With this deftly conjured high-wire act, Ridgway achieves a fine balance between drama and fidelity to his characters. The result is pin-sharp and breathtaking. 'Like Finnegans Wake, only readable' - The Times 'Ridgway squeezes into the gaps of realism and makes something beautifully new' - Guardian

The Rules of Attraction

Pan Macmillan Incisive, controversial and startlingly funny, The Rules of Attraction examines a group of affluent students at a small, self-consciously bohemian, liberal-arts college on America's East Coast. Lauren, who changes the man in her bed even more often than she changes course, is dating Victor but sleeping with Sean. Sean - cool, ambivalent and deeply cynical - might be in love with Lauren, but he's not going to let that stop him from bedding Paul. Paul, as shrewd as he is passionate, is Lauren's ex-lover and the final point in this curious triangle. From the author of American Psycho, Bret Easton Ellis's The Rules of Attraction is a breathtaking tale of sex, expectation, desire and frustration.

But the future he gets is not the one he had in mind . . .

Virtual Geography

Living with Global Media Events

Indiana University Press "The author's capacity to grasp and interpret these [world media] events is astounding, and her ability to provide insights into a world where unbounded information is circling the earth with the speed of light is startling." -- Choice "... a wide-ranging, quirky and dextrous mix of description, theory and analysis, that documents the perils of the global telecommunications network..." -- Times Literary Supplement "... this is a stimulating, even moving, book, dense with ideas and with many quotable lines." -- The New Statesman "Wark is one of the most original and interesting cultural critics writing today." -- Lawrence Grossberg McKenzie Wark writes about the experience of everyday life under the impact of increasingly global media vectors. We no longer have roots, we have aeriels. We no longer have origins, we have terminals.

Vanishing England

Lulu.com This book is intended not to raise fears but to record facts. We wish to describe with pen and pencil those features of England which are gradually disappearing, and to preserve the memory of them. It may be said that we have begun our quest too late; that so much has already vanished that it is hardly worth while to record what is left. Although much has gone, there is still, however, much remaining that is good, that reveals the artistic skill and taste of our forefathers, and recalls the wonders of old-time. It will be our endeavour to tell of the old country houses that Time has spared, the cottages that grace the village green, the stern grey walls that still guard some few of our towns, the old moot halls and public buildings. We shall see the old-time farmers and rustics

gathering together at fair and market, their games and sports and merry-makings, and whatever relics of old English life have been left for an artist and scribe of the twentieth century to record.

Public Sentinel

News Media and Governance Reform

World Bank Publications What are the ideal roles the mass media should play as an institution to strengthen democratic governance and thus bolster human development? Under what conditions do media systems succeed or fail to meet these objectives? And what strategic reforms would close the gap between the democratic promise and performance of media systems? Working within the notion of the democratic public sphere, 'Public Sentinel: News Media and Governance Reform' emphasizes the institutional or collective roles of the news media as watchdogs over the powerful, as agenda setters calling attention to social needs in natural and human-caused disasters and humanitarian crises, and as gatekeepers incorporating a diverse and balanced range of political perspectives and social actors. Each is vital to making democratic governance work in an effective, transparent, inclusive, and accountable manner. The capacity of media systems and thus individual reporters embedded within those institutions to fulfill these roles is constrained by the broader context of the journalistic profession, the market, and ultimately the state. Successive chapters apply these arguments to countries and regions worldwide. This study brought together a wide range of international experts under the auspices of the Communication for Governance and Accountability Program (CommGAP) at the World Bank and the Joan Shorenstein Center on the Press, Politics and Public Policy at Harvard University. The book is designed for policy makers and media professionals working within the international development community, national governments, and grassroots organizations, and for journalists, democratic activists, and scholars engaged in understanding mass communications, democratic governance, and development.

Lunar Park

Pan Macmillan He became a bestselling novelist while still in college, immediately famous and wealthy. He watched his insufferable father reduced to a bag of ashes in a safety-deposit box. He was lost in a haze of booze, drugs and vilification. Then he was given a second chance. This is the life of Bret Easton Ellis, the author and subject of this remarkable novel. Confounding one expectation after another, *Lunar Park* is equally hilarious, horrifying and heartbreaking. It's the most original novel of an extraordinary career - and best of all: it all happened, every word is true.

Arresting Images

Impolitic Art and Uncivil Actions

Routledge Although contemporary art may sometimes shock us, more alarming are recent attempts to regulate its display. Drawing upon extensive interviews, a broad sampling of media accounts, legal documents and his own observations of important events, sociologist Steven Dubin surveys the recent trend in censorship of the visual arts, photography and film, as well as artistic upstarts such as video and performance art. He examines the dual meaning of arresting images--both the nature of art work which disarms its viewers and the social reaction to it. *Arresting Images* examines the battles which erupt when artists address such controversial issues as racial polarization, AIDS, gay-bashing and sexual inequality in their work.

City of Quartz

Excavating the Future in Los Angeles

Verso Books This new edition of the visionary social history of Los Angeles is “as central to the L.A. canon as anything that . . . Joan Didion wrote in the seventies” (New Yorker) No metropolis has been more loved or more hated. To its official boosters, “Los Angeles brings it all together.” To detractors, L.A. is a sunlit mortuary where “you can rot without feeling it.” To Mike Davis, the author of this fiercely elegant and wide-ranging work of social history, Los Angeles is both utopia and dystopia, a place where the last Joshua trees are being plowed under to make room for model communities in the desert, where the rich have hired their own police to fend off street gangs, as well as armed Beirut militias. In *City of Quartz*, Davis reconstructs L.A.’s shadow history and dissects its ethereal economy. He tells us who has the power and how they hold on to it. He gives us a city of Dickensian extremes, Pynchonesque conspiracies, and a desperation straight out of Nathaniel West—a city in which we may glimpse our own future mirrored with terrifying clarity. In this new edition, Davis provides a dazzling update on the city’s current status.

How Literary Worlds Are Shaped

A Comparative Poetics of Literary Imagination

Walter de Gruyter GmbH & Co KG Literary studies still lack an extensive comparative analysis of different kinds of literature, including ancient and non-Western. How Literary Worlds Are Shaped. A Comparative Poetics of Literary Imagination aims to provide such a study. Literature, it claims, is based on individual and shared human imagination, which creates literary worlds that blend the real and the fantastic, mimesis and genre, often modulated by different kinds of unreliability. The main building blocks of literary worlds are their oral, visual and written modes and three themes: challenge, perception and relation. They are blended and inflected in different ways by combinations of narratives and figures, indirection, thwarted aspirations, meta-usages, hypothetical action as well as hierarchies and blends of genres and text types. Moreover, literary worlds are not only constructed by humans but also shape their lives and reinforce their sense of wonder. Finally, ten reasons are given in order to show how this comparative view can be of use in literary studies. In sum, How Literary Worlds Are Shaped is the first study to present a wide-ranging and detailed comparative account of the makings of literary worlds.

He returns to the archipelago, the home of his childhood and his family. But all he finds are Maja's toys and through the haze of memory, loss and alcohol, he realizes that someone - or something - is trying to communicate with him. Soon enough, his return sets in motion a series of horrifying events which exposes a mysterious and troubling relationship between the inhabitants of the remote island and the sea.

The Bird Is a Raven

Vintage Henry and Paul are strangers when they find themselves sharing a sleeping compartment on a night train from Munich to Berlin. When they begin to talk, their stories appear to be variations on the same theme: young guys adrift in the big city, relationships gone wrong, broken hearts. Henry is running away from a triangle of friendship gone sour; Paul is running away too, but as the night unfolds and the train speeds north across the German landscape, his story turns ominous. What he finally reveals to his unsuspecting traveling companion goes into the darkest sphere of human behavior. Shocking and raw, *The Bird is a Raven* is the work of a writer at the beginning of a stellar career.

Northern Territory Dictionary of Biography

This revised edition of the Northern Territory Dictionary of Biography brings together the entries from the original three volumes, published in 1990, 1992 and 1996. The Dictionary spans the period from the early British and French explorers of the Northern Territory coast to the mid 1990s and aims to provide a broad reflection of life in the Territory rather than focusing on eminent public figures. In some cases this has meant that some subjects are included about whom relatively little is known. Authors come from the widest possible cross-section of the community and there is a considerable range of writing styles. The principal interest of the volume is the Northern Territory. In all cases, the Territory experience of subjects, however eminent they might have been elsewhere, is thus the focal point of entries. This volume is available on CD (ISBN 9780980384697) and in this limited paperback edition.

The Cultural Set Up of Comedy

Affective Politics in the United States Post 9/11

Cultural Studies Toward Transformative Curriculum and Pedagogy How do various forms of comedy—including stand-up, satire, and film and television—transform contemporary invocations of nationalism and citizenship in youth cultures? And how are attitudes about gender, race, and sexuality transformed through comedic performances on social media? The Cultural Set Up of Comedy seeks to answer these questions by examining comedic performances by Chris Rock and Louis C.K., news parodies The Daily Show with Jon Stewart and The Colbert Report, the role of satire in the Arab Spring, and the groundbreaking performances by women in Bridesmaids. Breaking with the usual cultural studies debates over how to conceptualize youth, the book instead focuses on the comedic cultural and political scripts that frame them.

Nietzsche's 'On the Genealogy of Morality'

An Introduction

Cambridge University Press Nietzsche's On the Genealogy of Morality (1887) is a forceful, perplexing, important book, radical in its own time and profoundly influential ever since. This introductory textbook offers a comprehensive, close reading of the entire work, with a section-by-section analysis that also aims to show how the Genealogy holds together as an integrated whole. The Genealogy is helpfully situated within Nietzsche's wider philosophy, and occasional interludes examine supplementary topics that further enhance the reader's understanding of the text. Two chapters examine how the Genealogy relates to standard questions in moral and political philosophy. Written in a clear, accessible style, this book will appeal to students at every level coming to read the Genealogy for the first time, and a wider range of readers will also benefit from nuanced interpretations of controversial elements in Nietzsche's work.

Information Technology in Languages for Specific Purposes

Issues and Prospects

Springer Science & Business Media I first used the Internet in fall 1993, as a Fulbright Scholar at Charles University in Prague. I immediately recognized that the Internet would radically transform second language teaching and learning, and within a year had written my first book on the topic, *E-Mail for English Teaching*. The book galvanized a wave of growing interest in the relationship of the Internet to language learning, and was soon followed by many more books on the topic by applied linguists or educators. This volume, though, represents one of the first that specifically analyzes the relationship of new technologies to the teaching of languages for specific purposes (LSP), and, in doing so, makes an important contribution. The overall impact of information and communication technology (ICT) on second language learning can be summarized in two ways, both of which have special significance for teaching LSP. First, ICT has transformed the context of language learning. The stunning growth of the Internet—resulting in 24 trillion email messages sent in 2005, and more than 600 billion Web pages and 50 million blogs online in the same year—has helped make possible the development of English as the world's first global language.

Players

Pan Macmillan In this remarkable novel of menace and mystery, Pammy and Lyle Wynant are an attractive, modern couple who seem to have it all. Yet behind their 'ideal' life is a lingering boredom and quiet desperation: their talk is mostly chatter, their sex life more a matter of obligatory 'satisfaction' than pleasure. And still they remain untouched, 'players' indifferent to the violence that surrounds them, and that they have helped to create. Originally published in 1977, *Players* is a fast-moving yet starkly drawn socially critical drama that demonstrates the razor-sharp prose and thematic density for which Don DeLillo is renowned today.
