Today, most Bible colleges, seminaries, K-12 Christian schools, and now even parts of the homeschool movement do not accept the first eleven chapters of Genesis as literal history. They try to fit the supposed billions of years into Genesis, and some teach evolution as fact. Our churches are largely following suit. Ken Ham, international speaker and author on biblical authority, examines how compromise starting in Genesis, particularly in regard to the six days of creation and the earth's age, have filtered down from the Bible colleges and seminaries to pastors—and finally to parents and their children. This erosive legacy is seen in generations of young people leaving the Church—2/3 of them. Get the facts, discover God's truth, and help bring a new reformation to the Church by helping to call it back to the authority of God's Word. **Navigating Genesis A Scientist's Journey Through Genesis 1-11** *Conran Octopus* "Examining recent scientific discoveries, astronomer and pastor Dr. Hugh Ross explores the opening chapters in Genesis and shows how they hold some of the strongest scientific evidence for the Bible's supernatural accuracy. A growing number of professing evangelical leaders and scholars are doubting or denying a literal Adam and a literal Fall, which thereby undermines the gospel of Jesus Christ, the Last Adam, who came to undo the damaging consequences of Adam's sin and restore us to a right relationship with our Creator. This book is increase your confidence in the truth of Genesis 1-11 and the gospel! Enhance your understanding pertaining to the biblical evidence for taking Genesis as literal history Discover the scientific evidence from genetics, fossils, and human anatomy for the Bible's teaching about Adam Understand the moral, spiritual, and gospel reasons why belief in a literal Adam and Fall are essential for Christian orthodoxy **A Pocket Guide to a Young Earth: Evidence That Supports the Biblical Perspective** *Answers in Genesis* **The Lie: Evolution (25th Anniversary Edition: Revised and Expanded)** *New Leaf Publishing Group* In 1987 Ken Ham wrote what would become a prophetic warning to the Church about the destructive effects of compromise with evolutionary ideas, and how this compromise undermines Scriptural authority and erodes Christian confidence in the infallibility of God's Word. Today we have Christians not only confused when it comes to Genesis and age of the earth, but even the reality of Hell, Adam as a real person, and Christ's own words about creation, marriage and more are being debated in the pulpits across the world. In this special revised and updated edition, Ken Ham again takes the lead in pointing out the looming precipice the Church is rushing towards, how evolution and/or millions of years, is driving away young people of the faith, and the biblical solution that can change it! **Scoffers Responding to Those Who Deliberately Overlook Creation and the Flood** *New Leaf Publishing Group* The pervasive influence of unbelievers is a force that demands an answer from the body of Christ. *Scoffers: Responding to Those Who Deliberately Overlook Creation and the Flood* offers a strong defense for biblical authority equipping believers to stand firm, preach the truth, and make disciples. "The reality of the biblical account of the Flood is that it is a horrifying account of judgment but also one of glorifying redemption." The scoffers of Peter's day were very much like modern-day skeptics in that they deliberately overlook the facts of biblical history. The cost of their unbelief is catastrophic even within the Christian church. Author Simon Turpin, the executive director of *Answers in Genesis* in the U.K., prepares us to confidently counter the philosophical bias of scoffers by: Revealing how the Gospel of salvation can only be understood in light of the Genesis account of a six-day creation and the global Flood. Providing an in-depth analysis of 2 Peter 3 to defend the biblical account of Creation against the false notions propagated by scoffers. Presenting a strong defense for the coming of Christ and Christianity for those who have rejected the truths found in Genesis 1 - 11. *Scoffers* gives today's Christian families and leaders a strong defense for the authority of God's Word helping the Church to "withstand in the evil day, and having done all, to stand" Ephesians 6:13. **The Genesis Solution** *Baker Publishing Group* Exciting for both young and old, *The Genesis Solution* shows how crucial issues such as evolution, abortion, and family turmoil find resolution in Genesis. **How Do We Know the Bible Is True?** *New Leaf Publishing Group* We are an increasingly skeptical society - whether it comes to politics, science, or even faith. As various channels of media vie for our time and attention, people see conflict everywhere, even about fundamental aspects of the Bible. In this popular new series, a stellar group of biblical scholars, seminary professors and apologetics ministry leaders team up to offer compelling facts and research to reassure Christians about the validity and inerrancy of the Bible. **Lie: Evolution, The (25th Anniversary Edition) The Lie: Evolution/Millions of Years** *New Leaf Publishing Group* Revised & Expanded for this special 25th anniversary edition, Ken Ham once again takes the lead in pointing out the looming precipice too many church leaders are rushing towards: a denial of the full authority and accuracy of the Bible from its very first verse. In addition, Ken powerfully shows how the ideas of evolution and millions of years are driving young people away from the Christian faith, and provides solid, biblical solutions to

turn things around. Published in 1987, this book took a bold stand which became prophetic. Ken warned the church about the destructive effects of compromise with evolutionary/millions of years ideas. He warned that compromise in Genesis would undermine Scriptural authority in the culture and erode confidence in the infallibility of God's Word. Today, Christians (and those considering the Christian faith) increasingly doubt the Bible's reliability. Compromising Genesis has led to a generational loss of an acceptance of the absolute authority of the Word of God, and leading to an exodus of young people from the church Why Genesis remains critically important in presenting the Gospel This slippery slope of reinterpreting Scripture to redefining biblical doctrine Discover how your handling of the biblical account of creation impacts your understanding of all of Scripture and your worldview The issues are of critical importance when you realize that today we have Christians not only confused when it comes to Genesis and the age of the earth, but now even the reality of Hell, Adam as a real person, and Christ's own words about creation, marriage and more are debated in the pulpits across the world. One compromise just leads to another - and it has to end if we want to leave a legacy of faith to future generations. **War of the World Views Powerful Answers For An "Evolutionized" Culture** *New Leaf Publishing Group* What do aliens, dinosaurs, and gay marriage have in common? They are all part of the culture war - a war between two worldviews. One view is based on a biblical understanding of history, the other on pure naturalism. Our educational institutions and the media are on the frontlines of evolutionizing our culture. From Biology 101 to World History, from The Learning Channel to Sponge Bob, subtle and not-so-subtle evolutionary messages bombard us. We witness the battles and skirmishes of this war in our schools, our courts and our homes. All around us are casualties of the warfare - Christians taken captive by an evolutionary philosophy. The idea of the big bang and millions of years has duped many Christians and its effects include a deficient gospel and subjective morality. How are we to respond when we hear of the latest "argument" for evolution? How can we prepare our children to face the evolutionary indoctrination of our public schools and universities? What are we to make of "Christian" organizations who teach the big bang and millions of years? How can we build a truly biblical worldview? In this powerful book, you will find ammunition for the war: answers to some of the most common arguments for evolution, analyses of Christian compromise positions and a call for return to the true biblical authority. **A Pocket Guide to Dinosaurs Is There a Biblical Explanation?** *Answers in Genesis* **The Answers Book for Kids Volume 1 Questions on Creation and the Fall** *New Leaf Publishing Group* The story of Creation and Adam and Eve in the Garden of Eden are familiar Bible stories. But they also present a wonderful opportunity to share important biblical truths with eagerly questioning minds through answers that even the youngest believer can understand. This new edition features more in-depth material into the nature of competing world views, and emphasizes in a fresh way the critical need for Christians to realign their thinking with the Bible. Ken 's unique gift of communication leaps over cultural and denominational boundaries, and offers a powerful tool for evangelism. No pastor or lay leader should be without it. **Will They Stand Parenting Kids to Face the Giants** *Master Books* Our children are facing cultural "giants" that previous generations could never have imagined. Secularism, depravity, immorality, and apathy taunt Christians with a barrage of hate and intolerance. Will our children be equipped to stand strong against these giants or will they be overcome? That is the question Christian parents are asking. In this book, Ken Ham gives us a powerful message about the importance of raising strong believers who can stand in the face of a world that will challenge, disparage, and seek to eliminate their faith. He also helps prepare parents to equip the next generation to thrive in the face of cultural adversity and emerge as tomorrow's Christian leaders. **Coming to Grips With Genesis Biblical Authority and the Age of the Earth** *New Leaf Publishing Group* Fourteen theological scholars address key topics related to the age of the earth, which is the crucial issue of debate in the church today regarding origins. Bringing to bear rigorous biblical, theological, and historical arguments in favor of a six-day creation, the global Flood, and a young earth, they also provide much-needed critiques of a number of contemporary old-earth interpretations of the book of Genesis. This fresh defense of the literal history of Genesis 1-11 nicely complements other studies which focus more on the scientific evidence of young-earth creationism. As such, this book can serve as a versatile supplement to other works, but is also designed to be used as a standalone text for seminary and Bible college professors and students, pastors, missionaries, and others who want in-depth apologetic resources. **Coming to Grips with Genesis: Biblical Authority and the Age of the Earth** includes: Forewords by Dr. John MacArthur, President of the Master's Seminary and Senior Pastor of Grace Community Church, Sun Valley, CA; and the late Dr. Henry Morris, Founder and President Emeritus, Institute for Creation Research Detailed analysis of the verbs of Genesis 1 A defense of the Genesis 5 & 11 genealogies as strict chronologies Reasons for rejecting millions of years of death and natural evil before Adam's sin Careful reflection on Jesus' teachings regarding a young earth **The Answers Book for Kids: 22 questions from kids on dinosaurs and the flood of Noah** *New Leaf Publishing Group* Provides answers to such children's questions as "Why did God allow some creatures to go extinct?" and "Are dinosaurs related to birds?" **Glass House Shattering the Myth of Evolution** *Master Books* Evolutionists try to convince others that their evolutionary world is built on solid foundations, while they distract us from the fact that their house is only made of glass; and the glass is breaking. Reliable guidance in defending biblical creation against the onslaught of evolution Clearly relates the fallacies and weaknesses that evolutionists don't want you to know Stand in confidence as a believer as you learn to counter the glass house deceptions **Great Turning Point** *New Leaf Publishing Group* Many people in the Church today have the idea that "young-earth" creationism is a fairly recent invention, popularized by fundamentalist Christians in the mid-20th century. Is this view correct? In fact, scholar Terry Mortenson has done fascinating original research on this subject in England, and documents that several leading, pre-Darwin scholars and scientists, known as "scriptural geologists" did not believe in long ages for the earth. Mortenson sheds light on the following: Before Darwin, what did the Church believe about the age of the earth? Why did it believe this way? What was the controversy that rocked the Church in 19th-century England? Who were the "scriptural geologists"? What influences did the Church contend with even before Darwin's book? What is the stance of the Church today? This book is a

thoroughly researched work of reference for every library - certainly every creationist library. Terry Mortenson spent much time and work on this project in both the United States and Great Britain. The history of the Church and evolution is fascinating, and it is interesting to see not only the tremendous influence that evolution has had on the Church, but on society as well. **Evidence for the Bible** *New Leaf Publishing Group* A burned and broken wall embedded with arrows and sling stones tells of a city taken by storm.
