Burma's Spring 978-1-910198-30-8 Burma's Spring documents the struggles of ordinary people made extraordinary by circumstance. Rosalind Russell, a British journalist who came to live in Burma with her family, witnessed a time of unprecedented change in a secretive country that had been locked under military dictatorship for half a century. Her memoir carries the reader through a turbulent era of uprising, disaster and political awakening with a vivid retelling of her encounters as an undercover reporter. From the world famous democracy leader Aung San Suu Kyi to the broken-hearted domestic worker Mu Mu, a Buddhist monk to a punk, a palm reader to a girl band, these are stories of tragedy, resilience and hope - woven together in a vivid portrait of a land for so long hidden from view. "A vibrant and comprehensive depiction ... an affectionate, colourful book." Rt. Hon. John Bercow "An extraordinarily beautiful, comprehensive and compelling story ... essential reading for anyone interested in understanding Burma today." Benedict Rogers, author of Burma: A Nation at the Crossroads "Burma's Spring is like nothing else written about Burma ... compelling, charming and unique. No other book I know of has got under the skin of such a wide variety of Burmese, bringing them to life on the page." In a narrative bristling with anecdote and incident, he explores the lost world of the 1950s racetrack, the rise of British constructors in the 1960s, the impact of technological changes from the late 1970s, the advent of the high-profile team boss in the 1980s and the revolution wrought on Formula One by computers in the 1990s. Throughout, sparkling and incisive profiles shed revelatory light on the drivers who have risked life and limb: the brilliant but inscrutable Juan Manuel Fangio, the ebullient Stirling Moss, the champagne-gargling James Hunt, the cerebral Alain Prost and mercurial Ayrton Senna, the adenoidal Nigel Mansell, the metronomic Michael Schumacher, the precocious Lewis Hamilton and the reborn Jenson Button. To Finish First My years inside Formula One, Can-Am and Indy 500 racing with Cooper, Brabham and McLaren Motor Racing Publications This book fills an important gap in the history of top-level motor racing during the historic era of the 1960s and 70s. The author was at the center of it all, first as Sir Jack Brabham's right-hand man during his leadership of the Cooper team, and later when he formed his own Brabham Racing Organization. Subsequently, when Phil Kerr joined his great friend Bruce McLaren, to become joint managing director of an ever expanding company, which was to achieve unrivalled success in Can-Am racing as well as being at the forefront of Formula One, he and his colleagues had to cope with the tragedy of the founder's untimely death while testing a Can-Am car at Goodwood. The author's description of how the shattered team was saved and ultimately restored by the bravery of Bruce's co-driver Denny Hulme, already sidelined by agonizing burns to his hands, is a poignant highlight of his story. Includes a balanced mix of racing and off-duty pictures, many being seen for the first time and 15 reproductions of paintings by the renowned artist Michael Turner. Formula 1 Technical Analysis 2011/2012 Giorgio Nada Editore For the second year running, the young German driver Sebastian Vettel and his Red Bull team were virtually unrivalled, claiming both the Drivers' and the Constructors' World Championship titles. Only Jenson Button and Lewis Hamilton, both driving for McLaren, put up anything of a fight, while Fernando Alonso in the Ferrari had to settle for a single victory in the British GP at Silverstone. In technical terms, the 2011 season was

characterised by the use of a mobile rear wing, the return of Kers and Pirelli as sole tyre supplier. An unmissable annual event for over 10 years, Giorgio Piola's review returns once again with the well-known illustrator and TV commentator analysing the different phases of the technical development undertaken by the various teams during the championship, with brief but exhaustive texts complemented by hundreds of colour technical drawings. The book is completed with an extensive section devoted to the leading cars for the 2012 season. The Inside Track Paddocks, Pit Stops and Tales of My Life in the Fast Lane Simon and Schuster Jake Humphrey had one of the best jobs in the world: flying around the world presenting Formula 1 to 6 million people is not a bad occupation. And there is plenty that the viewer doesn't get to see, quite a lot of it rather surprising too. Travelling around the globe in the F1 bubble, Jake brings the reader close to the action. With his unique access to the key characters in the sport, he reveals a side of figures such as Jenson Button and Lewis Hamilton, Michael Schumacher and Bernie Ecclestone not seen before. From techie heaven driving the Red Bull simulator to witnessing moments of great sporting triumph, Jake brings you behind the scenes in the paddock to behold the changing face of F1 and his life as a TV presenter permanently walking the tightrope of public humiliation.

In the Name of Glory Myrtle This title tells how, as the sun set on the 1975 season, James Hunt was down and out of Formula One. He had no drive for 1976 and was all washed up. In contrast, Niki Lauda, the new world champion of 1975, was in an entirely different position, with a full year's contract ahead of him. The book tells what happened next.

Rush to Glory FORMULA 1 Racing's Greatest Rivalry Rowman & Littlefield The greatest duel in FORMULA 1 history: the 1976 season between Austrian Niki Lauda and Britain's James Hunt. As the '75 season ended, Hunt was out of FORMULA 1 racing while Lauda was world champion and the odds-on favorite for '76 with a year's contract ahead of him and Enzo Ferrari begging him to sign a multi-year deal. James Hunt, without a drive until Emerson Fittipaldi broke his McLaren contract, grabbed the McLaren drive with both hands and the help of friend John Hogan and Marlboro cigarettes. The result? Two drivers in an epic sixteen-race battle across the globe for the '76 title, ultimately decided by a single point. Fame, wealth, drugs, sex, and the rest of globetrotting 1970s FORMULA 1 racing are encompassed in the Lauda vs. Hunt duel. At the '76 German Grand Prix, Lauda nearly died in a fiery crash, only to emerge six weeks later, severe burns on his face and head, to pursue his rivalry with Hunt. It all came down to the last race, a rain-soaked affair in Japan, where Hunt won the championship by the slimmest possible margin. The book is a study in contrasts during an era of Brut aftershave and disco sex parties. James Hunt, legendary philanderer and FORMULA 1 rock star, versus supernatural racer Niki Lauda, who in '75 set the first sub-seven minute lap around the Ring.
