[Nat Turner and the Rising in Southampton County](#) [JHU Press](#) In August 1831, in Southampton County, Virginia, Nat Turner led a bloody uprising that took the lives of some fifty-five white people—men, women, and children—shocking the South. Nearly as many black people, all told, perished in the rebellion and its aftermath. [Nat Turner and the Rising](#)

in Southampton County presents important new evidence about the violence and the community in which it took place, shedding light on the insurgents and victims and reinterpreting the most important account of that event, *The Confessions of Nat Turner*. Drawing upon largely untapped sources, David F. Allmendinger Jr. reconstructs the lives of key individuals who were drawn into the uprising and shows how the history of certain white families and their slaves—reaching back into the eighteenth century—shaped the course of the rebellion. Never before has anyone so patiently examined the extensive private and public sources relating to Southampton as does Allmendinger in this remarkable work. He argues that the plan of rebellion originated in the mind of a single individual, Nat Turner, who concluded between 1822 and 1826 that his own masters intended to continue holding slaves into the next generation. Turner specifically chose to attack households to which he and his followers had connections. The book also offers a close analysis of his *Confessions* and the influence of Thomas R. Gray, who wrote down the original text in November 1831. Allmendinger draws new conclusions about Turner and Gray, their different motives, the authenticity of the confession, and the introduction of terror as a tactic, both in the rebellion and in its most revealing document. Students of slavery, the Old South, and African American history will find in *Nat Turner and the Rising in Southampton County* an outstanding example of painstaking research and imaginative family and community history. "The exhaustive research Allmendinger presents greatly enriches our historical understanding of the Southampton Rebellion through the eyes of its key victims. *Nat Turner and the Rising in Southampton County* reveals important dimensions of the rebellion's local history and contextualizes the event, as Nat Turner did, within the context of slavery in Southampton County."—*Reviews in History* "Allmendinger's great achievement is that he made full use of 'new' primary sources related to the uprising of 1831—new sources hitherto hidden in plain sight. Most importantly, he understood the significance of this material and knew exactly how to mine it for valuable new insights into virtually every aspect of Nat Turner's rebellion."—*Reviews in American History* "No one has done more to corroborate and sync the details, nor to illuminate Turner's inspirations and goals. *Nat Turner and the Rising in Southampton County* is a model of historical methodology, and goes further than any other previous work in helping readers understand Turner's motives and meaning."—*African American Intellectual History Society* "We are all in David Allmendinger's debt for the labor of research that has given *The Rising in Southampton County* its absent material context."—*Law and History Review* "Though the subject of countless histories, novels, videos, and websites, Nat Turner, the leader of the largest slave insurrection in U.S. history, remains an enigma; yet, in this new and challenging study, the life and times of the legendary revolutionary come into much better focus. A must-read for historians of slave resistance and all others interested in the history of antebellum Virginia and in particular

Southampton County."—Register of the Kentucky Historical Society

"Allmendinger approaches a well-trodden historical event from a distinctive perspective. [He] provides the most complete historical context surrounding the rebellion. Ultimately, Allmendinger succeeds in providing a more complete understanding of the community of Southampton, Virginia, and offers a better explanation for the motivations that led Turner and his followers down such a bloody path in 1831."—Choice David F. Allmendinger Jr. is professor emeritus of history at the University of Delaware. He is the author of *Paupers and Scholars: The Transformation of Student Life in Nineteenth-Century New England* and *Ruffin: Family and Reform in the Old South*. G.D.H.Cole: an Intellectual Biography [CUP Archive](#) *Stepping Out of The Herd My Life in the Guyana Police Force* [FriesenPress](#) *Stepping Out of the Herd* is the author's first-hand account about policing in the South American country during the 1980s until the 2000s. Seelall Persaud details his life and times growing up in a rural farming community in the former British colony and also plunges the reader into a deep well of information and analysis about the country's historical, cultural, and political landscape. The book serves as a primer for readers to gain insight into the complexities of the country, its people, and its system of policing. From training in the jungles and eating snake, working his way up from the frontlines of the Guyana Police Force through professional development and operational exposure locally and in international settings such as with the FBI National Academy and the Scottish Police College, the Drug Enforcement Administration, the Royal Canadian Mounted Police and rising to the highest echelon in the police profession, the author's insider knowledge is evident. *Stepping Out of the Herd* is an exposition that reveals a unique perspective on the continuum of law enforcement in Guyana. The author used his research and experiences to define whose interests the police force was designed to serve, whose it actually served at varying periods of its history and what impact it had on the society. In so doing, he explained the factors that created the acute ethnic imbalance in the organization and those that sustained it on to present. In the final chapter, he offers meaningful recommendations for change.

Bad Boy The Influence of Sean "Puffy" Combs On the Music Industry [Simon and Schuster](#) This is a tale of friendship, greed, and betrayal in the music industry—and a definitive history of America's biggest rap mogul. No one knows more about creating hits than Sean "Puffy" Combs. For years he virtually ran hip-hop. It seemed the perfect arrangement: "Puffy" provided the sounds and obsessive attention to detail while the Notorious B.I.G. promoted an image that kept rap fans happy. It should have lasted forever, but "Biggie" was murdered at the height of his career—and "Puffy"'s ascension to superstardom ushered in an age of disloyalty and deception that exploded into one of the greatest debacles in the history of the music industry. Through interviews with label insiders, grand jury testimony, and other sources, America's preeminent rap journalist Ronin Ro -reveals the true story of "Puffy" -addresses the larger issues that shaped the man and the

industry -explains how Bad Boy both helped and destroyed hip-hop and R&B music -details why some artists “Puffy” created ultimately left his Bad Boy family in disgust. At once an intimate history and a portrait of an era, Bad Boy shows readers exactly how Combs lost his strangle-hold over the multibillion-dollar rap music industry. The story of Bad Boy Entertainment is the story of the American Dream, an up-close and personal account of the people, the money, the creative process that made it all come true, and the young mogul who caused the dream to fall apart. In this hip-hop tragedy of Shakespearean dimensions, readers finally learn the story that Sean “Puffy” Combs does not want them to know. New York Court of Appeals. Records and Briefs. The Irish War of Independence in Kildare [Mercier Press Ltd](#) The Kildare IRA was heavily outnumbered by crown forces and had neither the manpower nor weaponry to seriously challenge them. With about 300 activists in County Kildare, and only about a third of them ready to take to the field at one time, they faced nearly 6,000 troops and hundreds of police and Black and Tans. However, the county was an important axis for intelligence gathering and communications to the south and west, and it is here Kildare made its greatest impact. The open flat plains of Kildare militated against ambushes, while its proximity to the capital also inhibited the Kildare Volunteers. Nevertheless there was a strong revolutionary element in the county. The book looks at the group of Volunteers who followed the railway track into Dublin to partake in the 1916 Rising and details attacks at Greenhills, Maynooth and Barrowhouse. The author also examines the Rath internment camp in the Curragh, reaction in the county to the Truce and Treaty, and the eventual split in the republican movement in the lead up to civil war. This comprehensive account will be a valuable addition to literature on this formative period in Ireland's history. Illustrated ... Edited by J. Steel The Round In Bob Graham's Footsteps [Sandstone Press Ltd](#) The Round is not only a history of the Bob Graham Round, but also an exploration of the what, why and how of this classic fell endurance challenge. After covering the genesis of the BGR in detail, it documents its development from a more-or-less idle challenge to its present status as a rite of passage for endurance runners. Interspersed with this detail of the round are extensive profiles of many of the event's most significant individuals: innovators, record setters, recorders and supporters. Some links to resources for potential BGR completers are included. The Round is emphatically NOT a 'how to' guide, but it IS a terrific follow up to Steve Chilton's hugely popular first book, It's a Hill, Get Over It. An Inquiry Into Love and Death [Penguin](#) In 1920's England, a young woman searches for the truth behind her uncle's mysterious death in a town haunted by a restless ghost... But after her uncle Toby, a renowned ghost hunter, is killed in a fall off a cliff, she must drive to the seaside village of Rothewell to pack up his belongings. Almost immediately, unsettling incidents—a book left in a cold stove, a gate swinging open on its own—escalate into terrifying events that convince Jillian an angry spirit is trying to enter the house. Is it Walking John, the two-hundred-year-old ghost who haunts Blood Moon Bay? And who beside the ghost is roaming the local woods at night? If Toby uncovered something sinister, was his death no accident? The arrival of handsome Scotland Yard inspector Drew Merriken, a former RAF pilot with mysteries of his own, leaves Jillian with more questions than answers—and with the added complication of a powerful, mutual attraction. Even as she suspects someone will do anything to hide the truth, she begins to discover spine-chilling secrets that lie deep within Rothewell...and at the very heart of

who she is. 'Red Ellen' Wilkinson Her ideas, movements and world
[Manchester University Press](#) **Unearthing new evidence to provide a richer understanding of her life, this study, now available in paperback, delves beyond the familiar image of Ellen Wilkinson on the Jarrow Crusade. From a humble background, she ascended to the rank of minister in the 1945 Labour government. Yet she was much more than a conventional Labour politician. She wrote journalism, political theory and novels. She was both a socialist and a feminist; at times, she described herself as a revolutionary. She experienced Soviet Russia, the Indian civil disobedience campaign, the Spanish Civil War and the Third Reich. This study deploys transnational and social movement theory perspectives to grapple with the complex itinerary of her ideas. Interest in Wilkinson remains strong among academic and non-academic audiences alike. This is in part because her principal concerns - working-class representation, the status of women, capitalist crisis, war, anti-fascism - remain central to contentious politics today.**

Autobiography of Sir George Biddell Airy **The Ghost Garden** Inside the lives of schizophrenia's feared and forgotten
[Random House Canada](#) **A rare work of narrative non-fiction that illuminates a world most of us try not to see: the daily lives of the severely mentally ill, who are medicated, marginalized, locked away and shunned. Susan Doherty's groundbreaking book brings us a population of lost souls, ill-served by society, feared, shunted from locked wards to rooming houses to the streets to jail and back again. For the past ten years, some of the people who cycle in and out of the severely ill wards of the Douglas Institute in Montreal, have found a friend in Susan, who volunteers on the ward, and then follows her friends out into the world as they struggle to get through their days. With their full cooperation, she brings us their stories, which challenge the ways we think about people with mental illness on every page. The spine of the book is the life of Caroline Evans (not her real name), a woman in her early sixties whom Susan has known since she was a bright and sunny school girl. Caroline had formed a close friendship with Susan and shared stories from her life; through her, we experience what living with schizophrenia over time is really like. She has been through it all, including the way the justice system treats the severely mentally ill: at one point, she believed that she could save her roommate from the devil by pouring boiling water into her ear... Susan interleaves Caroline's story with vignettes about her other friends, human stories that reveal their hopes, their circumstances, their personalities, their humanity. She's found that if she can hang in through the first ten to fifteen minutes of every coffee date with someone in the grip of psychosis,**

then true communication results. Their "madness" is not otherworldly: instead it tells us something about how they're surviving their lives and what they've been through. The Ghost Garden is not only touching, but carries a cargo of compassion and empathy. Help!--I'm an Irish Innkeeper The Grasmere Journals [Oxford University Press, USA](#) Dorothy Wordsworth's The Grasmere Journals, begun in May 1800 while at Dove Cottage, and continued for nearly three years until January 1803, is perhaps the best-loved of all journals. Noting the walks and the weather, the friends, country neighbors and beggars on the roads, William Wordsworth's marriage, the composition of poetry, and their concern for Coleridge, her words bring those first years to vivid and intimate life. This edition has been prepared directly from the manuscripts with undeciphered words clarified, first thoughts, later insertions and deletions indicated, and Dorothy's hasty punctuation largely restored. It also offers rich explanatory notes, containing much new detail on friends and family, the scarcely-known people of the Grasmere valley, the books that were read, and the connections with William Wordsworth's poetry. Politics, pauperism and power in late nineteenth-century Ireland Manchester University Press This is a study of the nature and operation of the Irish poor law system in the post-famine period. It traces the expansion of the system to encompass a wide range of welfare services, and explains the ideological and political context in which expansion took place. The only local government bodies in rural areas to include elected members, poor law boards provided many Irish nationalists with their first experience of administrative power. As the influence of the nationalist guardians in the south and west grew, so the character of poor law administration in these areas began to change. Crossman explores the nature and significance of this process through detailed analysis of local decision-making and official actions, providing a new perspective on relationships between central and local administrators, welfare providers and welfare recipients, and the respectable and non-respectable. Topics covered include the politicisation of the welfare system, the relief of distress, the provision of labourers' cottages and the role of women in poor law administration.

Running With Bonnie and Clyde The Ten Fast Years of Ralph Fults University of Oklahoma Press One of the most sought-after criminals of the Depression era, Ralph Fults began his career of crime at the improbable age of fourteen. At nineteen he met Clyde Barrow in a Texas prison, and the two men together founded what would later be known as the Barrow gang. Running with Bonnie and Clyde is the story of Fults's experiences in the Texas criminal underworld between the years 1925 and 1935 and the gripping account of his involvement with the Barrow gang, particularly its notorious duo, Bonnie and Clyde. Fults's "ten fast years" were both dramatic and violent. As an adolescent he escaped numerous juvenile institutions and jails, was shot by an Oklahoma police officer, and was brutalized by prison guards. With Clyde, following their fateful meeting in 1930, he robbed a bank to finance a prison raid. After the ambush of Bonnie and Clyde, in 1934, he joined forces with Raymond Hamilton; together the two robbed more banks and eluded countless posses before Hamilton's capture and 1935 execution. One of the few survivors among numerous associates who ended up shot, stabbed, beaten to death, or executed, Fults was later able to reform himself, believing that the only reason he was spared was to reveal the darkest aspects of his past-and in so doing expose the circumstances that propel youth into crime. Author John Neal Phillips tells Fults's story in vivid and at times raw detail, recounting bank robberies, killings, and prison escapes, friendships, love affairs, and marriages. Dialogues based on actual conversations amongst the participants enhance the narrative's authenticity. Whereas in books and mms, Fults, Parker, Barrow, and Hamilton have been romanticized or depicted as one-dimensional, depraved characters, Running with Bonnie and Clyde shows them as real people, products of social, political, and economic forces that directed them into a life of crime and bound them to it for eternity.

Although basing his account primarily on Fults's testimony, Phillips substantiates that viewpoint with references to scores of eyewitness interviews, police files and court documents, and contemporary news accounts. An important contribution to criminal and social history, *Running with Bonnie and Clyde* will be fascinating reading for scholars and general readers alike. *The Barren Ground of Northern Canada* London ; New York : Macmillan and Company **An account of a journey in 1889 to the desert region of Canada between Hudson Bay and the Arctic Sea, in order to find and study the musk-ox and its Indian hunters.** *Bhagavad Gita As Viewed By Swami Vivekananda* Advaita Ashrama (A publication branch of Ramakrishna Math, Belur Math) **Swami Vivekananda's views on the Bhagavad Gita are scattered throughout 'The Complete Works of Swami Vivekananda' published in nine volumes.
