The people of the Navajo Nation know mathematics education for their children is essential. They were joined by mathematicians familiar with ways to deliver problems and a pedagogy that, through exploration, shows the art, joy and beauty in mathematics. This combined effort produced a series of Navajo Math Circles—interactive mathematical explorations—across the Navajo Reservation. This book contains the mathematical details of that effort. Between its covers is a thematic rainbow of problem sets that were used in Math Circle sessions on the Reservation. The problem sets are good for puzzling over and exploring the mathematical ideas within. They will help nurture curiosity and confidence in students. The problems come with suggestions for pacing, for adjusting the problems to be more or less challenging, and for different approaches to solving them. This book is a wonderful resource for any teacher wanting to enrich the mathematical lives of students and for anyone curious about mathematical thinking outside the box. In the interest of fostering a greater awareness and appreciation of mathematics and its connections to other disciplines and everyday life, MSRI and the AMS are publishing books in the Mathematical Circles Library series as a service to young people, their parents and teachers, and the mathematics profession. **Cookies in a Jar Chocolate Chip Cookies Dozens of Recipes for Reinterpreted Favorites** Chronicle Books The beloved go-to dessert gets an update forty different ways—from savory sweet Duck Fat and Maple-Bacon versions to the grown-up Boozy Bourbon. The authors took the lyrics from songs by Schtärneföifi, Switzerland's most popular children's band, and first transcribed the Swiss German lyrics, then they translated them into both High German and English. Each song makes up a separate lesson, most coming with cultural notes as well as exercises and solutions that help you master the language. Further, these are not traditional kiddy songs. Instead these songs talk about finding excuses for missing homework, about how miserable it is to live with a know-it-all big brother, and the pains of going clothes shopping with your parents. The lyrics are madcap, preposterous, a tiny bit brazen and impudent. Furthermore, the tunes are really catchy. All the members of Schtärneföifi are professional musicians, so you'll hear straightahead rock as well as funk, hip-hop, house, rumba-calypto, country-western and even salsa. **Cookie Jar The Cutest Cookie Coloring Book** Great coloring book for all ages...from kids to adults! The book "Who Told You That You Were Naked?" looks at creation and How God used the word to speak and create all that we see and all that we are created to be from the beginning of time. Additionally, "Who Told You That You Were Naked?" looks at how the same words God uses to create and build, the enemy uses to distort and tear down the truth to trick use into forfeiting our Kingdom rights and authority. My prayer is after reading "Who Told You That You Were Naked?" you will experience an "aha" moment and reflect and hear God ask the question, "Who told you that you were naked?" Also, in the that moment come to the realization that your nakedness manifested because the enemy lied, tricked, and then exposed your nakedness. Finally, after reconciling that "aha" moment understand and know we need a Savior to cover our nakedness and redeem what the enemy has stolen. Karen L. Pryor is an ordained minister, evangelist, prayer warrior, and psalmist. The call that God has on her life is to evangelize, and spread that good news of gospel of Jesus Christ, and be a voice of encouragement to the Body of Christ. **READ: Step In, Gr.
