## Through New Eyes

## Developing a Biblical View of the World

Wipf and Stock Publishers

## A House for My Name

## A Survey of the Old Testament

**Canon Press & Book Service** The best stories subtly weave themes and characters and symbols into a stunning final tapestry. This Old Testament survey, written for family and classroom reading, reveals the rich weave that makes Scripture the Story of stories.

## The Baptism of Jesus the Christ

**Wipf and Stock Publishers** The baptism of Jesus by John the Baptizer is one of the theologically richest narratives in the Gospels, touching the transition from the old to the new covenant, the doctrines of water and

Holy Spirit baptism, and the doctrine of the Trinity, to name only the most significant of topics. In *The Baptism of Jesus the Christ*, Ralph Allan Smith addresses each of these areas, aiming in particular to respond to James D. G. Dunn's view that Jesus' baptism and the gift of the Spirit are fundamentally distinct events, to revive John Calvin's view of the baptism of Jesus as central to understanding Christian baptism, and to suggest directions for re-thinking the doctrine of God's attributes in the light of the fully personal interaction of Father, Son, and Spirit reflected in the baptismal narrative.

## The Handwriting on the Wall

## A Commentary on the Book of Daniel

American Vision Publisher's description: Jordan unravels the imagery of God's prophecies revealed in Daniel, events that were dawning in Daniel's lifetime.

## Primeval Saints

## Studies in the Patriarchs of Genesis

Canon Press & Book Service James Jordan reveals the fascinating weave of lives that bind together the heroes and villains of Genesis. Progressively, these lives image and reverse one another in an ascending narrative of action, a narrative all too commonly broken apart and missed. These heroes of the city of God -- Adam, Noah, Abraham, Isaac, Jacob, Joseph, and others -- come to flesh and blood in ways that undo our normal assumptions. In stark contrast to the selfish heroism of pagan literature, the heroism of Genesis triumphs by breaking all the standard rules. Jordan inverts so many of the traditional negative judgments against these patriarchs' alleged weaknesses and "sins" of deception, struggle, and tyranny that they stand forth as heroes rather than scoundrels. And yet this book is not just about the heroes of Genesis. Throughout, Jordan draws a picture of how Christian culture should be imagined and lived in our own day, from creativity and work to tyranny and freedom. You will never be able to read Genesis the same way again.

## The Glory of Kings

## A Festschrift in Honor of James B. Jordan

**Wipf and Stock Publishers** Over the past several decades, Reformed theologian and biblical scholar James B. Jordan has produced a unique body of work. His electrifying commentaries and essays on Scripture, along with his penetrating writings on Trinitarian theology, liturgics, music, and culture have inspired a growing number of pastors and theologians. In this Festschrift, Jordan's friends and associates celebrate his contributions by applying his methods and insights to a range of biblical, theological, liturgical, and cultural questions. *The Glory of Kings* aims to bring Jordan's work to the attention of a wider audience and to introduce the work of a scholar that R. R. Reno has called one of the most important Christian intellectuals of our day.

## 12 Rules for Life

## An Antidote to Chaos

**Penguin UK** Jordan Peterson's work as a clinical psychologist has reshaped the modern understanding of personality, and now he has become one of the world's most popular public thinkers, with his lectures on topics ranging from the Bible to romantic relationships drawing tens of millions of viewers. In an era of polarizing politics, echo chambers and trigger warnings, his startling message about the value of personal responsibility and the dangers of ideology has resonated around the world. In this book, he combines ancient wisdom with decades of experience to provide twelve profound and challenging principles for how to live a meaningful life, from setting your house in order before criticising others to comparing yourself to who you were yesterday, not someone else today. Gripping, thought-provoking and deeply rewarding, *12 Rules for Life* offers an antidote to the chaos in our lives: eternal truths applied to our modern problems.

# Forthcoming Books

## Creation in Six Days

### A Defense of the Traditional Reading of Genesis One

**Canon Press & Book Service** *Creation in Six Days* offers an exegetical, literary, and theological defense of the traditional interpretation of the Genesis account of six-day creation. Jordan's account is primarily designed to answer any approach to the text of Genesis, such as the increasingly popular Framework Hypothesis, that pits the text's literary features against its historical and narrative sense. Beyond his exegetical critique of several prominent positions, Jordan offers a constructive reading of the early parts of Genesis and also seeks to uncover the assumptions which attract people to the Framework Interpretation and similar views. The explanation, he says, lies in the acceptance of many of the questionable assumptions of modern science on the part of most Christians today, coupled with the pervasiveness of a gnostic or nonhistorical attitude toward the Christian faith.

## Revelation 1-11

**Bloomsbury Publishing** *The Book of Revelation* is the last book in the canon of the New Testament, and its only apocalyptic document, though there are short apocalyptic passages in various places in the gospels and the epistles. This first of two volumes on Revelation offers systematic and thorough interpretation of the book of Revelation. Revelation brings together the worlds of heaven, earth and hell in a final confrontation between the forces of good and evil. Its characters and images are both real and symbolic, spiritual and material, and it is frequently difficult to know the difference between them. Revelation's cryptic nature has ensured that it would always be a source of controversy. This commentary focuses on the theological content, gleaning the best from both the classical and modern commentary traditions and showing the doctrinal development of Scriptural truths. Scholarship on the book of Revelation has nonetheless not only endured, but even captured the imagination of generations of Bible students, both professionals and laypeople alike. Through its focus on the message of the book through scholarly analysis, this *International Theological Commentary* reconnects to the ecclesial tradition of biblical commentary as an effort in ressourcement, though not slavish repetition.

# Crisis, Opportunity and the Christian Future

**Theopolis Books** We are witnessing the end of Western Civilization. The present crisis in our culture is the greatest since the first century. Many commentators on the present scene believe that the entire world is moving into a period of neo-tribalism. In this striking book, theologian James B. Jordan argues that this cultural change is part of God's ongoing plan for humanity, the plan by which the Holy Spirit grows God's daughter, humanity, into a bride for His Son. The present crisis provides a tremendous opportunity for the Christian Church to challenge and transform the world as never before. Here, Jordan points to how this can be done. While many view the present crisis with dismay, and are looking backwards to older traditions, Jordan argues that God is calling us forward, and that the Bible points the way.

## Beyond Order

### 12 More Rules for Life

**Penguin UK** The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

## The Search for a Meaningful Life

**Word on Fire Institute Jordan Peterson's lectures and writings on psychology, philosophy, and religion have been a cultural phenomenon. Yet Peterson's own thought is marked by a tense suspension between archetype and reality--between the ideal of Christ and the God who acts in history. Jordan Peterson, God, and Christianity: The Search for a Meaningful Life is the first systematic analysis, from a Christian perspective, of both Peterson's biblical series on YouTube and his bestselling book 12 Rules for Life, with an epilogue examining its sequel, Beyond Order. Christopher Kaczor and Matthew R. Petrussek draw readers into the depths of Peterson's thought on Scripture, suffering, and meaning, exploring both the points of contact with Christianity and the ways in which faith fulfills Peterson's project.**

### Political Correctness Gone Mad?

**Simon and Schuster 'Without free speech there is no true thought.' -Jordan Peterson 'If you're white, this country is one giant safe space.' -Michael Eric Dyson The Munk debate on political correctness Is political correctness an enemy of free speech, sparking needless conflict? Or is it a weapon in the fight for equality, restoring dignity to the downtrodden? How should we talk about the things that matter most in an era of rapid social change? Four thinkers take on one of the most heated debates in the culture wars of the twenty-first century.**

### The Language of Creation

### Cosmic Symbolism in Genesis: a Commentary

**The Language of Creation is a commentary on the primeval stories from the book of Genesis. It is often difficult to recognize the spiritual wisdom contained in these narratives because the current scientific worldview is deeply rooted in materialism. Therefore, instead of looking at these stories through the lens of modern academic disciplines, such as sociology, psychology, or the physical sciences, this commentary attempts to interpret the Bible from its own cosmological perspective. By contemplating the ancient biblical model of the universe, The Language of Creation demonstrates why these stories are foundational to western science and civilization. It rediscovers the archaic cosmic patterns of heaven, earth, time, and space, and sees them repeated at different levels of reality. These fractal-like structures are first encountered in the narrative of creation and then in the stories of the Garden of Eden, Cain and Abel, and the flood. The same patterns are also revealed in the visions of Ezekiel, the book of Daniel, and the miracles of Moses. The final result of this contemplation is a vision of the cosmos centered on the role of human consciousness in creation.**

### James and the Giant Peach

**Penguin UK An enormous escaped rhinoceros from London Zoo has eaten James's parents. And it gets worse! James is packed off to live with his two really horrible aunts, Sponge and Spiker. Poor James is miserable, until**

## The Glory of Kings

# A Festschrift in Honor of James B. Jordan

**Pickwick Publications** Over the past several decades, Reformed theologian and biblical scholar James B. Jordan has produced a unique body of work. His electrifying commentaries and essays on Scripture, along with his penetrating writings on Trinitarian theology, liturgics, music, and culture have inspired a growing number of pastors and theologians. In this Festschrift, Jordan's friends and associates celebrate his contributions by applying his methods and insights to a range of biblical, theological, liturgical, and cultural questions. The Glory of Kings aims to bring Jordan's work to the attention of a wider audience and to introduce the work of a scholar that R. R. Reno has called "one of the most important Christian intellectuals of our day." "This Festschriftably honors Jim Jordan and his brilliant body of work, which has illumined the glories of biblical structure, symbolism, and typology like few others in our day. Perhaps his greatest legacy, however, will be how he inspired a new generation to see the Scriptures and God's world through new, more perceptive eyes. Some of today's most insightful Reformed pastors and teachers influenced by Jim have penned this excellent collection of essays in his honor--a masterful tribute befitting a master scholar-teacher." -Roy Atwood President, New Saint Andrews College "James B. Jordan is remarkable. There are plenty of Bible preachers in America who know the Scriptures well. Lots of professors read books in philosophy, history, and literature and have all sorts of interesting things to say about culture. Pundits cultivate a sharp, pungent, and readable style. But Jim is perhaps unique. Who else writes detailed interpretations of the book of Daniel and quotes Allen Tate's poetry? Who else can give a lecture on echoes of Leviticus in the apocalyptic vision of Zechariah and then chat over cigars about Friedrich von Hayek and Richard Weaver? Moreover, who can cover such a range with vivid images, punchy taglines, and memorable turns of phrase? Not many, which is why I've come to think of Jim Jordan as one of the most important Christian intellectuals of our day." -From the Foreword by R. R. Reno, Editor of First Things Peter Leithart is Senior Fellow of Theology and Literature at New Saint Andrews College in Moscow, Idaho, and a pastor at Trinity Reformed Church. He is the author of Deep Exegesis (2009) and Defending Constantine (2010). John Barach is the pastor of Covenant Presbyterian Church in Sulphur, Louisiana.

Trees and Thorns

# Studies in the First Four Chapters of Genesis

Presented for the first time in one volume, **Trees and Thorns: Studies in the First Four Chapters of Genesis** compiles studies from James B. Jordan on more than 130 aspects of stories in the first four chapters of the Book of Genesis, including observations about the biblical distinction between man and woman, ground water and heavenly water, permission and prohibition, the war waged by the Serpent against the Bride and the Messianic Seed, and more. Jordan's book shows how the narrative features and patterns in the early chapters of the Bible are critical to understanding the rest of God's Word as well as the effect of these formative chapters on our understanding of worship, theology, and the sacraments.

## Christendom and the Nations

Theopolis Books The Great Commission involves not merely witnessing to the nations but disciplining them. God's purpose is to fill the earth with His glory, bringing about a Christianized world, where each nation follows King Jesus. God will accomplish this through the faithful witness of His Church as He blesses the preaching of the gospel and the teaching of His Word. By the blessing of His Spirit, a true unity of confession will be established among all the nations to the end that every nation and language will praise Him (Rev. 7:9). In **Christendom and the Nations** James B. Jordan describes the foundational principles of Christian nations, drawing out the teachings of Scripture in regard to foreign policy, borders, immigration, and other foundational issues - all of which play a central role in bringing us closer to the day when "the earth is filled with the knowledge and glory of the Lord as the waters cover the sea."

## Front Page Girls

## Women Journalists in American Culture and Fiction, 1880-1930

Cornell University Press The first study of the role of the newspaperwoman in American literary culture at the turn of the twentieth century, this book recaptures the imaginative exchange between real-life reporters like Nellie Bly and Ida B. Wells and fictional characters like Henrietta Stackpole, the lady-correspondent in Henry James's *Portrait of a Lady*. It chronicles the exploits of a neglected group of American women writers and uncovers an alternative reporter-novelist tradition that runs counter to the more

familiar story of gritty realism generated in male-dominated newsrooms. Taking up actual newspaper accounts written by women, fictional portrayals of female journalists, and the work of reporters-turned-novelists such as Willa Cather and Djuna Barnes, Jean Marie Lutes finds in women's journalism a rich and complex source for modern American fiction. Female journalists, cast as both standard-bearers and scapegoats of an emergent mass culture, created fictions of themselves that far outlasted the fleeting news value of the stories they covered. *Front-Page Girls* revives the spectacular stories of now-forgotten newspaperwomen who were not afraid of becoming the news themselves--the defiant few who wrote for the city desks of mainstream newspapers and resisted the growing demand to fill women's columns with fashion news and household hints. It also examines, for the first time, how women's journalism shaped the path from news to novels for women writers.

## Maps of Meaning

### The Architecture of Belief

Routledge Why have people from different cultures and eras formulated myths and stories with similar structures? What does this similarity tell us about the mind, morality, and structure of the world itself? From the author of *12 Rules for Life: An Antidote to Chaos* comes a provocative hypothesis that explores the connection between what modern neuropsychology tells us about the brain and what rituals, myths, and religious stories have long narrated. A cutting-edge work that brings together neuropsychology, cognitive science, and Freudian and Jungian approaches to mythology and narrative, *Maps of Meaning* presents a rich theory that makes the wisdom and meaning of myth accessible to the critical modern mind.

## Savage Messiah

### How Dr. Jordan Peterson Is Saving Western Civilization

St. Martin's Press A fascinating biography and in-depth look at the work of bestselling writer and psychologist Dr. Jordan Peterson, by award-winning author Jim Proser. Who is psychologist, professor, bestselling author, and YouTube personality Dr. Peterson? What does he believe in? Who are his followers? And why is he so controversial? These are among the many questions raised in this compelling, exhaustively researched account of his life—from Peterson's early days as a religious-school student in small-town

Canada to his tenure at Harvard to his headline-making persona of the present day. In *Savage Messiah*, we meet an adolescent Peterson who, scoffing at the “fairy tales” being taught in his confirmation class, asks his minister how it’s possible to believe the Bible in light of modern scientific theory. Unsatisfied with the answer he’s been given, Peterson goes on to challenge other authority figures who stood in his way as he dared to define the world in his own terms. This won Peterson many enemies and more admirers than he could have dreamed of, particularly during the digital era, when his nontraditional views could be widely shared and critically discussed. Still, a fall from grace was never far behind. Peterson had always preached the importance of free speech, which he believed was essential to finding life-saving personal meaning in our frequently nihilistic world. But when he dismissed Canadian parliament Bill C-16, one that compelled the use of newly-invented pronouns to address new gender identities, Peterson found himself facing a whole new world. Students targeted him as a gender bigot. Conservatives called him their hero. Soon Peterson was fixed firmly at the center of the culture wars—and there was no turning back. With exclusive interviews of Dr. Peterson, as well as conversations with his family, friends, and associates, this book reveals the heart and mind, teachings and practices, of one of the most provocative voices of our time.

## Official Congressional Record Impeachment Set
