Becoming the Boss

New Rules for the Next Generation of Leaders

Harper Collins The author of Getting from College to Career reinvents the concept of management for a new generation, offering a fresh and relevant approach to career success that shows them how to make the next step: becoming a leader. We are in the midst of a leadership revolution, as power passes from Baby Boomers to Millennials. All grown up, the highly educated Generation Y is moving into executive positions in corporations and government, as well as running their own businesses, where they are beginning to have a profound impact that will last for decades. Written exclusively for Gen Y readers to address their unique needs, Becoming the Boss is a brisk, tech savvy success manual filled with real-world, actionable tips, from an expert they respect and relate to. Lindsey Pollak defines what leadership is and draws on original research, her own extensive experience, and interviews with newly minted Gen Y managers and entrepreneurs around the world to share the secrets of what makes them successful leaders—and shows young professionals how to use that knowledge to rise in their own careers. From learning to develop a style that appeals to your older colleagues, to discovering the key trends affecting your career, to mastering the classic rules of excellence that never go out of style, Becoming the Boss helps you identify your next professional move and shows you how to get there.

Reaching Generation Next

Effective Evangelism in Today's Culture

Baker Books Evangelism is at the core of Christianity. It is a life and death matter both for the salvation of individuals and for the continuing growth of the church. Although the message of the gospel never changes, its means of communication must be continually modified to reflect the thought patterns and worldview of our changing culture. Reaching Generation Next is the perfect guide on how to effectively proclaim the gospel in today's postmodern culture. Both theological and practical, it provides Christian leaders and laypeople with a basic understanding of the essential aspects of evangelism and with foundational guidelines on how to evangelize. Veteran evangelist Lewis Drummond helps Christians understand how and why today's generation thinks the way it does and offers, in capsule form, sensible answers and convincing reasons for faith. While providing a basic theology of evangelism and stressing the important role of leadership, the book's primary theme is that every believer must become an evangelist. Reaching Generation Next is a great resource for evangelism training classes. Each chapter concludes with discussion questions. Also included are sections on spiritual awakening movements, evangelizing the disabled, and surveys for churches and individuals.

Influencing Generation Next

The Next Generation of Leaders

Omar Dyer for Public Office (2009)

Coaches 101 This book is about the memoirs and trials of a candidate trying to get into the public life. It's a memoir of a program working hard to get financing from any entity, and it's about a candidate working hard to bring fundamental change to how people treat or is treated in politics. Whereas a fundamental change can come about it was written and seen in the eyes of Omar Dyer. During 2009, he out campaigned Jon S. Corzine and help the feds search and find where the corruption would be in New Jersey's hardest county: Hudson County.

Developing Next Generation Leaders for Transgenerational Entrepreneurial Family Enterprises

This illustrative book considers the interface of business structures, contexts, and leadership building blocks to explore the contingent nature of leadership development in transgenerational entrepreneurship. Longitudinal case studies of 27 family firms

The Future of the Policy Sciences

Edward Elgar Publishing This forward-thinking book examines the future of public policy as a discipline, both as it is taught and as it is practiced. Critically assessing the limits of current theories and approaches, leading scholars in the field highlight new models and perspectives.

The Future of Leadership Development

Psychology Press First Published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

Translation, Commentary, Theology

BRILL This project presents in three volumes a complete translation of and commentary on the Mishnah's and the Tosefta's first division, Zera'im (Agriculture), organized in eleven topical tractates, together with a systematic history of the law of Zera'im in the Mishnah.

The Remix

How to Lead and Succeed in the Multigenerational Workplace

HarperCollins A Wall Street Journal and Financial Times book of the month Millennials have become the largest generation in the U.S. workforce, and Generation Z workers are right behind them. Leaders and organizations must embrace the new ways of working that appeal to the digital-first generations, while continuing to appeal to Baby Boomers and Generation X, who will likely remain in the workforce for decades to come. Within any organization, team, meeting, or marketing opportunity, you will likely find any combination of generations, each with their own attitudes, expectations, and professional styles. To lead and succeed in business today, you must adjust to how Millennials work, continue to accommodate experienced colleagues and pay attention to the next generations coming up. The Remix shows you how to adapt and win through proven strategies that serve all generations' needs. The result is a workplace that blends the best of each generation's ideas and practices to design a smarter, more inclusive work environment for everyone. As a leading expert on the multigenerational workplace, Lindsey Pollak combines the most recent data with her own original research, as well as detailed case studies from Fortune 500 companies and other top organizations. Pollak outlines the ways businesses, executives, mid-level managers, employees, and entrepreneurs can tackle situations that may arise when diverse styles clash and provides clear strategies to turn generational diversity into business opportunity. Generational change is impacting all industries, all types of organizations, and all leaders. The Remix is an essential guide for anyone looking to navigate today's multigenerational

workplace, which is more diverse and varied than ever before.

Leadership Rules

How to Become the Leader You Want to Be

John Wiley & Sons An inspiring business fable that champions leadership for the Everyman From bestselling author Chris Widener comes a compelling new story showing what you give and get when you lead. The story follows down-cast protagonist Mike Keller who, recently separated from his wife and demoted at work, must relocate to a rural factory-town in Texas. There, Mike encounters the deep-rooted traditions of Texas high school football, and in the process learns everything business school didn't teach him about leadership from the most influential man in town-the local high school football coach. Highlights the Four Rules of Leadership: You Get What You Expect, You Get What You Model, You Get What You Reward, and You Get What You Work For Advises readers, in an accessible teaching style, on how to tailor the Rules to their own circumstances Includes reflection questions as a tool to guide readers in enriching their work life, family relationships, and social interactions Leadership Rules is an engaging, refreshing tale that imparts leadership lessons easily applied to both work life and your interpersonal relationships.

The Four Fields of Leadership

The Manual They Didn't Hand You When You Made VP, Director, Or Manager

Happy About Drawing from extensive interviews with corporate leaders and the author's 20 years as a strategy consultant and executive coach, these rules form an essential leadership manual.

Salsa, Soul, and Spirit

Leadership for a Multicultural Age

Berrett-Koehler Publishers Tapping the potential of the changing workforce, consumer base, and citizenry requires a leadership approach that resonates with our country's growing diversity. In "Salsa, Soul, and Spirit," Juana Bordas shows how incorporating Latino, African American, and American Indian approaches to leadership into the mainstream has the potential to strengthen leadership practices and inspire today's ethnically rich workforce. Bordas identifies eight core leadership principles common to all three cultures, principles deeply rooted in each culture's values and developed under the most trying conditions. Using a lively blend of personal reflections, interviews, and historical background, she shows how these principles developed and illustrates the creative ways they've been put into practice in these communities (and some forward-looking companies). Bordas brings these principles together into a multicultural leadership model that offers a more flexible and inclusive way to lead and a new vision of the role of the leader in the organization. Multicultural leadership resonates with many cultures and encourages diverse people to actively engage. In a globalized economy, success for leaders in the future will rest on their ability to shift to a multicultural approach. "Salsa, Soul, and Spirit" provides conceptual and practical guidelines for beginning that process.

Thicker Than Water

Book Three of the Power of Four series

SF MAZHAR Hadrian is dangerously close to winning the war. He has three of the four Elemental legacies. All that stands between him and complete dominance? Fourteen-year-old Aaron Adams. As a confused and guilt-ridden Aaron struggles to deal with a power that was never meant for him, he finds the worlds are crumbling under the brute force of Hadrian's warfare - the ruthless vantage will stop at nothing to steal the legacy Aaron holds to become the supreme ruler of the realm. Even if it means calling on his deadliest warrior: his son, Kyran. The Scorcher. Will Kyran turn his back on the bond he shares with Aaron, and do as he is commanded? Can blood prove to be thicker than water?

Human Rights Constitutionalism in Japan and Asia

The Writings of Lawrence W. Beer

Global Oriental The collection opens with a review of constitutionalism in Asia and the United States and concludes with a recent examination of Japan's rejection of war: 'Japan's Constitutional Discourse and Performance'. By way of Afterword, the author offers an in-depth review of 'Globalization of Human Rights in the 21st Century'.

Why Youth Vote

Identity, Inspirational Leaders and Independence

Springer This book examines the reasons why young people vote. Viewing political behavior through a psychological lens, this book uses psychological developmental models to test the theory of political identity development and explain how and why young people vote. Rather than studying why young people do not vote, as the majority of the literature does, the book discusses the mechanisms and purpose behind youth voting. Themes of the text include identifying how political identities develop in young people, how leaders can contribute to identity development, and how we can explain differences between young Independents who will vote and those who will not. The first chapter engages the reader with the background for each theoretical element of the book and develops the argument for the book as a whole. Three major substantive chapters discuss and test the theories of political identity development, political leadership as identity role models, and how we misunderstand political independence by not taking into account why young people might choose to identify as an Independent. The final chapter discusses implications for upcoming elections and how this research might better inform people and institutions interested in increasing youth turnout to reformulate their approach. An

overarching discussion of identity and the political components of identity development, this book will be of interest to political scientists studying public opinion and voting behavior, campaigns and elections, and political psychology, as well as practitioners such as civic engagement and youth voting groups who wish to engage young people in the political process.

Manager 3.0

A Millennial's Guide to Rewriting the Rules of Management

Amacom Books Provides a guide for management for millennials, explaining such topics as dealing with difficult people, making tough decisions, relating to all generations in the workplace, and delivering constructive feedback.

The Leadership Code

Five Rules to Lead by

Harvard Business Press What makes a great leader? It's a question that has been tackled by thousands. In fact, there are literally tens of thousands of leadership studies, theories, frameworks, models, and recommended best practices. But where are the clear, simple answers we need for our daily work lives? Are there any? Dave Ulrich, Norm Smallwood, and Kate Sweetman set out to answer these questions—to crack the code of leadership. Drawing on decades of research experience, the authors conducted extensive interviews with a variety of respected CEOs, academics, experienced executives, and seasoned consultants—and heard the same five essentials repeated again and again. These five rules became The Leadership Code. In The Leadership Code, the authors break down great leadership into day-to-day actions, so that you know what to do Monday morning. Crack the leadership code—and take your leadership to the next level.

Engaged Leadership

Transforming through Future-Oriented Design Thinking

Springer This professional book examines the concept of engaged leadership. Specifically, it focuses on the need for leaders in personal and professional realms, for-profit and non-profit, to understand the importance of engagement in order to achieve enhanced satisfaction and motivation among stakeholders (including employees, shareholders, investors, supporters, customers, suppliers, the community, competitors, family, and partners), and hence, an augmented level of designed thinking, which leads to increased innovation and on-going leadership development. Divided into three sections—engaged leadership development at the personal level, implementation at the organizational level, and manifestation in practice—this book provides professionals, practitioners and policy makers as well as students with the tools and skills to lead actively and conscientiously and help them understand the importance of creativity and compassion for development. Engaged leadership operates on the fundamental principle that leaders have to first and foremost perceive themselves as leaders, and then engage in design thinking, as they will need to develop strategies to reach, encourage, and positively appeal to these stakeholder groups. Leadership is neither limited to those holding formal managerial position, nor to any particular setting. Leaders can be found everywhere, in all layers of society. Leadership is only possible, however, if one dares to perceive and define oneself as a leader. And only when leadership is adopted as a reality within one's personal perception, can engaged leadership be applied. Featuring contributions from academics, scholars, and professionals from around the world, each providing cases, interactive questions and reflective notes, this book will be of interest to professionals, practitioners, policy makers, students and scholars interested in creative leadership, management, organizational behavior, and governance.

Leadership for Law Firms

The Law Society Leadership for Law Firms contains integrated research and anecdotal findings from over 70 interviews with Managing Partners, CEOs and other experts. The report offers practical guidance on the particular challenges faced by contemporary law firm leaders.

The Hamm Rules on Relationships, Leadership, Community, and Love

Dorrance Publishing The Hamm Rules on Relationships, Leadership, Community, and Love By: Leonard Hamm Leonard Hamm had everything stacked against him. Raised in public housing, he attended public schools where most students went down the wrong path. It would be easy to fall prey to dangerous temptations. Instead, Hamm worked hard and earned a basketball scholarship to attend college. He became a police officer and worked his way up to be Baltimore's 36th police commissioner. Now, he wishes to share what he's learned with others. The Hamm Rules on Relationships, Leadership, Community, and Love takes the tools one man has used to find success and translates them into easy step-by-step companion advice. Everyone in life needs some guidance. Let this book help you identify the tools you were born with and how to use them to lead a rewarding life.

China's Quest for Political Legitimacy

The New Equity-Enhancing Politics

Lexington Books This book examines the new equity-enhancing politics in China in the context of Chinese traditional cognitive patterns of political legitimacy and its implication for Chinese political development in the near future. Based on an analysis of the new governing philosophy, the generation of political elite, and a new set of public policies, the book reaffirms the emergence of a new Chinese polity that infuses one-party rule with limited electoral and deliberative democracies. Unlike many scholars who perceive the contemporary Chinese history as a constant search for democracy, this book takes a very different approach. It asserts that the enduring question in political development in China today is no different from what was sought after throughout Chinese history, namely, the constant search for political legitimacy. Even though the quest for democracy is instrumental to that end, it may not ultimately lead to the embrace of a full-fledged liberal democracy. The new politics is not only a rationalization of the efficiency-based development, but also a major paradigm shift in China's developmental strategy.

Advances in Global Leadership

Emerald Group Publishing Includes chapters on various concepts and processes associated with leading across cultures and other boundaries. Drawing on authors from many different cultures and contexts, this title contributes to bridging and integrating conceptual and practitioner perspectives in pursuing this deeper understanding.

Educational Strategies for the Next Generation Leaders in Hotel Management

IGI Global As the hospitality industry continues to grow, managers and educators are faced with the task of preparing future hospitality professionals for a rewarding but challenging career. Due to the impact of an ever-changing economy on the industry as a whole, the education of hotel managers and professionals has become an increasingly important area of study. Educational Strategies for the Next Generation Leaders in Hotel Management combines practical experience with the effective pedagogical approaches being implemented in higher learning institutions and hospitality programs internationally. Highlighting key issues surrounding the current and future scope of hotel management and the skills and knowledge necessary for career success in the hospitality industry, this publication is an essential reference source for hospitality managers, educators, and students interested in the future of the industry and the best practices for hospitality education. This publication features timely, research-based chapters and analysis relevant to topics in the hospitality industry including, but not limited to, craft-based learning, e-learning, higher education, hospitality management, human resources, opening delays, professional development, six sigma, women in global leadership, and work integrated learning.

China's Deep Reform

Domestic Politics in Transition

Rowman & Littlefield China's rapid and complex political and socioeconomic changes provide fertile ground for pioneering analysis, but they also present daunting theoretical and practical challenges. This reader takes up the challenge, offering the most comprehensive assessment of Chinese domestic politics available by bringing together the best recent scholarship in the field. The anthology focuses on the origin, content, and significance of the post-1989 phase of China's reform and opening to the world, commonly known in the PRC as "deep reform." This period has been unfolding in interaction with globalization, marketization, privatization, political institutionalization, as well as with financial and legal changes. Deep reform includes new policy initiatives that have penetrated political, legal, economic, and social sectors untouched by previous initiatives as reformers have been forced to deal with the consequences-intended and unintended-of earlier reforms. These carefully selected essays by leading scholars have been revised and updated for this text. In addition, a substantive introduction and conclusion place the articles in their broader context for readers new to the subject. With the successful transition of the leadership of the party, state, and military since 2002, the time is ripe for a comprehensive evaluation of China's deep reform as it enters a new stage. This timely reader will offer students, scholars, and policymakers invaluable insights into the dynamics of change in one of the world's emerging political and economic dynamos.

Kings of Disaster

Dualism, Centralism and the Scapegoat King in

Southeastern Sudan

African Books Collective This is the long awaited, revised and illustrated edition of Kings of Disaster, the study of the Rainmakers of the Nilotic Sudan that is in many ways a breakthrough in anthropological thinking on African political systems. Taking his inspiration from René Girard's theory of consensual scapegoating, the author shows that the longstanding distinction of states and stateless societies as two fundamentally different political types does not hold. Centralized and segmentary systems only differ in the relative emphasis put on the victim role of the king as compared with that of enemy. Kings of Disaster thus proposes an uninvolved solution to the vexed problem of regicide.

Leadership

Succeeding in the Private, Public, and Not-for-profit Sectors

M.E. Sharpe The contributors here seek to define exactly what leadership is or should be, and how to effectively develop it. Guided by an unusual framework that looks at leadership across different sectors and functions, they examine what they view as the major leadership challenges throughout the world.

Generation NeXt Parenting

A Savvy Parent's Guide to Getting it Right

Multnomah Get Real, Become Focused, Begin Thriving! You're a generation of parents aspiring to excellence in every way, but you're also just plain tired. You don't need another parenting book promising perfection or another formula guaranteeing great kids; you need practical advice that shows how to deal with your and your children's hearts. If you're worn out from trying to do too much while giving your child every opportunity under the sun, if you're striving to excel in every way but suffering from a lack of focus, this book is your solution. It will help you understand how your specific tendencies are common to your generation as a whole. You'll embrace the positive qualities that enable you to parent for God's glory. Lay a firm foundation and thrive as you raise up the next generation! Wanna Do It Right Without the Expert Advice? Looking for practical, doable tips and guidance for raising today's kids? Want to help them love God and be all that they can be (even if they don't join the Army)? If 70s and 80s bands (Run DMC), fashion (hot pink anything), and technology (music on cassette) bring back vivid youthful memories, Generation NeXt Parenting is the resource for you. Like secrets exchanged at recess with a trusted friend, this book offers helpful hints for raising your children during this exact time in history. Extensive research, input from hundreds of Gen X moms and dads, and a variety of Scripture references will help you navigate even the toughest parenting dilemmas. "Chock-full of useful quotes from experts and everyday parents, this is a grace-infused handbook for Gen Xers navigating the parenting journey." -Mary E. DeMuth, Author of Building the Christian Family You Never Had "As a young father, I not only relate to Tricia's message, but I'm very encouraged that there is a fantastic parenting resource for our generation." -Jordan Rubin, Founder of Garden of Life and author of The Great Physician's RX for Health and Wellness This book is designed like a magazine (not because you miss reading Seventeen, but because no parent has time to read a book cover to cover) and includes: • Quotes from fellow Gen X parents • Stats • Quizzes • Sidebars • Song lyrics • Study questions

Leaders and Laggards

Next-Generation Environmental Regulation

Routledge Consensus is growing internationally that traditional command-and-control approaches to environmental regulation have borne much of their low-hanging fruit. Yet it is far from clear what should complement or replace them. Regulatory agencies and policy-makers are struggling with a lack of information about regulatory reform, about what works and what doesn't, and about how best to harness the resources of both government and non-government stakeholders. Progress is being impeded unnecessarily by a lack of shared knowledge of how similar agencies elsewhere are meeting similar challenges and by a lack of data on the success or otherwise of existing initiatives. Despite recent and valuable attempts to deal with such problems in the European Union and North America, these remain islands of wisdom in a sea of ignorance. For example, when it comes to dealing with small and medium-sized enterprises, very little is known, and what is known is not effectively distilled and disseminated. Much the same could be said about the roles of third parties, commercial and non-commercial, as surrogate regulators, and more broadly of many current initiatives to reconfigure the regulatory state. Based on the authors' work for the OECD, Victorian Environmental Protection Authority and the Western Australian Department of Environment Protection, Leaders and Laggards addresses these problems by identifying innovative regulatory best practice internationally in a number of specific contexts, evaluating empirically the effectiveness of regulatory reform and providing policy prescriptions that would better enable agencies to fulfil their regulatory missions. Focusing primarily on the differing requirements for both corporations and small and medium-sized enterprises in North America and Europe, the book aims to complement existing initiatives and to expand knowledge of regulatory reform by showing: how existing experience can best be put to practical use "on the ground"; by drawing lessons from experiments in innovative regulation internationally; by reporting and extrapolating on original case studies; and by advancing understanding on which instruments and strategies are likely to be of most

value and why. The authors argue that the development of theory has outstripped its application. In essence, *Leaders and Laggards* aims to ground a myriad of theory on the reinvention of environmental regulation into practice. The book will be essential reading for environmental policy-makers, regulatory and other government officials responsible for policy design and implementation, academics and postgraduate students in environmental management, environmental law and environmental policy, and a more general readership within environmental policy and management studies. It will also be of interest to those in industry, such as environmental managers and corporate strategists, who are considering the use of more innovative environmental and regulatory strategies, and to environmental NGOs.

Human Rights in China in the Context of the Rule of Law

The Secret of the Jews

Letters to Nietzsche

Gefen Publishing House Ltd Friedrich Nietzsche is as often misunderstood as the Jews. Ben Moshe highlights Nietzsches admiration for the Jews of the Bible, and looks into the remarkable similarity between many of Nietzsche's writings and Jewish sacred texts.
