In Europe, French and German legislators and executives now routinely alter desired policies in response to or in anticipation of the pronouncements of constitutional courts. In Latin America and Africa, courts are--or will be-- important participants in ongoing efforts to establish constitutional rules and policies protect new or fragile democracies from the threats of military intervention, ethnic conflict, and revolution. This global expansion of judicial power, or judicialization of politics is accompanied by an increasing domination of negotiating or decision making arenas by quasi- judicial procedures. For better or for worse, the judicialization of politics has become one of the most significant trends of the end of the millenium. In this book, political scientists, legal scholars, and judges around the world trace the intellectual origins of this trend, describe its occurrence--or lack of occurrence--in specific nations, analyze the circumstances and conditions that promote or retard judicialization, and evaluate the phenomenon from a variety of intellectual and ideological perspectives. **Geography in the Changing World** *Rex Bookstore, Inc.* **The Power of Speech Iv Tm' 2003 Ed.** *Rex Bookstore, Inc.* **A Guide to Philippine Legal Materials A Text on Philippine Legal Bibliography, Philippine Legal History, Philippine Legal System, Legal Philosophy, Methods of Legal Research Imagining Modern Democracy A Habermasian Assessment of the Philippine Experiment** *State University of New York Press* Examines democracy in the Philippines using the political thought of Jürgen Habermas. Winner of the 2016 Outstanding Scholarly Work Award for the School of Humanities presented by Ateneo de Manila University This book is a pioneering study of Philippine democracy, one of the oldest in the Asian region, vis-à-vis Habermasian critical theory. Proceeding from a concise examination of the theory of law and democracy found in Habermas's Between Facts and Norms, Ranilo Balaguer Hermida explains how the law occupies the central role in both the legitimation of political power and the attainment of social integration. He then discusses how Habermas proposes to resolve the tension that exists in modern society between democratic norms and social facts, through the adoption of a lawmaking procedure whereby the informal sources of issues and opinions from the public sphere are allowed to develop and interact with the formal deliberations and decision processes inside the political system. He also explores certain provisions of the present Philippine Constitution that were expressly intended to restore democratic institutions and processes destroyed by decades of martial law, as well as the problems and hindrances that stand in the way of their full implementation. Ranilo Balaguer Hermida is Associate Professor of Philosophy at the Ateneo de Manila University in the Philippines. He received his PhD in philosophy from Monash University in Australia. **Social Justice and Human Rights in the Philippines The Book on Social Justice & Human Rights Philippine Constitutional Law Principles and Cases Philippine Holdings in the Library of Congress, 1960-1987 A Bibliography Index to Philippine Periodicals Official Gazette Subject Catalog Legal Research & Bibliography Extraordinary Powers and the Philippine Presidency The Law on Obligations and Contracts Philippine Government and Constitution Bowker's Law Books and Serials in Print A Bibliography of Philippine Laws Mass Media Laws and Regulations in the Philippines The Relationship of Presidential Extra-ordinary Powers to the Development of a Non-democratic Political System The Case of the Philippines Position papers and bibliography The National Union Catalogs, 1963- A Cumulative Author List Representing Library of Congress Printed Cards and Titles Reported by Other American Libraries Bibliographie Mensuelle Language Problems & Language Planning Budhi A Journal of Ideas and Culture**
