IntraWEB, LLC and Claitor's Law Publishing **The Code of Federal Regulations Title 14 contains the codified Federal laws and regulations that are in effect as of the date of the publication pertaining to aeronautics, air transportation / aviation (including large and small aircraft, such as commercial airplanes, helicopters, balloons and gliders), and space exploration, including areas overseen by the FAA and NASA.**

Federal Aviation Regulations -  
Aeronautical Information Manual for  
2006

Aviation Supplies & Academics **These handbooks present the latest civil aviation directives gathered from the Federal Aviation Regulations (FAR) and the Aeronautical Information Manual (AIM) for pilots, flight crew, and aviation maintenance technicians. All regulations that have changed since the last release are precisely marked and indexed to provide a clear listing of subject matter and to refer pilots and staff to the correct paragraph or regulation number. The FAR and AIM sections are reproduced in reset type**

for easier reading, and the AIM features detailed, full-color graphics. A suggested study list is provided, along with a helpful list of the addresses and phone numbers for the FAA, National Transportation Safety Board, National Ocean Service, and Flight Standards District Office.
