It is common that in any economic transaction, each party will try to get as much as possible benefits. Although, in reality, different conditions will produce

different advantages. This situation is also reflected in the case of Indonesia and Taiwan economic and trade relations, in which Taiwan seems to gain more benefits and opportunities rather than Indonesia, because of its high economic performance, advanced technology, and good quality of human resources. P2P LIPI continues the project in 2012 under the focus on "Feasibility study of ECA between Indonesia and Taiwan" by using two methodologies (or tools). First, Global Trade Analysis Project (GTAP) is to analyze the impact of ECA in the general equilibrium and the aggregated level. Second, Single Market Partial Equilibrium Simulation Tool (SMART) is to analyze impact the ECA in the partial equilibrium and disaggregated level. The Feasibility study covers two main aspects: (1) potential impacts of ECA Indonesia and Taiwan's trade relations. (2) potential regulatory cooperation between the two economics entities under the scheme of ECA. To deal with the asymmetric positions between Indonesia and Taiwan, government, civil society and private sector must have the same knowledge and understanding on how to reduce the gaps. This study has also shown a fruitful economic and trade relations between Indonesia Taiwan, although there are some conditions that need to be considered. First, since Indonesia has no diplomatic ties with Taiwan, the process of ECA will be much more difficult. The preparational stage will be the most important part to negotiate any policy on a single commodity in details, including environmental factor. This is primarily to reduce negative impact from Taiwan's FDI in Indonesia. Indonesia must pay more attention in the domestic priorities (trade and investment) that must be negotiated carefully in the context of ECA. This has to be the focus of the Indonesia's government policies. Economic growth has to be parallel with the distribution of income. Second, Indonesia generally earns minimum benefits from the ongoing FTAs. Therefore, ECA has to be constructed for producing more economic advantages for Indonesia. The most possible scenario under ECA is be strengthening the "Private to Private" (P to P) or "Business to Business" (B to B) ties. The political reality remains that China has taken different political treatment to Taiwan. In the regional context, ASEAN also respects to the One China Policy, although Taiwan has its own interpretation about the policy. In the context of ECFA (Economic Cooperation Framework Agreement), China and Taiwan, have different interpretations about ECFA. Yamaha YZF-R1 1998-2003 Haynes Manuals N. Chart Patterns After the Buy John Wiley & Sons Take chart patterns beyond buy triggers to increase profits and make better trades Chart Patterns: After the Buy goes beyond simple chart pattern identification to show what comes next. Author and stock trader Thomas Bulkowski is one of the industry's most respected authorities in technical analysis; for this book, he examined over 43,000 chart patterns to discover what happens after you buy the stock. His findings are detailed here, to help you select better buy signals, avoid disaster, and make more money. Bulkowski analyzed thousands of trades to identify common paths a stock takes after the breakout from a chart pattern. By combining those paths, he discovered the typical routes a stock takes, which he calls configurations. Match your chart to one of those configurations and you will know, before you buy, how your trade will likely perform. Now you can avoid potentially disastrous trades to focus on the big winners. Each chapter illustrates the behavior of a specific pattern. Identification guidelines help even beginners recognize common patterns, and expert analysis sheds light on the period of the stock's behavior that actually affects your investment. You'll discover ideal buy and sell setups, how to set price targets, and more, with almost 370 charts and illustrations to guide you each step of the way.
