FIREARMS GUIDE 4TH EDITION

THE MOST EXTENSIVE FIREARMS REFERENCE GUIDE IN THE WORLD! WITH 4,300 GUN SCHEMATICS.

[Impressum Media Inc](#) **FIREARMS GUIDE 4th EDITION** Five products on one DVD every shooter must have: Firearms Guide is the world's most extensive firearms, ammo and air guns reference guide and gun schematics library. It is a must have for anyone with an interest in firearms, air guns, ammunition, hunting and shooting, both for professionals and hobbyists. It is the ultimate tool to search, find, identify and research modern and historic guns. Our database of 57,000 guns and ammo from 630 manufacturers worldwide and Over 4,300 gun schematics with parts lists from 360 manufacturers is so extensive, we couldn't fit it in a book, so we put it on a double-layer DVD for your computer! Even though it is on DVD, Firearms Guide does not require any installation on the user's computer, it starts automatically when inserted, so it's really not software but a gun reference guide readable on PC. Using the Firearms Guide saves a lot of time and money for gun enthusiasts. Instead of buying several publications and surfing for hours on the internet from one manufacturer's website to another, by searching the Firearms Guide's database of 57,000 models from 630 manufacturers from around the world with 14 search criteria, the user gets a search result literally in a second. The user can check out guns, compare them and their prices, check the ammo that they use, and start another search. Plus, guns are presented with exclusive high-resolution color pictures unavailable anywhere else.- **EXAMPLE 1:** If you search Firearms Multimedia Guide by using this search criteria: Pistol, 45 ACP, Made in USA, Polymer frame, Stainless slide finish, With accessory rail, in price range \$500 - \$1,000 your search result will be 7 pistols. Try to do that in Google.- **EXAMPLE 2:** If you type in the Google search bar: Shotgun, Pump action, Thumbhole stock your search result will be 26,400 web sites. If you use the same search criteria in the Firearms Multimedia Guide your search result will be 18 shotguns.- **EXAMPLE 3:** If you type in the Google search bar: Pistol, 9mm Luger, Made in USA your search result will be 53,500 web sites. If you use the same search criteria in the Firearms Multimedia Guide your search result will be 72 pistols

1. Reference guide that presents over 57,000 models of Firearms, Airguns and Ammo from 630 manufacturers worldwide (45 countries)! • Now with Historic & Military Firearms - machine and submachine guns, assault rifles and other guns from Civil War, WWI, WWII, Vietnam War, etc • Computer searchable with 14 different search criteria! Hutton **THE LIFE OF SIR WALTER SCOTT** by J. G.

WEBLEY AIR PISTOLS

THEIR HISTORY AND DEVELOPMENT

Robert Hale Limited Despite a long history of involvement in the design and production of firearms, the Birmingham firm of Webley & Scott is probably better known to the general public for its manufacture of airguns than for any other product. Until now, there has been no published reference that concentrates exclusively on the history and development of Webley air pistols. This book has been prepared to offer a comprehensive guide for all those interested in the subject and who appreciate the traditional British craftsmanship entailed. It embraces all models based upon the same initial patent, which were produced between the years 1924 and 1999, commencing with the original 'Mark 1' and progressing through twelve other models to the final 'Webley Tempest' introduced more than half a century later. In addition to the pistols themselves, there are sections of the book relating to pellet styles and various shooting accessories produced by the same company. The whole work is divided into twenty-two sections, the text being accompanied throughout with 226 original photographs and over 70 line illustrations, each of which has been prepared by the author.

OFFICIAL AIRLINE GUIDE

INTERNATIONAL EDITION

LUGER

THE STORY OF THE WORLD'S MOST FAMOUS HANDGUN

Skyhorse + ORM From the author of *Rifles of the World*: "If you are interested in the history of pistol design and development this book is definitely one for you" ([War History Online](#)). The distinctive look of the Luger and its role in German military history make it the world's most famous handgun. In *Luger*, renowned gun expert John Walter traces the history of this semiautomatic pistol from an early design by Hugo Borchardt in the 1890s through its use in the trenches of the First World War to the final days of the Third Reich in WWII. Other books on the Parabellum-Pistole, as the Luger was also known, focus strictly on narrow subjects like manufacturing details or accessories. While still offering the technical details to satisfy the collector, Walter provides a comprehensive narrative history. Readers will learn of the initial collaboration between Borchardt and Georg J. Luger, who patented the design in 1898. Following initial adoption by the Swiss Army, design refinements convinced the Imperial German Navy to order the sidearm, while the US Army passed on it following field trials in favor of the Colt. Production ramped up for World War I and the gun became a prized trophy for Allied soldiers in both that conflict and World War II. (German soldiers, aware of their desirability, even used them as bait for booby traps.) Today, it is still desired by collectors both for its unique design and for its connection to the history of Nazi Germany, and *Luger: The Story of the World's Most Famous Handgun* tells how it came to be.
