McFarland **Films of the past 15 years have been released in a number of formats and reflect a reconceptualization of film genres, audiences and the impact of technology on adaptation. Focusing on multiple audiences, film adaptation, nationalism, globalism and consumer culture, this collection of new essays explores how children's film can be re-examined alongside recent developments in their production. These analyses consider the effect of multimedia strategies on the child audience, the opportunities for viewer participation and the pedagogical implications of films for children. The essays also address how childhood is embedded within films and linked to various consumer contexts.**

Hard Luck

A Nick Carter Novel

Xlibris Corporation **While Kathy was making phone calls and sending photos of the tattoo to several tattoo parlors, I went through my father's cold case logs. When I read the autopsy report from one of the cases, I knew I had a related case. I let Kathy read the report. "What do you think?" I asked. "It's the same MO as your Jane Doe. The victim was a Native American girl, seventeen to nineteen years of age with a new heart-shaped tattoo. The ink was household enamel. The killer thinned it down with turpentine. The killer used bleach to destroy any DNA evidence and killed her by pouring bleach down her throat. An incision to the wrist drained her blood. No sign of a struggle due to morphine. I'd say you have a serial killer."**
