I DARE YOU!

[Digireads.com](#) Considered to be one of the most important self-help books ever written, "I Dare You!" was first published in 1931 by William Danforth, the founder of the Ralston-Purina pet food company and the American Youth Foundation. Danforth was a successful entrepreneur who spent much of his life helping and counseling young people and founded a youth camp in Michigan dedicated to mentoring youth. In this influential work, he expounded on his belief that a healthy and productive life depended on keeping four important elements in balance. These elements were physical, mental, social, and religious. A person must develop each element individually, but must not focus on one element to the detriment of the others. Danforth also believed in the importance of dedicating one's attention and efforts to the task at hand and treating each job and day as the most important one ever. Danforth never approached any challenge with less than complete attention and he inspired countless young people with his unwavering enthusiasm and determination. "I Dare You!" is a timeless classic that will encourage everyone to face life's challenges with a determined spirit. This edition is printed on premium acid-free paper.

TAMILS IN SRI LANKA

A COMPREHENSIVE HISTORY (C. 300 BC - C. 2000 AD)

CreateSpace This book is a comprehensive history of the Sri Lankan Tamils, their territories, their politics, religion, language, socio-economics, art, literature and culture. Until the publication of this book, based on historical evidence, the Tamils' struggle for freedom has not been understood in its true light by those engaged in research, the majority of academics, politicians and ordinary people. The existing primary sources were not sufficient to write such an historical work. The author, in order to gather incontrovertible evidence, visited various archives, libraries, state institutions and university research centres located in the countries that are closely related to the history of Sri Lankan Tamils. These include India, Portugal, the Netherlands, Britain and the United States of America. This invaluable material has been compiled for the first time in this book. Here are some excerpts: " ... generally accept that the ancient people of Sri Lanka belonged to the Dravidian Language family and followed the Dravidian (Megalithic) culture of 'Urn Burials'. The findings of these scholars also show that there was a strong similarity between the ancient people of Sri Lanka and those of India, particularly from Tamil Nadu, Kerala, Kannada and the Andhra regions in South India where Dravidian languages are spoken." " ... that Saivism was firmly established in Sri Lanka long before the arrival of Buddhism to the island. The kings of the Anuradapura Kingdom had been Saivaites before the advent of Buddhism." ".". Archaeological evidence shows that the ancient Dravidian people of ancient Sri Lanka, influenced by the arrival of Buddhism and the North Indian languages associated with it, gradually embraced Buddhism, its cultural traditions and the languages related to it."

YOU CAN ACHIEVE MORE

LIVE BY DESIGN, NOT BY DEFAULT

Bloomsbury Publishing While it is often said that a person with a negative attitude cannot be helped, it is also true that a person with a positive attitude cannot be stopped. Life is an obstacle course in which we can often become our own biggest obstacle, but a positive attitude can be transformational. In one sense, this book is a road map for a life journey in achieving more. It offers direction and can help you make positive decisions in a noisy and cluttered environment. Success is neither a miracle nor a mystery. It is the natural outcome of consistently applying certain principles on an ongoing basis. Success does not depend upon special skills, formal education or superior intelligence. Success is a matter of understanding and acting upon principles that have been in existence for centuries. These principles may be simple in themselves but none of them will work unless they are put into firm and decisive action.

This book effectively teaches not only the principles of success but also how to avoid expensive and demoralising mistakes. The principles themselves are universal, cutting across country, culture and religion. Diligently practising them will help you develop confidence and allow your life to become more meaningful and rewarding. Applying these principles may require a lot of self-discipline and commitment but, once learned and applied, the results can be rewarding and gratifying. If you want to be successful and happy, then become a student and study the life of successful people in depth; if you want to become wealthy, then study the principles of acquiring wealth. Learning to make a living and learning to live are two different things. This book helps you design a more meaningful life, by making positive choices and avoiding the most common pitfalls. Acquiring facts is knowledge; interpreting facts is understanding; and the proper application of facts is wisdom. This book by Shiv Khera is designed to help you create an action plan to optimize your potential - in other words, to achieve more.

STILL COUNTING THE DEAD

SURVIVORS OF SRI LANKA'S HIDDEN WAR

Portobello Books The tropical island of Sri Lanka is a paradise for tourists, but in 2009 it became a hell for its Tamil minority, as decades of civil war between the Tamil Tiger guerrillas and the government reached its bloody climax. Caught in the crossfire were hundreds of thousands of schoolchildren, doctors, farmers, fishermen, nuns and other civilians. And the government ensured through a strict media blackout that the world was unaware of their suffering. Now, a UN enquiry has called for war-crimes investigations. Those crimes are recounted here to the wider world for the first time in sobering, shattering detail.

THE ART OF DEALING WITH PEOPLE

Les Giblin Books What is the one quality that all successful people have in common? They have mastered the art of dealing with people! Let this book show you how to: Achieve your goals Handle the human ego Become a master conversationalist Make others feel good about themselves And much more! Skill with people is the one essential ingredient for success and happiness at home and in business. "The Art of Dealing With People" gives you the skills to take your people skills to a level that you never thought possible! Skill in human relations is similar to skill in any other field, in that success depends on understanding and mastering certain basic general principles. You must not only know what to do, but why you're doing it. As far as basic principles are concerned, people are all the same. Yet each individual person you meet is different. If you attempted to learn some gimmick to deal successfully with each separate individual you met, you would be face with a hopeless task. Influencing people is an art, not a gimmick. When you apply

gimmicks in a superficial, mechanical manner, you go through the same motions as the person who "has a way," but it doesn't work for you. The purpose of this book is to give you knowledge based upon an understanding of human nature: why people act the way they do. The methods presented in this book have been tested on thousands of people who have attended my human relations seminars. They are not just my pet ideas of how you should deal with people, but ideas that have stood the test of how you must deal with people. That is, if you want to get along with them and get what you want at the same time. Yes, we all want success and happiness. And the day is long past, if it ever existed, when you could achieve these goals by forcing people to give you what you want. And begging is no better, for no one has respect for, or any desire to help, the person who constantly kowtows and literally goes around with his hand out, begging other people to like him. The one successful way to get the things you want from life is to acquire skill in dealing with people. Download now and you will learn how.

ONE PART WOMAN

Pushkin Press A vibrant fable of marriage, caste and social convention from a major Indian writer Kali and Ponna are perfectly content

in their marriage, aside from one thing, they are unable to conceive. As their childlessness begins to attract local gossip and family disapproval, they try everything from prayers to potions, but none of the offerings or rituals helps. Increasingly unhappy and desperate, they consider a more drastic plan: the annual chariot festival, a celebration of the half-male, half-female god Maadhorubaagan. For one night, the rules of marriage are relaxed, and consensual sex between unmarried men and women is overlooked, for all men are considered gods. But rather than bring them together, this scheme threatens to drive the couple apart. Selling over 100,000 copies in India, where it was published first in the original Tamil and then in this celebrated English translation, *One Part Woman* has become a cult phenomenon in the subcontinent, jump-starting conversations about caste and female empowerment. Tender, deeply poignant, and biting critical, *One Part Woman* is a powerful exploration of a loving marriage under strain. Perumal Murugan is an Indian author and professor of Tamil literature. He has written six novels and four collections each of short stories and poetry. His best-known novel *One Part Woman*, highly controversial in India, won the ILF Samanvay Basha Samman, and Aniruddhan Vasudevan's English rendering won the Translation Prize from India's National Academy of Letters.
