WATERPROOF MEMBRANES FOR PROTECTION OF CONCRETE BRIDGE DECKS

LABORATORY PHASE

NONFINANCIAL DEFINED CONTRIBUTION PENSION SCHEMES IN A CHANGING PENSION WORLD

VOLUME 2, GENDER, POLITICS, AND FINANCIAL STABILITY

World Bank Publications Nonfinancial Defined Contribution (NDC) schemes are now in their teens. The new pension concept was born in the early 1990s, implemented from the mid-1990s in Italy, Latvia, Poland and Sweden, legislated most recently in Norway and Egypt and serves as inspiration for other reform countries. This innovative unfunded individual account scheme created high hopes at a time when the world seemed to have been locked into a stalemate between piecemeal reforms of ailing traditional defined benefit schemes and introducing pre-funded financial account schemes. The experiences and conceptual issues of NDC in its childhood were reviewed in a prior anthology (Holzmann and Palmer, 2006). This new anthology published in 2 volumes serves to review its adolescence and with the aim of contributing to a successful adulthood. Volume 1 on Progress, Lessons, Implementation includes a detailed analysis of the experience and the key policy lessons in the old and new pilot countries and the implementation of NDCs elements in other reform countries. This volume 2 on Gender, Politics, Financial Stability includes deeper and new analyses of these issues that found little or no attention in the 2006 publication. The gender perspective includes 5 chapters with, perhaps, the most complete discussion on gender and pension issues available to date. The financial stability perspective addresses in 6 chapters critical micro- and macroeconomic aspects such as the balancing mechanism, the use of a reserve fund, the handling of legacy costs, and technicalities related to the management of the longevity risk when designing annuities. While the 2 volumes address many issues it also opens a number of new questions for which good answers are not yet readily available.

Paris

A RIGHT TO BEAR ARMS

STATE AND FEDERAL BILLS OF RIGHTS AND CONSTITUTIONAL GUARANTEES

Greenwood Publishing Group This work examines the significance of the right to bear arms in each of the first states and the state influences on the adoption of the Second Amendment of the federal constitution. This is the first book ever published on the immediate origins of the right to bear arms in the state and federal bill of rights. The work relies primarily on original sources such as period newspapers, constitutional convention debates, and the writings of the framers of the first state constitutions. The epilogue accounts for changes in bills of rights that have affected the issue of the right to bear arms.

RIFLE MARKSMANSHIP M16-/M4-SERIES WEAPONS

FM 3-22.9

Createspace Independent Publishing Platform This manual, "Rifle Marksmanship M16-/M4-Series Weapons," provides guidance for planning and executing training on the 5.56-millimeter M16-series rifle (M16A1/A2/A3/A4) and M4 carbine. It is a guide for commanders, leaders, and instructors to develop training programs, plans, and lessons that meet the objectives or intent of the United States Army rifle marksmanship program and FM 7-0. This manual is organized to lead the trainer through the material needed to conduct training during initial entry training (IET) and unit sustainment training. Preliminary subjects include discussion on the weapon's capabilities, mechanical training, and the fundamentals and principles of rifle marksmanship. Live-fire applications are scheduled after the Soldier has demonstrated preliminary skills.

PENSION REFORM

ISSUES AND PROSPECTS FOR NON-FINANCIAL DEFINED CONTRIBUTION (NDC) SCHEMES

World Bank Publications This book presents 25 state of the art papers on the conceptual foundations and issues surrounding Non-financial, or Notional, Defined Contribution (NDC), country implementation of NDC (Italy, Latvia, Poland, and Sweden) and case studies for countries where NDC is figured in the reform debate. This book is intended to be a handbook for academics and policy makers who want to become informed about what NDC is and to learn about the pros and cons of this attractive reform proposal.

NONFINANCIAL DEFINED CONTRIBUTION PENSION SCHEMES IN A CHANGING PENSION WORLD

VOLUME 1, PROGRESS, LESSONS, AND IMPLEMENTATION

World Bank Publications Pensions are under scrutiny worldwide in view of increasing life expectancy and adverse demographics. This volume offers an overview of unfunded individual accounts introduced in the mid-1990s in Italy, Latvia, Poland and Sweden in order to assure a successful adulthood and an even better start for the off-springs.

PENSION ECONOMICS

*John Wiley & Sons While not attempting to train readers as professional economists, this book aims to provide a secure grounding in the theory and practice of economics insofar as it deals with pension matters. From reading this book, the user will understand: * The key types of pension scheme * The role of pensions in maximizing individual lifetime welfare * The role of pensions in individual savings and retirement decisions * The role and consequences of the pension plan from the company's viewpoint * The role of pensions in promoting aggregate savings * The role of pensions and retirement in overlapping generations models * The economics of ageing and intergenerational accounting * The social welfare implications of pensions * The lessons of behavioural economics for pensions*
