World Religions

Western Traditions

Oxford University Press, USA Now in its fifth edition, this engaging, contributed survey of religions in the Western world - namely Judaism, Christianity, Islam, ancient religions, Indigenous traditions, and new religious movements - explores each tradition in depth from its origins, through its development, to thereligion's meaning and practice in contemporary society.

The British Study Edition of the Urantia Papers Book [eReader PDF]

Tigran Aivazian The British Study Edition of the Urantia Papers is based on the standard SRT text, but uses the metric system and adds a critical apparatus of textual variants and study notes.

LooseLeaf for Experiencing the World's Religions

McGraw-Hill Education Experiencing the World's Religions, 8e helps students understand the practices and beliefs of all the major religions at a time when the world is rife with sectarian conflicts and statistics show that Americans are seeking spiritual experience more than ever. By beginning each chapter with personal encounters with people of diverse faiths in his extensive travels, experienced religious scholar Michael Molloy brings alive how religions shape both individuals and whole cultures. In vivid illustrations, the vast majority of which have been replaced for this new edition, Molloy also delves into the art and architecture and celebrations and rituals of the major religions, which enhances students' visual learning. This text is written in an exciting and thought-provoking style, like those of the best travel writers, so that students feel as if they are experiencing the world's religions firsthand.

Experiencing the World's Religions Loose Leaf

Tradition, Challenge, and Change

McGraw-Hill Education Michael Molloy's multi-dimensional examination of religions, combined with Connect Religion's skills-based activities, provides an intimate learning experience for students. Experiencing the World's Religions integrated program supports today's students and provides skills that extend beyond the Introduction to Religion course, engaging both non-majors and majors in the subject. The goal of the 6th edition is to better meet the Introduction to Religion course challenges of building student engagement, developing critical analysis skills, and building writing skills. The 6th edition of Experiencing the World's Religions continues to include primary sources, current examples, and coverage of women, to ensure students are introduced to unfamiliar religions in ways that are accessible, inviting, and intriguing. Experiencing these concepts and cultures is the hallmark of Michael Molloy's approach. His pedagogy and activities are now fully integrated and assessable within Connect Religion, to make for an increased understanding of the most important and memorable elements of each religion. Writing activities in Connect Religion, tied to chapter narrative, offer students the chance to develop their critical analysis skills and put their informed opinions on religion into writing. The result is greater student engagement and greater course success.

Dimensions of the Sacred

An Anatomy of the World's Beliefs

Univ of California Press "Dimensions of the Sacred is arguably one of the most comprehensive and readable accounts of religion that we have had in the past thirty years. Not only does it provide a rich analysis of religious experience, but he also includes much that has been overlooked by other interpreters of the world's religions."—Richard D. Hecht, coauthor of The Sacred Texts of the World

World Religions

A Voyage of Discovery

Saint Mary's Press The major religions of the world are a mystery to many high school teens. Now you can help them unlock the doors of these traditions with our new text, World Religions: A Voyage of Discovery. The book is an introductory survey that helps eleventh and twelfth graders understand the people, dimensions, and religious principles of the world's major religions. The textbook includes a chapter on each of eleven major world religions, including Christianity, Islam, Hinduism, Buddhism, Judaism, and others. The text offers the Catholic perspective on interreligious dialogue, an overview of basic questions that religions address, and Ninian Smart's seven dimensions of religion. A glossary and word pronunciations in each chapter help students learn unfamiliar terms. In addition, the second edition of this text incorporates the following new features: a new chapter on modern trends in religion; new, more detailed maps; a new section on the Aztec religion of Mesoamerica; a sidebar in each chapter offering examples of the seven dimensions of religion; and review questions at the end of each chapter.

A History of the World's Religions

Prentice Hall A History of the World's Religions Shown Through Original Sources A History of the World's Religions bridges the interval between the founding of religions and their present state, and gives students an accurate look at the religions of the world by including descriptive and interpretive details from the original source materials. Refined by over forty years of dialogue and

correspondence with religious experts and practitioners around the world, *A History of the World's Religions* is widely regarded as the hallmark of scholarship, fairness, and accuracy in its field. It is also the most thorough yet manageable history of world religion available in a single volume, treating many subjects largely neglected in other texts. Teaching and Learning Experience Personalize Learning - MyReligionLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - A wealth of integrated primary source passages quoted from sacred texts give students an accurate look at the religions of the world by including descriptive and interpretive details Engage Students - All source materials within *A History of the World's Religions* are accompanied by explanatory comments. The Varieties of Religious Experience

A Study in Human Nature

Penguin Standing at the crossroads of psychology and religion, this catalyzing work applied the scientific method to a field abounding in abstract theory. William James believed that individual religious experiences, rather than the precepts of organized religions, were the backbone of the world's religious life. His discussions of conversion, repentance, mysticism and saintliness, and his observations on actual, personal religious experiences - all support this thesis. In his introduction, Martin E. Marty discusses how James's pluralistic view of religion led to his remarkable tolerance of extreme forms of religious behaviour, his challenging, highly original theories, and his welcome lack of pretension in all of his observations on the individual and the divine.

The Varieties of Religious Experience

A Study in Human Nature

Penguin Selected by the Modern Library as one of the 100 best nonfiction books of all time "The Varieties of Religious Experience is certainly the most notable of all books in the field of the psychology of religion and probably destined to be the most influential [one] written on religion in the twentieth century," said Walter Houston Clark in Psychology Today. The book was an immediate bestseller upon its publication in June 1902. Reflecting the pluralistic views of psychologist-turned-philosopher William James, it posits that individual religious experiences, rather than the tenets of organized religions, form the backbone of religious life. James's discussion of conversion, repentance, mysticism, and hope of reward and fears of punishment in the hereafter--as well as his observations on the religious experiences of such diverse thinkers as Voltaire, Whitman, Emerson, Luther, Tolstoy, and others--all support his thesis. "James's characteristic humor, his ability to put down the pretentious and to be unpretentious, and his willingness to take some risks in his choices of anecdotal data or provocative theories are all apparent in the book," noted Professor Martin E. Marty. "A reader will come away with more reasons to raise new questions than to feel that old ones have been resolved."

World War-D - Ebook version

The Case Against Prohibitionism. A Roadmap to Controlled Re-legalization

Columbia Communications Inc "World War-D" revolves around the simple but fundamental question: "Can organized societies do a better job than organized crime of managing and controlling psychoactive substances?" Jeffrey Dhywood obviously thinks they can, and explains why and how."World War-D" clearly demonstrates that prohibition is the worst possible form of control. The so-called "controlled substances" are effectively controlled by the underworld at a staggering and ever-growing human, social, economic, and geopolitical cost to the world."World War-D" lays out a concrete, pragmatic, and realistic roadmap to global re-legalization under a

multi-tiered "legalize, tax, control, prevent, treat, and educate" regime with practical and efficient mechanisms to manage and minimize societal costs.

The Status of Religion and the Public Benefit in Charity Law

Anthem Press 'The Status of Religion and the Public Benefit in Charity Law' is an apologetic for maintaining the presumption of public benefit for the charitable category 'advancement of religion' in democratic countries within the English common law tradition. In response to growing academic and political pressure to reform charity law – including recurring calls to remove tax exemptions granted to religious charities – the scholars in this volume analyse the implications of legislative and legal developments in Canada, the UK, Australia, New Zealand and South Africa. In the process, they also confront more fundamental, sociological or philosophical questions on the very nature and role of religion in a secular society that would deny any space for religious communities outside their houses of worship. In other words, this book is concerned with the place of religion – and religious institutions – in contemporary society. It represents a series of concerns about the proper role of the state in relation to the differing beliefs of citizens – some of which will quite rightly manifest in actions to benefit the wider society. This debate, then, naturally engages with broader issues related to secularism, civic engagement and liberal democratic freedoms.

The Sacred Art of Dying

How World Religions Understand Death

Paulist Press Examines how each of the major religions looks at death by including stories, teachings, and rituals that present a comparative religious meaning of death and afterlife. Written in textbook style with journal exercises at the end of each chapter.

World Religions Today

Oxford University Press, USA Revealing the significance of religion in contemporary life, World Religions Today, Sixth Edition, explores major religious traditions--Judaism, Christianity, Islam, Hinduism, Buddhism, South Asian religions, East Asian religions, indigenous religions, and new religions--as dynamic, ongoing forces in the lives of individuals and in the collective experience of modern societies. This unique volume accomplishes two goals: it connects today's religions to their classical beliefs and practices and focuses on how these religions have both radically changed the modern world and been changed by it. The book is enhanced by numerous pedagogical aids--text boxes, timelines, maps, illustrations, discussion questions, a comprehensive glossary of key terms, and suggestions for further reading--and more than 200 photographs. World Religions Today, Sixth Edition, is also available as two separate volumes: Religions of Asia Today, Fourth Edition: 978-0-19-064242-6 Religions of the West Today, Fourth Edition: 978-0-19-064241-9

Problems of Suffering in Religions of the World

Cambridge University Press A comparative general study of the problems of suffering as treated by Judaism, Christianity, Islam, Marxism, Hinduism and Buddhism.

Comparative Religious Ethics

A Narrative Approach to Global Ethics

John Wiley & Sons This popular textbook has been thoroughly revised and updated to reflect recent global developments, whilst retaining its unique and compelling narrative-style approach. Using ancient stories from diverse religions, it explores a broad range of important and complex moral issues, resulting in a truly reader-friendly and comparative introduction to religious ethics. A thoroughly revised and expanded new edition of this popular textbook, yet retains the unique narrative-style approach which has proved so successful with students. Considers the ways in which ancient stories from diverse religions, such as the Bhagavad Gita and the lives of Jesus and Buddha, have provided ethical orientation in the modern world. Updated to reflect recent discussions on globalization and its influence on cross-cultural and comparative ethics, economic dimensions to ethics, Gandhian traditions, and global ethics in an age of terrorism. Expands coverage of Asian religions, quest narratives, the religious and philosophical approach to ethics in the West, and considers Chinese influences on Thich Nhat Hanh's Zen Buddhism, and Augustine's Confessions. Accompanied by an instructor's manual (coming soon, see www.wiley.com/go/fasching) which shows how to use the book in conjunction with contemporary films.

Invitation to the Psychology of Religion, Third Edition

Guilford Publications The leading undergraduate psychology of religion text, this engaging book synthesizes cutting-edge theories and findings into an accessible account enlivened by personal reflections and contemporary examples. Raymond F. Paloutzian offers an authoritative overview of theoretical and empirical foundations; experiential, developmental, personality, and sociocultural dimensions of religion and spirituality; and clinical implications. Students are also given food for thought about bigger questions--how religion influences their own lives; what beliefs or values they hold most dear; and how to live in a multicultural, multireligious world. Each chapter opens with a brief topic outline and concludes with "Take-Home Messages" and suggestions for further reading. New to This Edition: *Reflects many years of scientific and theoretical advances. *Chapters on psychological theories, personality, and physical health. *New organizing concepts: religious meaning systems and the multilevel interdisciplinary paradigm. *Additional pedagogical features, including end-of-chapter "Take-Home Messages" and engaging topic boxes. *Descriptions of cutting-edge research methods. *Increased attention to multicultural issues.

The Cognitive Neuroscience of Religious Experience

Cambridge University Press An account of the neuroscience of religious experiences for those interested in scientific approaches to religion.

World Religions

A Guide to the Essentials

Baker Academic This masterful survey of world religions presents a clear and concise portrait of the history, beliefs, and practices of Eastern and Western religions. The new edition contains added material and has been revised throughout. The authors, both respected scholars of world religions, have over fifty years of combined teaching experience. Their book is accessibly written for introductory classes, can be easily adapted for one- or two-semester courses, and presents a neutral approach for broad classroom use. Pedagogical aids include further reading suggestions, photographs, sidebars, and pronunciation guides. An 800-question bank of multiple-choice test questions is available to professors through Baker Academic's Textbook eSources.

Faith and Reason

Clarendon Press Richard Swinburne presents a new edition of the final volume of his acclaimed trilogy on philosophical theology. Faith and Reason is a self-standing examination of the implications for religious faith of Swinburne's famous arguments about the coherence of theism and the existence of God. By practising a particular religion, a person seeks to achieve some or all of three goals - that he worships and obeys God, gains salvation for himself, and helps others to attain their salvation. But not all religions commend worship, and different religions have different conceptions of salvation. Faced with these differences, Richard Swinburne argues that we should practice that religion which has the best goals and is more probably true than the creeds of other religions. He proposes criteria by which to determine the probabilities of different religious creeds, and he argues that, while requiring total commitment, faith does not demand fully convinced belief. While maintaining the same structure and conclusions as the original classic, this second edition has been substantially rewritten, both in order to relate its ideas more closely to those of classical theologians and philosophers and to respond to more recent views. In particular he discusses, and ultimately rejects, the view of Alvin Plantinga that

the 'warrant' of a belief depends on the process which produced it, and John Hick's contention that all religions offer valid paths to salvation.

The Compact Guide To World Religions

Bethany House Succinct chapters provide an excellent guide to understanding Islam, Buddhism, Hinduism, Judaism, Taoism, Shintoism, and more.

The World's Religions, Revised and Updated

A Concise Introduction

Harper Collins The World's Religions, by beloved author and pioneering professor Huston Smith (Tales of Wonder), is the definitive classic for introducing the essential elements and teachings of the world's predominant faiths, including Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity, Islam, as well as regional native traditions. This revised and updated edition provides sympathetic descriptions of the various traditions, explaining how they work "from the inside," which is a big reason why this cherished classic has sold more than two million copies since it first appeared in 1958.

Potter & Perry's Fundamentals of Nursing ANZ edition - eBook

Elsevier Health Sciences Now in its 6th edition, this trusted reference for nursing students supports the development of safe, effective and person-centred practice. The text has been comprehensively revised by nursing leaders and experts from across the spectrum of clinical practice, education, research and health policy settings; and a highly experienced editorial team, which includes Jackie Crisp, Clint Douglas, Geraldine Rebeiro and Donna Waters. Global Trends 2040

A More Contested World

Cosimo Reports "The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come." -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

SCM Studyguide to Religious and Spiritual Experience

SCM Press Spiritual, religious, sacred, or mystical experiences may be broadly defined as subjective human experiences that appear to the person undergoing them, or to others, to convey or imply contact with or knowledge about a transcendent power, presence, or superior reality beyond the realm of the physical. Research has shown that these forms of awareness of 'something beyond' are of considerable significance in the ordinary lives of very many people, as well as being elements of signal importance in the origin and development of religion: not least by deepening characteristically spiritual or religious attitudes, emotions, beliefs, values and practices, along with fundamental orientations of life and quests for meaning. This Studyguide provides a succinct and lucid introduction to the subject for those studying religion at both undergraduate and GCE AS/A level. By exploring the key areas of both the empirical and theoretical study of religious and spiritual experience, the Studyguide will serve as an accessible and nonpartisan guide to enable its readers to explore the range of challenging data, debates, approaches, and issues that relate to the study of this widespread and significant phenomenon.

Experience of the Inner Worlds

Skylight Press Originally published in 1975, Experience of the Inner Worlds is a classic magical textbook of the Western Mystery Tradition. Covering a wide range of topics within a Christian-oriented Qabalistic framework, Gareth Knight explains the difference between magic and mysticism, natural and revealed religion, monism and theism. He also covers the practicalities, examining methods of inner plane communication, contact with the Masters, the 'consciousness' approach of Carl Jung, the vision of Dante and the archetypal power of the Hebrew alphabet - all within the context of the Qabalistic Tree of Life. The book also contains powerful visualisation exercises and examples of communication with angelic and elemental contacts. While this book can be used as a course of self-instruction, it is also an important modern reference book of magical theory and practice, and has been used for decades by students of Western Qabalah and magic.

EBOOK: Experiencing Intercultural Communication: An

Introduction

McGraw Hill The new Southern African edition of this popular introductory textbook offers students a practical and accessible framework for developing their intercultural communication skills. It provides a global perspective on intercultural communication while allowing students to contextualise their knowledge with relevant examples, applications and perspectives. Recognising that students in Southern African come from diverse cultural, ethnic and linguistic backgrounds, it provides discussion of issues and perspectives they can apply to everyday life and to broader contexts.

Is Faith Delusion?

Why Religion is Good for Your Health

A&C Black How, in a scientifically and technologically advanced age, can people still believe in God? Andrew Sims examines both the connection and the division between Christian faith and psychiatry.

World Social Report 2020

Inequality in a Rapidly Changing World

United Nations This report examines the links between inequality and other major global trends (or megatrends), with a focus on technological change, climate change, urbanization and international migration. The analysis pays particular attention to poverty and labour market trends, as they mediate the distributional impacts of the major trends selected. It also provides policy recommendations to manage these megatrends in an equitable manner and considers the policy implications, so as to reduce inequalities and support their implementation.

The World's Religions in Figures

An Introduction to International Religious Demography

John Wiley & Sons Created by two of the field's leading experts, this unique introduction to international religious demography outlines the challenges in interpreting data on religious adherence, and presents a contemporary portrait of global religious belief. Offers the first comprehensive overview of the field of international religious demography - detailing what we know about religious adherents around the world, and how we know it Examines religious freedom and diversity, including agnostics and atheists, on a global scale, highlighting trends over the past 100 years and projecting estimates for the year 2050 Outlines the issues and challenges related to definitions, taxonomies, sources, analyses, and other techniques in interpreting data on religious adherence Considers data from religious communities, censuses, surveys, and scholarly research, along with several in-depth case studies on the global Muslim population, religion in China, and the religious demography of recently created Sudan and South Sudan Argues against the belief that the twentieth-century was a 'secular' period by putting forward new evidence to the contrary Provides resources for measuring both qualitatively and quantitatively important data on the world's religious situation in the twenty-first century

Handbook of Religion and Health

Oxford University Press The Handbook of Religion and Health has become the seminal research text on religion, spirituality, and health, outlining a rational argument for the connection between religion and health. The Second Edition completely revises and updates the first edition. Its authors are physicians: a psychiatrist and geriatrician, a primary care physician, and a professor of nursing and specialist in mental health nursing. The Second Edition surveys the historical connections between religion and health and grapples with the distinction between the terms "religion" and "spirituality" in research and clinical practice. It reviews research on religion and mental health, as well as extensive research literature on the mind-body relationship, and develops a model to explain how religious involvement may impact physical health through the mind-body mechanisms. It also explores the direct relationships between religion and physical health, covering such topics as immune and endocrine function, heart disease, hypertension and stroke, neurological disorders, cancer, and infectious diseases; and examines the consequences of illness including chronic pain, disability, and quality of life. Finally, the Handbook reviews research methods and addresses applications to clinical practice. Theological perspectives are interwoven throughout the chapters. The Handbook is the most insightful and authoritative resource available to anyone who wants to understand the relationship between religion and health.
