DK Eyewitness Travel Guide Southwest USA & Las Vegas - showing you what others only tell you. Now available in PDF format. Tourism in Turbulent Times [Routledge](#) Tourism in Turbulent Times presents an international review of the challenges faced by the world's largest industry and governments around the world to provide safe and enjoyable experiences for visitors. The book draws on the background and expertise of contributors from 11 countries, representing scholars, government officers and industry practitioners. It addresses traditional concerns for tourism (such as crime) as well as emerging challenges posed by the global movement of infectious disease and terrorism. These topics are examined by specialists who share a view that tourism can weather turbulent times through adopting appropriate risk management strategies and continuing to provide quality service for customers. This book differs from other texts on the market by including a large group of tourism industry practitioners as contributors. These writers practice the principles they espouse and have critical insight into the real world issues facing the tourism industry. They are also very committed to finding best practice solutions to the challenges facing their industry. The book will therefore be of particular interest to tourism managers and policy makers since it provides relevant information for the important decisions they need to make. Throwing the net wide to include medicine, law, psychology, sociology, education and hard science means that a wide range of perspectives are available to address global business, insurance, security, and policy questions in this emerging area of tourism. Shocks such as the terrorist attacks of 11 September 2001, SARS and the more recent Asian Tsunami have made the tourism industry very conscious of the need to protect its customers. This book highlights the positive responses made by various sectors of the industry at destination, national and international levels. It also examines the growing adventure tourism market, characterised by small operators who need good risk management practices to weather adverse global events, as well as run a financially viable small business. Such a wide set of perspectives will be very valuable to both students and tourism professionals. Hiking the Grand Canyon A Detailed Guide to More Than 100 Trails [Simon and Schuster](#) Perfect for first-time visitors, day hikers, and seasoned canyoneers alike, expert hiker John Annerino's Hiking the Grand Canyon is one of the most user-friendly and comprehensive guides to America's premier natural wonder and UNESCO World heritage Site.? Fold-out map of Grand Canyon Trails? Color photographs and historical black and white photos? Vignettes of the Canyon's Native Peoples, explorers, and trail blazers? Environment, geology, life zones, natural history, and sacred landmarks? Preparation, training, clothing, gear, food, maps, hazards, and precautions? Camping, lodging, guided trips, permits, and resources Featuring detailed, authoritative descriptions of more than one hundred of the Canyon's best trails, from easier day hikes perfect for beginners to more rigorous, rim-to-river and cross-canyon treks. Geologic Field-trip Guide to the Volcanic and Hydrothermal Landscape of the Yellowstone Plateau [Government Printing Office](#) Banff, Jasper and Glacier National Parks [Lonely Planet](#) Lonely Planet expands its national parks series with a new guide to the jewels of the Canadian Rockies, Banff and Jasper National Parks. The book offers advice on the best sights, hikes, campgrounds and more. Packed with outdoor activities and places to stay and eat, the national parks guides help everyone-from road-tripping families to serious outdoor

enthusiasts-plan and enjoy an unforgettable vacation. Banff, Glacier & Jasper National Parks explores regions of spectacular beauty with some of the world's best scenery, climbing, hiking and skiing. The parks offer jagged, snowcapped mountains, peaceful valleys, rushing rivers, natural hot springs, alpine forests and pristine lakes. With abundant wildlife, a wealth of activity options and the amenities of resort towns like Banff and Lake Louise, these parks are truly national treasures, and this guide will help travellers make the most of their visit. The Rough Guide to USA [Rough Guides](#) The Rough Guide to the USA is the most comprehensive and colourful guide to the fifty states available. There are lively accounts of every region and attraction from the bright lights of Broadway to the vast open plains of Wyoming. The guide gives refreshingly opinionated reviews of the established sights and landmarks as well as uncovering many of the lesser-known gems, allowing the visitor to make the most of their trip. There are feature boxes that provide information on a variety of subjects from the Delta blues to the geology of the Grand Canyon. There are also maps and plans to help you navigate around the major attractions, inner city streets or interstates Fodor's Montana and Wyoming With Yellowstone, Grand Teton, and Glacier National Parks The Tourism and Leisure Experience Consumer and Managerial Perspectives [Channel View Publications](#) People do not buy products or even services; they purchase the total experience that the product or service provides. This book brings together

established and emerging international scholars to provide systematic reviews and illustrative cases drawn from tourism, leisure, hospitality, sport and event contexts. The book provides a useful framework for focusing the goals and associated methodologies of future research efforts and for implementing the results of these efforts. **Yellowstone & Grand Teton National Parks Picture CD. The Art of the National Parks (Fifty-Nine Parks) (National Parks Art Books, Books For Nature Lovers, National Parks Posters, The Art of the National Parks) [Simon and Schuster](#) Explore the majesty of the National Parks through the eyes of contemporary artists. ART OF THE NATIONAL PARKS is a beautiful art book that displays the unique beauty of each U.S. National Park, as captured by the Fifty-Nine Parks Print Series Fifty-Nine Parks collaborated with some of the world's foremost contemporary artists and designers to create original posters that celebrate the unique beauty of the U.S. National Park system. The wildly popular poster art that resulted is now available as a collection for the first time in this gorgeous art book. A contemporary take on the W.P.A. posters of the 1930s, each poster is a unique and original reflection of the talent and perspective of the contemporary artist who created it, resulting in a one-of-a-kind tribute to the majesty of the national parks. Includes art of the Top Ten Most Visited National Parks as rated by the National Park Service: (1) Great Smoky Mountains, (2) Grand Canyon, (3) Rocky Mountain, (4) Zion, (5) Yosemite, (6) Yellowstone, (7) Acadia, (8) Grand Teton, (9) Olympic, and (10) Glacier. Filled with Facts: Includes a comprehensive history and overview of the flora, fauna, and best sights in each park. Travel Guide: With seasonality and travel tips, Our National Treasure: The Art of the National Parks can also be used as a guide for visiting the national parks. Gift for Nature Lovers: An ideal gift gift for armchair travelers, national park enthusiasts, and anyone who appreciates contemporary art and design. Each Book Gives Back: Sales benefit the National Park Service. "Highlights the unique beauty of each national park" -SierraClub.com Adventure Tourism [CABI](#) Adventure tourism is a new, rapidly growing area at both practical and academic levels. Written at an introductory level, Adventure Tourism provides a basic background and covers commercial adventure tourism products across a range of adventure tourism sectors. The American Environment Revisited Environmental Historical Geographies of the United States [Rowman & Littlefield](#) This innovative book provides a dynamic—and often surprising—view of the range of environmental issues facing the United States today. A distinguished group of scholars examines the growing temporal, spatial, and thematic breadth of topics historical geographers are now exploring. Seventeen original chapters examine topics such as forest conservation, mining landscapes, urban environment justice, solid waste, exotic species, environmental photography, national and state park management, recreation and tourism, and pest control. Commemorating the twenty-fifth anniversary of the publication of the seminal work *The American Environment: Interpretations of Past Geographies*, the book clearly shows much has changed since 1992. Indeed, not only has the range of issues expanded, but an increasing number of geographers are forging links with environmental historians, promoting a level of intellectual cross-fertilization that benefits both disciplines. As a result, environmental historical geographies today are richer and more diverse than ever. The American Environment Revisited offers a comprehensive overview that gives both specialist and general readers a fascinating look at our changing relationships with nature over time. *Over the Edge Death in Grand Canyon : Gripping Accounts of All Known Fatal Mishaps in the Most Famous of the World's Seven Natural Wonders* Gripping accounts of all know fatal mishaps in the most famous of the World's Seven Natural wonders.**
