THE INVISIBLE STRING

DeVorss & Company A steady best-seller and The Invisible String is reaching all over the World! OVER 400,000 copies sold! "That's impossible", said twins Jeremy & Liza after their Mom told them they're all connected by this thing called an Invisible String. "What kind of string"? They asked with a puzzled look to which Mom replied, "An Invisible String made of love." That's where the story begins. A story that teaches of the tie that really binds. The Invisible String reaches from heart to heart. Does everybody have an Invisible String? How far does it reach, anyway? Does it ever go away? Read all about it! THE INVISIBLE STRING is a very simple approach to overcoming the fear of loneliness or separation with an imaginative flair that children can easily identify with and remember. Here is a warm and delightful lesson teaching young and old that we aren't ever really alone and reminding children (and adults!) that when we are loved beyond anything we can imagine. "People who love each other are always connected by a very special String, made of love. Even though you can't see it with your eyes, you can feel it deep in your heart, and know that you are always connected to the ones you love." Thus begins this heart-warming and reassuring story that addresses the issue of "separation anxiety" (otherwise known as the sense of existential 'aloneness') to children of all ages. Specifically written to address children's fear of being apart from the ones they love, The Invisible String delivers a particularly compelling message in today's uncertain times that though we may be separated from the ones we care for, whether through anger, or distance or even death, love is the unending connection that binds us all, and, by extension, ultimately binds every person on the planet to everyone else. Parents and children everywhere who are looking for reassurance and reaffirmation of the transcendent power of love, to bind, connect and comfort us through those inevitable times when life challenges us! Let's tell the whole world that we are ALL connected by Invisible Strings! Adopted by Military Library Services & Foster Care Agencies Recommended by Bereavement Support Groups and Hospice Centers

Bookouture 'SIMPLY BRILLIANT... I finished the book at 3:40 am and I was so happy that I lost my hours of sleep over this book. One of my great midnight reads.' Book Reviews by Shalini, ★★★★★ He was perfect. Denim-blue eyes, a dazzling smile. And he hadn't sent me a picture of his junk. Which is about as rare, these days, as a Dodo. When Sloane met Myles, everything fell into place. He loved a Martini almost as much as she did, shared her passion for four-cheese pizzas, and made her laugh harder than any episode of *Friends*. A very big one. The fairytale is over. Her heart is blown to smithereens. Drowning her sorrows in Ben & Jerry's can only get Sloane so far before she has to decide... Can she learn to love herself more than she loved the love of her life? ENHANCING EVALUATION USE

SAGE Enhancing Evaluation Use: Insights from Internal Evaluation Units offers invaluable insights from real evaluators who share strategies they have adopted through their own experiences in evaluation. Readers will learn about the challenges, solutions, and lessons drawn from the experience of evaluators working in a wide range of organizations. Referencing the latest literature, contributors discuss factors that help or undermine attempts to foster an evaluative thinking and learning culture within an organization. Applicable in a wide range of situations, their accounts demonstrate the initiative and innovative thinking they use to address challenges in various, sometimes complex, evaluation settings. Questions at the end of each chapter stimulate thought and discussions about the issues raised and allow readers to apply their findings to their own situations. "This book speaks to a cutting-edge topic, that is, the potential to generalize program evaluation expertise to larger organizational questions, and the cases from multiple international contexts represent a unique feature." —John Clayton Thomas, Georgia State University "The use of actual cases to highlight major concepts in evaluation in the public sector is a great feature." —Danica G. Hays, Old Dominion University "The text provides practical information from a variety of organizational contexts and the integration of international experiences provides for expanded discussion of evaluation theory and practice." —Kathleen Norris, Plymouth State University "The key strengths of this book lie in its national, supra-national and international organizational contexts, its consistency in insider perspectives, and the detailed examples provided." —Donna Haig Friedman, University of Massachusetts, Boston EVALUATION IN ORGANIZATIONS: A BOOK REVIEW by Robert Picciotto, UKES Council Member (Excerpted) "The book of essays reviewed here was edited by two eminent evaluators. It fills an important gap in the literature: in pursuit of improved quality of evaluation products, evaluation thinkers have lavished attention on evaluation methods, ethics and use but they have sorely neglected evaluation governance issues and have largely failed to probe the workings of evaluation within organizations. All contributors to the book are seasoned practitioners. They hail from national, supranational and international organizations and many of them have trespassed across these thematic and organizational boundaries. They all are equipped to draw on a vast reservoir of hands--on experience as evaluation commissioners, managers, internal evaluators or external practitioners. Given its pragmatic focus the book is bound to elicit broad based interest among evaluation practitioners. While it addresses familiar dilemmas and challenges (evaluation independence, evaluation utilization, organizational learning, nurturing of an evaluation culture, etc.) it does so from the distinctive perspective of "insiders" who have had to contend with a

variety of organizational constraints and management pressures. [It] should be of practical value to teachers, students, professional evaluators as well as evaluation commissioners and programme managers. All in all, this is a book that belongs on your shelf if you are intent on enhancing the role that evaluation plays in your organization."

AMERICAN SPORTS IN AN AGE OF CONSUMPTION

HOW COMMERCIALIZATION IS CHANGING THE GAME

McFarland Sports are not what they used to be. New publicly funded stadiums resemble shopping malls. Fans compete for cash prizes in fantasy sports leagues. Sports video games are now marketing and public relations tools and team logos have become fashionable brands. The larger social meanings sports hold for fans are being eclipsed by their commercial function as a means to sell merchandise and connect corporate sponsors with consumers. This book examines how the American consumer culture affects professional and collegiate sports, reducing fans to consumers and trivializing sports themselves. Instructors considering this book for use in a course may request an examination copy [here](#).

CITY CREATURES

ANIMAL ENCOUNTERS IN THE CHICAGO WILDERNESS

University of Chicago Press In any given year, in the spring and fall, some 7 million birds representing 300 different species migrate through the city of Chicago. They come for great architecture, cuisine, song, views, and flyways—creating their own urban nature. They alight our forest preserves, our lakefront paths, and the minds and hearts of citizens and students through the urban region. Chicago has gone to extensive lengths as a city to aid its finned, feathered, scaled, and furry animals enjoy the city as much as its bipedal inhabitants. Chicago is "Nature's Metropolis. Nature lovers, amateur naturalists, community organizers, urban agriculturalists, social workers, and concerned citizens have always been part of the fabric of the city. Chicago Creatures aims to animate this natural world of the Chicago region, using stories, poems, and art to show how the vibrancy of nature in Chicago runs like a rhizome throughout our collective experience as urban naturalists. Recognizing the stories have often the best means of reaching readers, the essays in this volume tell stories about urban nature, and so too do the poems, and paintings, and photos. We see in these various creative forms how nature inspires, and holds meaning, even in an urban wilderness, and perhaps because of the urbanity of it all in some cases. The pieces are organized thematically, around the types of places and encounters readers would have with urban nature. The ultimate hope is that in learning about the animals of the city readers will think more about their conservation and longevity. And while the experiences might be local, the messages in this book are born to fly.
