South Western Educational Publishing Accounting is the all-time market-leading text for the principles of accounting course. It makes accounting relevant for all students, not just accounting majors, with real-life examples all students can identify with. The complete learning package makes a significant difference in the classroom, with Homework Assistant Tutorial diskettes to IBM Templates for student comprehension, and the SWIMM Integrated Media Manager to video lectures for instructor ease. With a compelling writing style and numerous pedagogical features and exercises, students really get the most out of this text.

PRINCIPLES OF ACCOUNTING VOLUME 1 - FINANCIAL ACCOUNTING

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.
