Neutrality in International Law

From the Sixteenth Century to 1945

Taylor & Francis **Neutrality is a legal relationship between a belligerent State and a State not participating in a war, namely a neutral State. The law of neutrality is a body of rules and principles that regulates the legal relations of neutrality. The law of neutrality obliges neutral States to treat all belligerent States impartially and to abstain from providing military and other assistance to belligerents. The law of neutrality is a branch of international law that developed in the nineteenth century, when international law allowed unlimited freedom of sovereign States to resort to war. Thus, there has been much debate as to whether such a branch of law remains valid in modern international law, which generally prohibits war and the use of force by States. While there has been much debate regarding the current status of neutrality in modern international law, there is a general agreement among scholars as to the basic features of the traditional law of neutrality. Wani challenges the conventional understanding of the traditional neutrality by re-examining the historical development of the law of neutrality from the sixteenth century to 1945. The modification of the conventional understanding will provide a fundamentally new framework for discussing the current status of neutrality in modern international law.**

Abandoning American Neutrality

Woodrow Wilson and the Beginning of the Great War, August 1914 – December 1915

Springer During the first 18 months of World War I, Woodrow Wilson sought to maintain American neutrality, but as this carefully argued study shows, it was ultimately an unsustainable stance. The tension between Wilson's idealism and pragmatism ultimately drove him to abandon neutrality, paving the way for America's entrance into the war in 1917.

A Treatise on the Military Law of the United States

Together with the Practice and Procedure of Courts-martial and Other Military Tribunals

The Lawbook Exchange, Ltd. Davis, George B. **A Treatise on the Military Law of the United States: Together with the Practice and Procedure of Courts-Martial and Other Military Tribunals. Third Edition, Revised.** New York: John Wiley & Sons, 1915. xv, 813 pp. Reprinted 2007 by The Lawbook Exchange, Ltd. ISBN-13: 978-1-58477-650-5. ISBN-10: 1-58477-650-1. Cloth. \$125.* Reprint of the final edition. Although the title leads one to expect a basic procedural manual, this book goes well beyond its stated purpose to offer a great deal of historical and jurisprudential information. Davis [1847-1914] examines the authority and sources of military law and its relation to civilian law. He also pays close attention to its debt to English military law and custom, some of it dating back to the middle ages. Davis [1847-1914] was Judge-Advocate General of the U.S. Army and Professor of Law at West Point.

Town Meeting

Neutrality, Peace Legislation, and Our Foreign Policy

Hearings Before the Committee on Foreign Relations, United States Senate, Seventy-sixth Congress, First Session : the Following Bills and Resolutions are Pending Before

the Committee for Consideration S.J. Res. 21, S.J. Res. 67, S.J. Res. 97, S.J. Res. 106, S. Con. Res. 8, S. 203, S. 1745

Considers Neutrality Act revisions, including extension of "cash-and-carry" provision requiring foreign governments to pay currency for, and transport, armaments produced in U.S. (expressly prohibiting U.S. bottoms from shipping armaments to belligerents). Also considers restrictions and controls on domestic manufacture of armaments.

Digest of the Reports of the United States Courts and of the Acts of Congress, from the Organization of the Government to July, 1877

Franklin D. Roosevelt and American Foreign Policy, 1932-1945

With a New Afterword

Oxford University Press **Since the original publication of this classic book in 1979, Roosevelt's foreign policy has come under attack on three main points: Was Roosevelt responsible for the confrontation with Japan that led to the attack at Pearl Harbor? Did Roosevelt "give away" Eastern Europe to Stalin and the U.S.S.R. at Yalta? And, most significantly, did Roosevelt abandon Europe's Jews to the Holocaust, making no direct effort to aid them? In a new Afterword to his definitive history, Dallek vigorously and brilliantly defends Roosevelt's policy. He emphasizes how Roosevelt operated as a master politician in maintaining a national consensus for his foreign policy throughout his presidency and how he brilliantly achieved his policy and military goals.**
