The Highlanders

A Tale; Vol. I

*Gale ECCO, Print Editions Nineteenth Century Collections Online: European Literature, 1790-1840: The Corvey Collection includes the full-text of more than 9,500 English, French and German titles. The collection is sourced from the remarkable library of Victor Amadeus, whose Castle Corvey collection was one of the most spectacular discoveries of the late 1970s. The Corvey Collection comprises one of the most important collections of Romantic era writing in existence anywhere -- including fiction, short prose, dramatic works, poetry, and more -- with a focus on especially difficult-to-find works by lesser-known, historically neglected writers. The Corvey library was built during the last half of the 19th century by Victor and his wife Elise, both bibliophiles with varied interests. The collection thus contains everything from novels and short stories to belles lettres and more populist works, and includes many exceedingly rare works not available in any other collection from the period. These invaluable, sometimes previously unknown works are of particular interest to scholars and researchers. European Literature, 1790-1840: The Corvey Collection includes: * Novels and Gothic Novels * Short Stories * Belles-Lettres * Short Prose Forms * Dramatic Works * Poetry * Anthologies * And more Selected with the guidance of an international team of expert advisors, these primary sources are invaluable for a wide range of academic disciplines and areas of study, providing never before possible research opportunities for one of the most studied historical periods. A deeply personal story that will move you to laugh and cry in equal measure.

The Anthroposophical Soul Calendar and the Incarnation Cycle of Man

The Spiritual Archetype underlying the Soul Calendar

[BoD - Books on Demand](#) This book takes a completely new look at the Anthroposophical Soul Calendar. It is about the deeper meaning of the fifty-two weekly verses, which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner. A dense veil of Isis was spread over them, of which is well known that no mortal person can lift it. Only the immortal, psycho-spiritual human being, who knows himself at home in the extrasensory, higher worlds, is capable of doing this. Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual-cosmic realms until he reaches the experience of God, from where he gradually descends again into a new life on Earth, enriched in spirit and fertilized in his soul. If the reader embarks on this journey, the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ. By many quotations from Rudolf Steiner's lectures and books, the author virtually lets Steiners himself elucidate the breathtaking depths of his mysterious weekly verses.

Pressure Vessels

If Jesus Had a Dog

For almost two thousand years, there have been countless books written about our Lord; books by the authors of the four Gospels and the early church fathers, which tell of his words, his actions, and his miracles; books which tell of how he changed the lives of the authors and how he continues to change lives of their readers; and books which build on what he said and did called historical novels. I guess that this little short story is one of those. What If Jesus Did Have a Dog? One night, when I couldn't sleep, a very strange thought came to me. For some reason, I began to wonder, whether or not, Jesus may have had a dog. I've had a number of wonderful dogs in my life, and I can't think of a better pet, or a more loving friend. I once saw a comment written on a wall that said, "God spelled backwards is still your best friend." Dogs, like God himself, love unconditionally. And like God, they are always ready to forgive us. Even many centuries ago, dogs were held in great esteem by many people. The wealthy and powerful kept dogs mostly for protection, but ordinary people believed that dogs could be wonderful helpers and companions, as well as dear friends. This is a story about the birth of Jesus and the dog that he may have had.

[Cherry Lake](#) Bugs and insects have always fascinated children. This book in the Creepy Crawly Critters series introduces young readers to ants. Readers can discover physical characteristics, habitat, diet, and more.

The Veiled Suite

The Collected Poems

[Penguin UK](#) Blended with the intricacies of European and Urdu traditional cultures, the poetic works of Agha Shahid Ali had the power to transform the ordinary into something extraordinary. The Veiled Suite: The Collected Poems is an anthology of his life works that spans to thirty years of his career as a poet and six successful volumes that he had the chance to publish during his lifetime. This book opens with his last poetic composition The Veiled Suite: The Collected Poems, a canzone, which was published posthumously. He had penned this poem a year prior to his death. This book contains some of his famous poems like Postcard from Kashmir, A Lost Memory of Delhi, Snowmen, Cracked Portraits, Story of a Silence, Poets on Bathroom Walls, Now No Longer Little, Medusa, The Blessed Word: A prologue, Some Visions of the World Cashmere, New Delhi Airport, I have Loved, and many more remarkable poems. From his early works to his mature translations of Ghazals, the readers can evidently see his progression from his directly descriptive poetic works to the dynamic and stratified compositions of his later collections in this book. This is the underlying factor that adds to make The Veiled Suite: The Collected Poems, the ultimate book for his fans.

CONCISE HISTOLOGY

[CRC Press](#) This text covers the basic facts and interpretation of microscopic anatomy. It emphasizes the relationship and concepts by which cell and tissue structure are inextricably linked with their function. Numerous photomicrographs and electron micrographs should amplify the text and remind the user of the laboratory basis of the study of histology. An atlas section containing 105 color plates is also included. Emphasis on diagrams, illustrations, and charts that summarize morphologic and functional features of cells, tissues, and organs, and inclusion of clinical correlations in each chapter to further illustrate the direct application of basic histological information to diagnosis, prognosis, pathobiology, and clinical aspects of disease, should appeal to students, who are anxious to see how the basic sciences taught in the first two years of medical school relate to the clinical aspects thereafter.

Weedopedia
