KEY=AND - ALVARO OSCAR

International Human Rights and Indigenous Peoples 2010

Aspen Publishing **This exciting book is the only one of its kind. International Human Rights and Indigenous Peoples (Aspen Elective Series) will be the first published compilation of materials and commentary intended for use in courses focusing on the subject of indigenous peoples within the international human rights system. S. James Anaya, co-author of the well-known casebook, International Human Rights: Problems of Law, Policy and Practice, uses carefully edited material from varied sources to illustrate the major issues facing indigenous peoples today. This unique addition to the Elective Series features: complete or edited versions of all the major contemporary international documents concerning indigenous peoples--declarations, treaties, decisions, and interpretive statements by international human rights and other institutions on the topic--placed in the context of relevant historical antecedents. materials highlighting the major issues concerning indigenous peoples, including issues of self-determination, culture, lands and**

resources, collective rights, state responsibility for historical wrongs, and the meaning of the "indigenous" rubric. The issues are then linked to actual cases concerning or situations faced by indigenous groups. edited materials from a range of authors along with insightful commentary providing in-depth discussion of the issues and developments discussion of the international and domestic mechanisms by which human rights norms concerning indigenous peoples are implemented. This provides students with an understanding of the practical implications of the norms and their potential strategic value. background material on the authority and workings of the various international institutions that are addressing indigenous issues, enabling students to understand the legal or political significance of the relevant developments and place those developments within the broader context of the international human rights system An invaluable resource for any course dealing with international human rights, *International Human Rights and Indigenous Peoples (Aspen Elective Series)* has just the right mix of institutional and case material, historical background and recent developments, and perceptive commentary.

Incorporating Indigenous Rights in the International Regime on Biodiversity Protection

Access, Benefit-sharing and Conservation in Indigenous Lands

BRILL In *Incorporating Indigenous Rights in the International Regime on Biodiversity Protection*, Federica Cittadino convincingly interprets the Convention on Biological Diversity (CBD) and its related instruments in light of indigenous rights and the principle of self-determination.

Indigenous Land Rights in the Inter-American System Substantive and Procedural Law

BRILL Rights to their traditional lands and resources are essential to the survival of indigenous peoples. This book analyzes the substance and procedure of the most advanced system of safeguarding these rights, developed in the Inter-American system of human rights protection.

Cultural Heritage and International Law

Objects, Means and Ends of International Protection

Springer This book explores the objects, means and ends of international cultural heritage protection. It starts from a broad conception of cultural heritage that encompasses both tangible property, such as museum objects or buildings, and intangible heritage, such as languages and traditions. Cultural heritage thus defined is protected by various legal regimes, including the law of armed conflicts, UNESCO Conventions and international criminal law. With a view to strengthening international protection, the authors analyze existing regimes and elaborate innovative concepts, such as blue helmets of culture and safe havens for endangered cultural heritage. Finally, the ends of international protection come to the fore, and the authors address possible conflicts between protecting cultural diversity and wishes to strengthen cultural identity.

Philosophical Foundations of Human Rights

Oxford University Press Readership: This book would be suitable for students, academics and scholars of law, philosophy, politics, international relations and economics

Handbook of Indigenous Peoples' Rights

Routledge This handbook will be a comprehensive interdisciplinary overview of indigenous peoples' rights. Chapters by experts in the field will examine legal, philosophical, sociological and political issues, addressing a wide range of themes at the heart of debates on the rights of indigenous peoples. The book will address not only the major questions, such as 'who are indigenous peoples? What is distinctive about their rights? How are their rights constructed and protected? What is the relationship between national indigenous rights regimes and international norms? but also themes such as culture, identity, genocide, globalization and development, rights institutionalization and the environment.

When Environmental Protection and Human Rights Collide

Cambridge University Press The book illuminates the nature, extent, and political implications of normative conflicts between environmental protection laws and human rights.

Public Participation and Foreign Investment Law

From the Creation of Rights and Obligations to the Settlement of Disputes

BRILL Public Participation and Foreign Investment Law critically discusses the different forms of public participation that can be found or envisaged in foreign investment law. It provides the first systematic treatment of public participation in foreign investment law in its main forms and from different perspectives.

Country Reports on Human Rights Practices

Report Submitted to the Committee on Foreign Affairs, U.S. House of Representatives and Committee on Foreign Relations, U.S. Senate by the Department of State in Accordance with Sections 116(d) and 502B(b) of the Foreign Assistance Act of 1961, as Amended

Understanding Central America

Global Forces and Political Change

Routledge In this seventh edition, John A. Booth, Christine J. Wade, and Thomas W. Walker update a classic in the field which invites students to explore the histories, economies, and politics of Costa Rica, Nicaragua, El Salvador, Guatemala, and Honduras. Covering the region's political and economic development from the early 1800s onward, the authors bring the Central American story up to date. New to the 7th Edition: Analysis of trends in human rights performance, political violence, and evolution of regime types; Updated findings from surveys to examine levels of political participation and support for democratic norms among Central Americans; Historical and current-era material on indigenous peoples and other racial minorities; Discussion of popular attitudes toward political rights for homosexuals, and LGBTQ access to public services; Discussion of women's rights and access to reproductive health

services, and women's integration into elective offices; Tracing evolving party systems, national elections, and US policy toward the region under the Obama and Trump administrations; Central America's international concerns including Venezuela's shrinking role as an alternative source of foreign aid and antagonist to US policy in the region, and migration among and through Central American nations. *Understanding Central America* is an ideal text for all students of Latin American politics and is highly recommended for courses on Central American politics, social systems, and history.

Can Human Rights Survive?

Cambridge University Press In this 2006 book, Conor Gearty confronts the challenges that may destroy the language of human rights for future generations.

Perspectives on the right to development

Pretoria University Law Press The last couple of decades has not only witnessed an increased convergence between human rights and development but also a significant shift towards rights-based approaches to development, including especially responsiveness to the fact that development in itself is a human right guaranteed to be enjoyed by all peoples. This edited volume of peer-reviewed papers constitutes the first product resulting from the annual international conference series on the right to development, organised by the Centre for Human Rights, University of Pretoria, and the Thabo Mbeki African Leadership Institute at the University of South Africa. It explores the complex nature of the right to development from a diversified perspective, including from a conceptual, thematic, country and regional points of view. Conceived with the purpose to overshadow dominant economic growth approaches to development, the perspectives on the right to development articulated in this publication seek to locate the developmentalist discourse within the framework of accountability and people-centred development programming, necessitating appropriate policy formulation to ensure the constant improvement in human well-being. The book is written with the aim to reach out to researchers, academics, practitioners and policy makers who desire an in-depth understanding of the right to development as it applies universally.

Traditional Customary Laws and Indigenous Peoples in Asia

BRILL

Psychiatric & Mental Health Nursing for Canadian Practice

Lippincott Williams & Wilkins **Thoroughly written, extensively updated, and optimized for today's evolving Canadian healthcare environment, *Psychiatric & Mental Health Nursing for Canadian Practice*, 5th Edition, equips students with the fundamental knowledge and skills to effectively care for diverse populations in mental health nursing practice. This proven, approachable text instills a generalist-level mastery of mental health promotion, assessment, and interventions in adults, families, children, adolescents, and older adults, delivering Canadian students the preparation they need to excel on the NCLEX® exam and make a confident transition to clinical practice.**

Social Work

Innovations and Insights

Australian Scholarly Publishing **Social Work Innovations and Insights** critically reflects on social work education, research and practice. Experienced educators and practitioners offer fresh insights into the conceptualisation of social work, exploring virtues in social work, culturally responsive practice, post-conventional and eco-social paradigms. Creative approaches to pedagogy, curriculum development and delivery in social work education are also presented, in the context of field education, human rights, international mobility and wellbeing. In addition, examples of innovative, applied social work practice are explored including mental health, ageing, multicultural practice, wellbeing at work and the role of hope in crises and service provision.

Investing in Corporate Social Responsibility

A Guide to Best Practice, Business Planning & the UK's Leading Companies

Kogan Page Publishers **The rapid growth of ethical investment funds** reflects a growing desire for investors to back socially responsible companies. This book explains the issues and benefits of corporate social responsibility, in the context of the UK companies that are currently quoted on the prestigious FTSE4Good index.

International Law as Social Construct

The Struggle for Global Justice

OUP Oxford **The book distils and articulates international law as a social construct.** It does so by analysing its social foundations, essence, and roots in practical and socially workable (as opposed to 'pure') reason. In addition to well-known doctrines of jurisprudence and international law, it draws upon psycho-analytic insights into the origins and

nature of law, as well as philosophical social constructivism. The work suggests that seeing law as a social construct is crucial to our understanding of international law and to the struggle to create better working rules. The book re-conceptualizes both past and new doctrines of international law as 'constructs', namely, as strategies of concomitantly de-mythologizing and re-mythologizing international law. Key areas of international law, including subjects, sources, hierarchy, values, and remedies, are shown to be part of this process. The social impact on international law of transnational actors and stakeholders, normative fragmentation, global justice, legitimacy of both rules and players, dynamics and hierarchization of norms, compliance and implementation in municipal law is also extensively investigated. Five basic values of the international community, namely security, humanity, wealth, environment, and knowledge, are explored by stressing their inter- and intra-tensions. Finally, the analysis is extended to the role that international courts play in the prosecution of heads of state and other transnational players who violate international law.

Martinus Nijhoff Publishers

World Report 2019

Events of 2018

Seven Stories Press **The best country-by-country assessment of human rights. The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.**

The Amazon from an International Law Perspective

Cambridge University Press **With a vast river network and rainforests extending over eight South American countries, the Amazon plays a vital role particularly in maintaining biodiversity and terrestrial carbon storage. Due to its ecological characteristics, the Amazon benefits not only those countries but also the international community at large. However, the Amazon forests are being rapidly cleared with a consequent loss of biodiversity and impact on global climate. This book examines whether international law has an impact on the preservation of the Amazon by inquiring into the forms of cooperation that exist among the Amazon countries, and between them and the international community, and to what extent international cooperation can help protect the Amazon. Given the role of this region in maintaining the balance of the global environment, the book examines whether the Amazon should be granted a special legal status and possible implications in terms of international cooperation.**

The impact of the African Charter and the Maputo Protocol in selected African states

PULP **The year 2016 was declared by the African Union as the African 'Year of Human Rights with Particular Focus on the Rights of Women' to commemorate and celebrate significant milestones in the realisation of human rights on the African continent. The year marks the 35th anniversary of the adoption of the African Charter on Human and Peoples' Rights (African Charter), 30th year since coming into force of the African Charter and 10 years since the inauguration of the African Court on Human and Peoples' Rights. Since its adoption, the African Charter has been supplemented by the Protocol on the Rights of Women in Africa (Maputo Protocol). All AU member states (with the exception of new comer South Sudan) are state parties to the African Charter, and 36 of them have accepted the Maputo Protocol. This book assesses the impact and effectiveness of the African Charter and the Maputo Protocol in 17 African countries, namely Burkina Faso, Cameroon, Côte d'Ivoire, Ethiopia, Gambia, Ghana, Kenya, Lesotho, Malawi, Mauritius, Nigeria, Sierra Leone, South Africa, Swaziland, Tanzania, Uganda and Zimbabwe. The book is the result of research conducted by selected alumni of the Centre for Human Rights' LLM in Human Rights and Democratisation in Africa programme.**

Rethinking the Racial Moment

Essays on the Colonial Encounter

Cambridge Scholars Publishing In recent years 'race' has fallen out of historiographical fashion, being eclipsed by seemingly more benign terms such as 'culture,' 'ethnicity' and 'difference.' This timely and highly readable collection of essays re-energises the debate by carefully focusing our attention on local articulations of race and their intersections with colonialism and its aftermath. In *Rethinking the Racial Moment: Essays on the Colonial Encounter* Alison Holland and Barbara Brookes have produced a collection of studies that shift our historical understanding of colonialism in significant new directions. Their generous and exciting brief will ensure that the book has immediate appeal for multiple readers engaged in critical theory, as well as those more specifically involved in Australian and New Zealand history. Collectively, they offer new and invigorating approaches to understanding colonialism and cultural encounters in history via the interpretive (not merely temporal) frame of 'the moment.'

Indigenous Peoples, Human Rights and Global Interdependence

The Grip of Sexual Violence in Conflict

Feminist Interventions in International Law

Stanford University Press Contemporary feminist advocacy in human rights, international criminal law, and peace and security is gripped by the issue of sexual violence in conflict. But it hasn't always been this way. Analyzing feminist international legal and political work over the past three decades, Karen Engle argues that it was not inevitable that sexual violence in conflict would become such a prominent issue. Engle reveals that as feminists from around the world

began to pay an enormous amount of attention to sexual violence in conflict, they often did so at the cost of attention to other issues, including the anti-militarism of the women's peace movement; critiques of economic maldistribution, imperialism, and cultural essentialism by feminists from the global South; and the sex-positive positions of many feminists involved in debates about sex work and pornography. *The Grip of Sexual Violence in Conflict* offers a detailed examination of how these feminist commitments were not merely deprioritized, but undermined, by efforts to address the issue of sexual violence in conflict. Engle's analysis reinvigorates vital debates about feminist goals and priorities, and spurs readers to question much of today's common sense about the causes, effects, and proper responses to sexual violence in conflict.

OECD Public Governance Reviews Open Government Review of Brazil Towards an Integrated Open Government Agenda

Towards an Integrated Open Government Agenda

OECD Publishing **The Open Government Review of Brazil provides an evidence-based assessment of the country's open government agenda against the ten provisions of the OECD Recommendation of the Council on Open Government.**

We, The People(s)

Participation in Governance

Victoria University Press **The analyses in this book focus on the participation of the people within New Zealand's system of government. The chapters provide a thorough examination of the government's size, accessibility, structure, electoral system, and active committees in order to explain trends in the participation of sub-state actors, such as**

indigenous peoples and other minority groups.

Resources in Education

Governance in Nigeria post-1999: Revisiting the democratic 'new dawn' of the Fourth Republic

Pretoria University Law Press **At the start of Nigeria's Fourth Republic on 29 May 1999, there was great optimism as to the emergence of a new democratic future representing a significant break from the political undulations of the past. Two decades and four presidential epochs later, there is a prevalent question as to how well Nigeria has fared in governance and human rights post-1999. This book revisits the democratic 'new dawn' of the Fourth Republic discussing pertinent matters integral to Nigeria's democratic future post-2019.**

Australia's Rural, Remote and Indigenous Health

Elsevier Health Sciences **Australia's Rural, Remote and Indigenous Health 3e is a practical guide to the delivery of health care in rural and remote Australia. Drawing on personal experiences of rural and remote practitioners, historical accounts, literature analysis and epidemiology, this frank and engaging text examines the economic, social and political forces that shape healthcare in rural and remote Australia. With limited current resources to support studies in rural and remote healthcare, this title bridges the gap by offering valuable insights into Indigenous life and social determinants of health through the use of storytelling. It is the perfect guide for anyone working in or planning to work in rural, remote or Indigenous Australia; and for those undertaking cultural studies, or social policy. Only text covering both rural and remote health in Australia Placement preparation with StudentConsult video interviews of experienced rural and remote practitioners providing first-hand experience of rural and remote practice Pause and Think questions provide a framework to apply learned knowledge to practice Pause and think question boxes train the reader to critically assess and apply concepts to practical situations. New Chapter: Working with Indigenous Australians - Written by Shannon Springer, describes how to consult with Indigenous patients and draws on his**

experience in clinical practice. It offers consultation signposts and practical principles for working with Indigenous Australians. **New Chapter: Remote health practice** - Written by Sue Lenthall, this chapter examines the differences and commonalities between the remote communities and then applies this information to a case study on 'a day in the life of a remote area nurse'. It presents a remote client consultation model and a StudentConsult audio consultation between a nurse and a distant doctor, as well as tips for working in remote practice. The audio consultation gives a first-hand account of the experience of a remote area nurse managing an emergency case. Video and audio content - video interviews of experienced rural, remote and Indigenous health practitioners as well as students. The videos contain first-hand experience of rural and remote practice as well as tips to help prepare those new to rural or remote practice.

The Quest for Justice

Aboriginal Peoples and Aboriginal Rights

University of Toronto Press It contains some twenty-three papers from representatives of the aboriginal people's organizations, of governments, and of a variety of academic disciplines, along with introductions and an epilogue by the editors and appendices of the key constitutional documents from 1763.

American Indians at Risk [2 volumes]

ABC-CLIO This essential reference work enables a deeper understanding of contemporary challenges in the lives of American Indians and Alaskan Natives today, carefully reviewing their unique problems and proposing potential solutions. • Provides a current and comprehensive analysis of contemporary problems facing American Indians • Documents the challenges of American Indians, identifies how they are qualitatively different from those of other minority groups in the United States, and presents potential solutions • Evaluates the effectiveness of both proposed and implemented solutions to problems in American Indian culture • Written by experts on American Indian affairs, including many who have lived, worked, and taught in Indian country, and are American Indians themselves

International Labour Conventions and Recommendations

International Labour Organization

The Buried Mirror

Reflections on Spain and the New World

Houghton Mifflin Harcourt **An exploration of Spanish culture in Spain and the Americas traces the social, political, and economic forces that created that culture**

Human Rights as Battlefields

Changing Practices and Contestations

Springer **This book examines human rights as political battlefields, spaces that are undergoing constant changes in which political conflicts are expressed by a translation process within networks of interactions. This translation, in turn, contributes to modifying the scope and understanding of human rights. Ultimately, these battlefields express the legitimacy encounter of different versions of human rights in contemporary political practices. The volume thus challenges both the tendency to minimize the changing nature of human rights as well as the struggles emerging from the use of human rights discourses as a legitimization tool. By shifting the focus on what stakeholders do instead of solely on the origin, nature or foundations of human rights, the authors reveal that human rights are not static objects: they are constantly transformed and, as such, affect the horizon of universal rights.**

Indigenous Peoples and their Right to Political Participation

International Law Standards and their Application in Latin America

Nomos Verlag **Die UN-Gremien betonen zunehmend die Notwendigkeit, die politische Partizipation von indigenen Völkern zu verbessern. Dieses Buch schlägt ein umfassendes Recht auf politische Partizipation für indigene Völker vor, geht der Frage der Anerkennung im Völkerrecht nach und untersucht seine Anwendung in Bolivien und Chile - zwei Fallstudien in Lateinamerika, die unterschiedlich und dennoch ähnlicher als erwartet sind. Als Hauptquellen für die Anerkennung dieses Recht dienen die wichtigsten Grundlagen des internationalen Rechts, einschließlich der Urteile des Interamerikanischen Gerichtshofs für Menschenrechte. Diese Analyse schließt die nicht (rein) rechtlich verbindlichen Ergebnisse internationaler Organisationen, publizistische Abhandlungen und die wissenschaftliche Literatur anderer Disziplinen (Politikwissenschaften, Soziologie und Anthropologie) mit ein. Die zwei Fallstudien dieses Buch decken einen Zeitraum von etwa 10 Jahren (2005-2015) ab und beurteilen die nationale Gesetzgebung und Umsetzung sowie die nationale Rechtsprechung.**

Indigenous Peoples, Postcolonialism, and International Law

The ILO Regime (1919-1989)

Oxford University Press on Demand **Analyses the work of the International Labour Organisation (ILO) in developing the status of indigenous peoples in international law. Focussing on the creation and implementation of the two legally binding international instruments in the area, this book traces the political processes in the struggle of indigenous peoples for legal recognition.**

Land and Cultural Survival

The Communal Rights of Indigenous Peoples in Asia

Asian Development Bank **Development in Asia faces a crucial issue: the right of indigenous peoples to build a better life while protecting their ancestral lands and cultural identity. An intimate relationship with land expressed in communal ownership has shaped and sustained these cultures over time. But now, public and private enterprises encroach upon indigenous peoples' traditional domains, extracting minerals and timber, and building dams and roads. Displaced in the name of progress, indigenous peoples find their identities diminished, their livelihoods gone. Using case studies from Cambodia, India, Malaysia, and the Philippines, nine experts examine vulnerabilities and opportunities of indigenous peoples. Debunking the notion of tradition as an obstacle to modernization, they find that those who keep control of their communal lands are the ones most able to adapt.**

Native Peoples in Struggle

Bombay, N.Y. : E.R.I.N. Publications ; Boston, MA : The Center **Presenting materials on native nations in Central, South and North America. Includes material on the Dene, the Micmacs, the Cree of Alberta, and the Canadian constitution.**

Strengthening Forensic Science in the United States

A Path Forward

National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. **Strengthening Forensic Science in the United States: A Path Forward** provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. **Strengthening Forensic Science in the United States** gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.
