**Clear and Simple as the Truth - Writing Classic Prose** 2e **Clear and Simple as the Truth Writing Classic Prose** Princeton University Press Everyone talks about style, but no one explains it. The authors of this book do; and in doing so, they provoke the reader to consider style, not as an elegant accessory of effective prose, but as its very heart. At a time when writing skills have virtually disappeared, what can be done? If only people learned the principles of verbal correctness, the essential rules, wouldn't good prose simply fall into place? Thomas and Turner say no. Attending to rules of grammar, sense, and sentence structure will no more lead to effective prose than knowing the mechanics of a golf swing will lead to a hole-in-one. Furthermore, ten-step programs to better writing exacerbate the problem by failing to recognize, as Thomas and Turner point out, that there are many styles with different standards. In the first half of **Clear and Simple**, the authors introduce a range of styles--reflexive, practical, plain, contemplative, romantic, prophetic, and others--contrasting them to classic style. Its principles are simple: The writer adopts the pose that the motive is truth, the purpose is presentation, the reader is an intellectual equal, and the occasion is informal. Classic style is at home in everything from business memos to personal letters, from magazine articles to university writing. The second half of the book is a tour of examples--the exquisite and the execrable--showing what has worked and what hasn't. Classic prose is found everywhere: from Thomas Jefferson to Junichirō Tanizaki, from Mark Twain to the observations of an undergraduate. Here are many fine performances in classic style, each clear and simple as the truth. Originally published in 1994. Forthcoming Books **The Road** Pan Macmillan The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, **The Road** is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, **The Road** is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary literature, inaugurated in Picador's 50th Anniversary year. **Scent of a Woman's Ink** Essays This compilation of heretofore uncollected essays shows noted novelist and cultural critic Francine Prose at her most eloquent, incisive, and provocative. When Francine Prose's article, **Scent of a Woman's Ink**--which discussed how women writers are consistently underrepresented among the winners of major American literary awards--appeared in Harper's magazine three years ago, it touched off a storm of debate and counter-arguments, both in print and on the airwaves. In **SCENT OF A WOMAN'S INK: ESSAYS BY FRANCINE PROSE**, that article, along with Prose's equally pithy and incisive writings about the art and politics of writing and its at times jarring intersection with the culture it documents, confirms Prose's place as one of the most readable and relevant cultural critics writing today. From **Learning from Chekhov**, her elegant and considered essay on the art and craft of writing to **A Wasteland of One's Own**, her controversial and much-discussed piece about the commercially created and dumbed-down women's culture for **The New York Times**, Prose's essays are at once instructive and revelatory, and always provocative. **The Turn of the Screw** Prabhat Prakashan **The Turn of the Screw**, first published in 1898, is a novella written by Henry James, who was considered a master of creating best psychological fiction. It is a gothic novel, work of great horror, by one of the most acclaimed authors of the modern European literature. **Leviathan** Strelbytskyy Multimedia Publishing **Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil** is a book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. **Leviathan** is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a

powerful state ("God of the death"). He starts with a postulate about a natural human state ("the war of all against all") and develops the idea "man is a wolf to a man". When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights - to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The book was banned several times in England and Russia. A Christmas Carol Stunning illustrations by award-winning artist Lee Krutop accompany this timeless Christmas story. Each spread features a beautiful pop-up. This book is a special keepsake to be enjoyed and shared with loved ones for many years to come. Current Law Index Golden Hill A Novel of Old New York Simon and Schuster Originally published: Great Britain: Faber & Faber, 2016. Caught between Worlds British Captivity Narratives in Fact and Fiction University Press of Kentucky The captivity narrative has always been a literary genre associated with America. Joe Snader argues, however, that captivity narratives emerged much earlier in Britain, coinciding with European colonial expansion, the development of anthropology, and the rise of liberal political thought. Stories of Europeans held captive in the Middle East, America, Africa, and Southeast Asia appeared in the British press from the late sixteenth through the late eighteenth centuries, and captivity narratives were frequently featured during the early development of the novel. Until the mid-eighteenth century, British examples of the genre outpaced their American cousins in length, frequency of publication, attention to anthropological detail, and subjective complexity. Using both new and canonical texts, Snader shows that foreign captivity was a favorite topic in eighteenth-century Britain. An adaptable and expansive genre, these narratives used set plots and stereotypes originating in Mediterranean power struggles and relocated in a variety of settings, particularly eastern lands. The narratives' rhetorical strategies and cultural assumptions often grew out of centuries of religious strife and coincided with Europe's early modern military ascendancy. Caught Between Worlds presents a broad, rich, and flexible definition of the captivity narrative, placing the American strain in its proper place within the tradition as a whole. Snader, having assembled the first bibliography of British captivity narratives, analyzes both factual texts and a large body of fictional works, revealing the ways they helped define British identity and challenged Britons to rethink the place of their nation in the larger world. The Casebooks of Captain Holloway: The Disappearance of Tom Pile Random House On a bitterly cold winter's night in 1900, a young boy disappears without trace from the forest near his home in the quiet village of Litton Cheney. He is never found, but the man he was with claims he was snatched by angels. Forty years later, Corporal Jack Carmody is sent to investigate strange reports of mysterious lights above Litton Cheney. The villagers suspect German bombers overhead, but Carmody knows there's something far more intriguing going on. And when a terrified boy appears in the graveyard, convinced it's the year 1900, it's up to Carmody and his boss - the charismatic Captain Holloway - to uncover the truth. Gates of Fire An Epic Novel of the Battle of Thermopylae Random House Go tell the Spartans, stranger passing by, That here, obedient to their laws, we lie. Nearly 2,500 years ago, in 480BC, at a bleak pass in a far-flung corner of eastern Greece, three hundred Spartan warriors faced the army of Xerxes Akhenaten Dweller in Truth A Novel Anchor From the winner of the Nobel Prize for Literature and author of the Cairo Trilogy, comes Akhenaten, a fascinating work of fiction about the most infamous pharaoh of ancient Egypt. In this beguiling novel, originally published in Arabic in 1985, Mahfouz tells with extraordinary insight the story of the "heretic pharaoh," or "sun king,"--the first known monotheistic ruler--whose iconoclastic and controversial reign during the 18th Dynasty (1540-1307 B.C.) has uncanny resonance with modern sensibilities. Narrating the novel is a young man with a passion for the truth, who questions the pharaoh's contemporaries after his horrible death--including Akhenaten's closest friends, his most bitter enemies, and finally his enigmatic wife, Nefertiti--in an effort to discover what really happened in those strange, dark days at Akhenaten's court. As our narrator and each of the subjects he interviews contribute their version of Akhenaten, "the truth" becomes increasingly evanescent. Akhenaten encompasses all of the contradictions his subjects see in him: at once cruel and empathic, feminine and barbaric, mad and divinely inspired, his character, as Mahfouz imagines him, is eerily modern, and fascinatingly ethereal. An ambitious and exceptionally lucid and accessible book, Akhenaten is a work only Mahfouz could render so elegantly, so irresistibly. King of the Wind Simon and Schuster Sham and the stable boy Agba travel from Morocco to France to England where, at last, Sham's majesty is recognized and he becomes the "Godolphin Arabian," ancestor of the most superior Thoroughbred horses. Marjorie Morningstar Little, Brown Now hailed as a "proto-feminist classic" (Vulture), Pulitzer Prize winner Herman Wouk's powerful coming-of-age novel about an ambitious young woman pursuing her artistic dreams in New York City has been a perennial favorite since it was first a bestseller in the 1950s. A starry-eyed young beauty, Marjorie Morgenstern is nineteen years old when she leaves home to accept the job of her dreams--working in a summer-stock company for Noel Airman, its talented and intensely charismatic director. Released from the social constraints of her traditional Jewish family, and thrown into the glorious, colorful world of theater, Marjorie finds herself entangled in a powerful affair with the man destined to become the greatest--and the most destructive--love of her life. Rich with humor and poignancy, Marjorie Morningstar is a classic love story, one that spans two continents and two decades in the life of its heroine. It was only when the identity of the couple was revealed in the English press a fortnight later that the full story emerged. The man, Henry Sackville-West, had shot himself minutes after the death of his wife from cancer; but Henry's suicidal despair had been driven equally by the failure of his claim to be the legitimate son of Lord Sackville and heir to Knole. *The Disinherited* reveals the secrets and lies at the heart of an English dynasty, unravelling the parallel lives of Henri's four illegitimate siblings: in particular his older sister, Victoria, who on becoming Lady Sackville and mistress of Knole, by marriage, consigned her brothers and sisters to lives of poverty and disappointment. *The Truth Is a Cave in the Black Mountains* Hachette UK Neil Gaiman's award-winning novella *The Truth is a Cave in the Black Mountains* is a haunting story of family, the otherworld, and a search for hidden treasure, and was serialised on BBC Radio 4's *Book at Bedtime* in November 2015. The text of *The Truth Is a Cave in the Black Mountains* was first published in the collection *Stories: All New Tales* (Headline, 2010). This gorgeous full-colour illustrated book version was born of a unique collaboration between writer Neil Gaiman and artist Eddie Campbell, who brought to vivid life the characters and landscape of Gaiman's story. In August 2010, *The Truth is a Cave in the Black Mountains* was performed in the concert hall of the Sydney Opera House to a sell-out crowd - Gaiman read his tale live as Campbell's magnificent artwork was presented, scene by scene, on large screens. The 19th Wife A Novel Random House Faith, I tell them, is a mystery, elusive to many, and never easy to explain. Sweeping and lyrical, spellbinding and unforgettable, David Ebershoff's The 19th Wife combines epic historical fiction with a modern murder mystery to create a brilliant novel of literary suspense. It is 1875, and Ann Eliza Young has recently separated from her powerful husband, Brigham Young, prophet and leader of the Mormon Church. Expelled and an outcast, Ann Eliza embarks on a crusade to end polygamy in the United States. A rich account of a family's polygamous history is revealed, including how a young woman became a plural wife. Soon after Ann Eliza's story begins, a second exquisite narrative unfolds-a tale of murder involving a polygamist family in present-day Utah. Jordan Scott, a young man who was thrown out of his fundamentalist sect years earlier, must reenter the world that cast him aside in order to discover the truth behind his father's death. And as Ann Eliza's narrative intertwines with that of Jordan's search, readers are pulled deeper into the mysteries of love and faith. Praise for The 19th Wife "This exquisite tour de force explores the dark roots of polygamy and its modern-day fruit in a renegade cult . . . Ebershoff brilliantly blends a haunting fictional narrative by Ann Eliza Young, the real-life 19th "rebel" wife of Mormon leader Brigham Young, with the equally compelling contemporary narrative of fictional Jordan Scott, a 20-year-old gay man. . . . With the topic of plural marriage and its shattering impact on women and powerless children in today's headlines, this novel is essential reading for anyone seeking understanding of the subject."—Publishers Weekly (starred review) The Secret of the Yellow Death A True Story of Medical Sleuthing Houghton Mifflin Harcourt "Extremely interesting . . . Young people interested in medicine or scientific discovery will find this book engrossing, as will history students" (School Library Journal). [He had] a fever that hovered around 104 degrees. His skin turned yellow. The whites of his eyes looked like lemons. Nauseated, he gagged and threw up again and again . . . Here is the true story of how four Americans and one Cuban tracked down a killer, one of the world's most vicious plagues: yellow fever. Journeying to fever-stricken Cuba in the company of Walter Reed and his colleagues, the reader feels the heavy air, smells the stench of disease, hears the whine of mosquitoes biting human volunteers during surreal experiments. Exploring themes of courage, cooperation, and the ethics of human experimentation, this gripping account is ultimately a story of the triumph of science. "[A] powerful exploration of a disease that killed 100,000 U.S. citizens in the 1800s." —Kirkus Reviews Includes photos The First Bohemians Life and Art in London's Golden Age Penguin UK The colourful, salacious and sumptuously illustrated story of Covent Garden - the creative heart of Georgian London - from Wolfson Prize-winning author Vic Gatrell SHORT-LISTED FOR THE HESSELL TILTMAN PRIZE 2014 In the teeming, disordered, and sexually charged square half-mile centred on London's Covent Garden something extraordinary evolved in the 18th century. It was the world's first creative 'Bohemia'. The nation's most significant artists, actors, poets, novelists, and dramatists lived here. From Soho and Leicester Square across Covent Garden's Piazza to Drury Lane, and down from Long Acre to the Strand, they rubbed shoulders with rakes, prostitutes, market people, craftsmen, and shopkeepers. It was an often brutal world full of criminality, poverty and feuds, but also of high spirits, and was as culturally creative as any other in history. Virtually everything that we associate with Georgian culture was produced here. Vic Gatrell's spectacular new book recreates this time and place by drawing on a vast range of sources, showing the deepening fascination with 'real life' that resulted in the work of artists like Hogarth, Blake, and Rowlandson, or in great literary works like The Beggar's Opera and Moll Flanders. The First Bohemians is illustrated by over two hundred extraordinary pictures, many rarely seen, for Gatrell celebrates above all one of the most fertile eras in Britain's artistic history. He writes about Joshua Reynolds and J. M. W. Turner as well as the forgotten figures who contributed to what was a true golden age: the men and women who briefly dazzled their contemporaries before being destroyed - or made - by this magical but also ferocious world. About the author: Vic Gatrell's last book, City of Laughter, won both the Wolfson Prize for History and the PEN Hessel-Tiltman Prize; his The Hanging Tree won the Whitfield Prize of the Royal Historical Society. He is a Life Fellow of Caius College, Cambridge. Language, Mind and Nature Artificial Languages in England from Bacon to Locke Cambridge University Press The first reconstruction of the artificial language movement in seventeenth-century England. But when Lisa's husband asks Master Leonardo da Vinci to paint a portrait of Lisa, Bellina finds herself tasked with hiding an impossible secret. France, 1939: As the Nazis close in on Paris at the dawn of World War II, a young archivist, Anne Guichard, helps the frantic Louvre staff spirit away the Mona Lisa and other priceless works of art to hiding places in the French countryside. Just Deserts Debating Free Will John Wiley & Sons The concept of free will is

profoundly important to our self-understanding, our interpersonal relationships, and our moral and legal practices. If it turns out that no one is ever free and morally responsible, what would that mean for society, morality, meaning, and the law? *Just Deserts* brings together two philosophers - Daniel C. Dennett and Gregg D. Caruso - to debate their respective views on free will, moral responsibility, and legal punishment. In three extended conversations, Dennett and Caruso present their arguments for and against the existence of free will and debate their implications. Dennett argues that the kind of free will required for moral responsibility is compatible with determinism - for him, self-control is key; we are not responsible for becoming responsible, but are responsible for staying responsible, for keeping would-be puppeteers at bay. Caruso takes the opposite view, arguing that who we are and what we do is ultimately the result of factors beyond our control, and because of this we are never morally responsible for our actions in the sense that would make us truly deserving of blame and praise, punishment and reward. *Just Deserts* introduces the concepts central to the debate about free will and moral responsibility by way of an entertaining, rigorous, and sometimes heated philosophical dialogue between two leading thinkers. *Imaginary Conversations The Love Affairs of Lord Byron* DigiCat Lord Byron's affairs started in his college times. The book begins with the earliest love stories between the future world-known poet and his girlfriends and follows through all the meaningful relationships of his life. Lord Byron traveled a lot, and almost each of his trips was marked by a new romance. His beloved women came from Cambridge, Southwell, Spain, France, Geneva, Venice, Pisa, and Greece. A fascinating account of the incredible love life of an extraordinary personality.
