University of Chicago Press A collection of poetry spanning the career of distinguished poet Michael Collier. Whether Michael Collier is writing about an airline disaster, a friendship with a disgraced Catholic bishop, his father's encounter with Charles Lindbergh, Lebanese beekeepers, a mother's sewing machine, or a piano in the woods, he does so with the syntactic verve, scrupulously observed detail, and a flawless ear that has made him one of America's most distinguished poets. These poems cross expanses, connecting the fear of missing love and the bliss of holding it, the ways we speak to ourselves and language we use with others, and deep personal grief and shadows of world history. The Missing Mountain brings together a lifetime of work, chronicling Collier's long and distinguished career as a poet and teacher. These selections, both of previously published and new poems, chart the development of Collier's art and the cultivations of his passions and concerns.

**HARDWIRED**

---

Night Shade ears ago, the last desperate hopes of Earth were crushed as corporate Orbital blocs ruling from on high devastated the planet's face. Today, the autocratic Orbitals indulge in decadent luxury far above the mudboys, dirtgirls, zonedancers, and buttonheads who live out violent lives of electronic distraction and dependence amid the flooded, ruined cities and teeming slums of a balkanized America. But there are heroes; those who would stand against the Orbital powers and keep freedom's cause alive. Two such heroes are the metal-eyed ex-fighter pilot turned panzer-driver Cowboy, and Sarah, the cybernetic assassin desperate to find a better life for her drug-addicted brother. Together, Cowboy and Sarah embark on a high-octane odyssey across the shattered face of the American west. From Walter Jon Williams comes Hardwired, the hard-hitting, seminal classic that feels as prescient today as when it was first published. Like a steel-guitar fueled Damnation Alley, as directed by Sam Peckinpah, Hardwired demonstrates how Williams's singular vision helped defined the cyberpunk genre. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.
